## INTRODUCTION

### [Commentary:

The *Health Insurance Act* and, to a lesser extent, the *Integrated Community Health Services Centres Act, 2023* and the *Commitment to the Future of Medicare Act, 2004*, provide the legal foundation and framework for the *Schedule* of Benefits for Physician Services (“the *Schedule*”).

The *Schedule* lists services insured by *OHIP* and includes the General Preamble (which impacts all physicians), Consultations and Visits section (which applies to all specialties) and specific system and/or specialty sections (including specialty preambles).

The General Preamble provides details about billing requirements for all physicians as follows:

The initial **Definitions Section (GP2)** begins with general definitions of key terms and phrases used in the *Schedule*. Those terms and phrases are italicized throughout the General Preamble as an indication that further information is available in the Definitions Section. The second group of defined terms refers specifically to maximums, minimums, and time or unit-based services.

The information provided in the **General Information Section (GP8)** is the foundation for the remainder of the General Preamble. A variety of subjects are reviewed as detailed in the table of contents. This is followed by the **Constituent and Common Elements of Insured Services (GP13)**. Next is the section which lists the **Specific Elements of Assessments (GP15)**. The next section provides information on **Consultations and Assessments (GP16)** followed by the section regarding services provided only in **Hospitals and Other Institutions (GP40)**.

The next section focuses on psychotherapy, counselling, and related services, followed by a similar review of services that involve interviews. The remaining sections include special visits, surgical assistants’ services, anaesthesiologists’ services, and others as listed in the table of contents.]

Additional information including the requirements for performing the *technical component* is found in the individual preambles to the applicable sections of the schedule.]

**transferral** permanent or temporary complete transfer of the responsibility for the care of the patient from one physician to another

**[Commentary:**

A *transferral* occurs, for example, where the first physician is leaving temporarily on *holidays* and is unable to continue to treat the patient.]

**uninsured service** a service that is not prescribed as “insured” under the Act

**with or without** when “with or without” are used in the description of a listed service, all of the other services, or elements of, or components of insured services that are referred to following the terms “with or without”, and that are performed in conjunction with the listed service are optional, but when rendered are insured and are included in the amount payable for the listed service

# GENERAL PREAMBLE

## DEFINITIONS

### MAXIMUMS, MINIMUMS AND TIME OR UNIT-BASED SERVICES

In this Schedule when the amount payable for a service is described:

- a. In terms of a maximum number of services without reference to a specific time period to which the maximum applies, this means that the maximum refers to a maximum number of services per patient per day. Those services rendered to the same patient on the same day in excess of the maximum for that patient on that day are *not eligible for payment*.
- b. In terms of a maximum number of services with reference to a specific time period to which the maximum applies, the services are calculated per patient and the number of services is based upon services rendered chronologically. Those services rendered to the same patient during that specific time period in excess of the maximum for that patient are *not eligible for payment*.
- c. In terms of a maximum with reference to a specific part of the anatomy, this means a maximum number of services per patient per day. Those services rendered in excess of the maximum for that specific part of the anatomy per patient on that day are *not eligible for payment*.
- d. In terms of a minimum number of services without reference to a specific time period to which the minimum applies, this means that the minimum refers to a minimum number of services per patient per day. With the exception of those services listed in the “Diagnostic Radiology” section of the Schedule or unless specifically stated otherwise, where less than the number of services required to satisfy the minimum are rendered, the services are *not eligible for payment*.
- e. In terms of “repeat” or “repeats”, except with respect to repeat consultations or unless otherwise stated, this means the same service(s) is rendered to the same patient by the same physician on the same day.
- f. In terms of a minimum required duration of time, the physician must record on the patient’s permanent medical record or chart the time when the insured service started and ended. If the patient’s permanent medical record or chart does not include this required information, the service is *not eligible for payment*.
- g. Based upon the number of “units” of service rendered, the physician must record on the patient’s permanent medical record or chart the time when the insured service started and ended. If the patient’s permanent medical record or chart does not include this required information, the service is *not eligible for payment*.

## GENERAL INFORMATION

### **[Commentary: Services Insured by OHIP**

The Schedule is established under section 37.1 of regulation 552 under the Act. The fees listed are the amounts payable by *OHIP* for insured services. Insured services under the Act are limited to those which are listed in this Schedule, medically necessary, are not otherwise excluded by legislation or regulation, and are rendered personally by physicians or by others delegated to perform them where such delegation is authorized in accordance with the Schedule requirements for delegated services.

Some services are specifically listed as uninsured in regulation 552, section 24 of the Act (see Appendix A), such as a service that is solely for the purpose of altering or restoring appearance. Other services may be uninsured depending on the circumstances. An example of a service which is uninsured in limited circumstances is psychotherapy, which is uninsured where it is a requirement for the patient to obtain a diploma or degree or to fulfill a course of study. Other examples of commonly *uninsured services* include missed appointments or procedures, circumcision except if medically necessary, and certain services rendered and documents and forms completed in connection with non-medically necessary requests (e.g. life insurance application).]

### **[Commentary: Modifications to the Schedule**

Under agreement between the *MOH* and the *OMA*, additions, deletions, fee changes, or other modifications to the Schedule, are made by the *MOH* following consultation and/or negotiation with the *OMA*. Physicians who wish to have modifications to the Schedule considered should submit any proposals to the Physician Payment Committee (PPC) through the appropriate clinical section of the *OMA*.

In the situation where a new therapy or procedure is being introduced into Ontario, and the physicians performing the new therapy or procedure wish to have a new fee item inserted into the Schedule, the following process is recommended.

An application for a new fee related to the new therapy or procedure should be submitted by the appropriate section(s) of the *OMA* to the PPC for consideration, with documentation supporting the introduction of this item into the Schedule. The PPC will advise *OHIP* whether or not this new therapy is experimental. If the PPC and the *MOH* agree that the item is experimental, the service is deemed uninsured (in accordance with section 24 of regulation 552 under the Act), and will not be introduced into the Schedule. If the *MOH*, on the advice of the PPC, determines that the new therapy or procedure is not experimental, the fee application will be handled in the usual manner as detailed above.]

### **[Commentary: Medical Research**

Examinations or procedures for the purpose of a research or survey program are not insured services, nor are services provided by a laboratory or a hospital that support an examination or procedure that is for the purpose of research or a survey. The exception to this is that an assessment conducted to determine if an insured person is suitable for such a program is not necessarily an *uninsured service* (see section 24 of regulation 552 under the Act - this is provided as Appendix A of the Schedule).]

### **[Commentary: Medical Records**

All insured services must be documented in appropriate records. The Act requires that the record establish that:

1. an insured service was provided;
2. the service for which the account is submitted is the service that was rendered; and
3. the service was medically necessary.

The medical record requirements as found in the Act are listed in Appendix G of the Schedule.]

## GENERAL INFORMATION

### GENERAL PAYMENT RULES

**[Commentary:**

Claims for payment must be submitted to *OHIP* in the form and by the medium (e.g. electronic data transmission; machine readable input) as set out in sections 38.3 to 38.5 of regulation 552 under the Act and must contain the information required by the regulation and the General Manager of *OHIP*. Regulation 552 under the Act can be found at:

[http://www.e-laws.gov.on.ca/DBLaws/Regs/English/900552\\_e.htm](http://www.e-laws.gov.on.ca/DBLaws/Regs/English/900552_e.htm).

Claims must be submitted within three *months* of the date the service was rendered, except in extenuating circumstances. A claim cannot be accepted for payment unless it meets all of the technical and formal requirements set out in the Act and regulations.]

1. The fee is payable only to the physician who rendered the service personally, or by the physician whose delegate rendered the service where delegation is authorized in accordance with the Schedule.
2. Where more than one physician renders different components of a listed service, only one fee is payable for that service, and the fee is payable only where the Schedule provides that different physicians may perform different components of the service.

**[Commentary:**

Where an insured service contains several components (e.g. surgical procedures that include post-operative care or fracture care), the components of the service are not divisible among physicians for claims purposes and the physicians are responsible for apportioning payment amongst themselves.]

3. Where the Schedule provides that different physicians may substitute for one another in performing the total service, only one fee is payable for the service.

**[Commentary:**

When physicians routinely or frequently substitute for each other in providing hospital visits to registered bed patients in active treatment hospitals, e.g. *weekend* coverage or daily rounds by various members of a group, the *most responsible physician* may claim for all the visits.]

### Specialist services

When a service rendered by a *specialist* comprises part of an insured consultation or assessment that falls within the scope of his or her *specialist* practice, the service is *not eligible for payment* unless the claim for the service is submitted either:

- a. unless otherwise noted, in respect of a service described in the portions of the Consultations and Visits section of this Schedule that reflects the physician's Royal College of Physicians and Surgeons of Canada specialty, as documented in the records maintained by the *MOH* for claims payment purposes; or
- b. in respect of a service described in this Schedule under the following sub-headings which can be claimed by any specialty: psychotherapy, counselling, HIV primary care, *palliative care* support, hypnotherapy, certification of mental illness, interviews, genetic assessments, midwife or aboriginal midwife-requested emergency and special emergency assessments, *home* care application, or *home* care supervision.

# GENERAL PREAMBLE

## GENERAL INFORMATION

When a service rendered by a *specialist* does not fall within the scope of the *specialist's* practice and/or the *specialist* is providing primary care in a family or general practice setting, the service is *only eligible for payment* when the claim is submitted using the appropriate code from the “Family Practice & Practice in General” listings.

When more than one assessment is rendered to a patient during the same visit by the same physician who is qualified in one or more specialties, only one assessment is payable.

**[Commentary:**

Any additional assessment is *not eligible for payment*.]

## Use of Codes, Prefixes and Suffixes

**[Commentary:**

Services are generally, but not necessarily, listed by anatomical system or specialty for convenience.]

The alpha-numeric fee code opposite the service listing in this Schedule must be set out in the claim submitted, together with the required suffix.

Surgical Codes: In the surgical part of the Schedule, the required suffixes are:

suffix A if the physician performs the procedure;

suffix B if the physician assisted at the surgery; and

suffix C if the physician administered the anaesthetic.

### GENERAL PAYMENT RULES

#### Diagnostic Services Rendered at a Hospital

The *technical component* of those diagnostic services that are listed with "*technical component*" or in a column headed "H" or "T" is *not eligible for payment* if the service is rendered to a patient who:

1. is an in-patient of a hospital; or
2. attends a hospital where he or she receives an insured diagnostic service; and
3. within 24 hours of receiving that diagnostic service, is admitted to the same hospital as an in-patient in connection with the same condition, illness, injury or disease in relation to which the diagnostic service was rendered.

#### [Commentary:

1. For those diagnostic services which have both technical and *professional components* listed under one fee schedule code, the technical and *professional components* are claimed separately. The claim for the *technical component* is submitted using the fee schedule code with the suffix B and the claim for the *professional component* is submitted using the fee schedule code with a suffix C.
2. The *technical component* may be listed as either "*technical component*" or in a column headed "H" or "T". The *professional component* may be listed as either "*professional component*" or in a column headed "P".]

The *technical component* of a diagnostic service listed in the column headed with an "H" and rendered outside of a hospital is *not eligible for payment* under the *Health Insurance Act*.

#### Payment for Diagnostic and Therapeutic Services Rendered at a Hospital

The *technical component* of a diagnostic and therapeutic service listed below and rendered in a hospital is payable at 94.68% of the listed fee in the column headed "T".

G104A, G111A, G121A, G127A, G140A, G143A, G146A, G149A, G152A, G153A, G167A, G174A, G181A, G209A, G284A, G308A, G310A, G311A, G315A, G414A, G440A, G441A, G442A, G443A, G448A, G451A, G455A, G466A, G471A, G519A, G540A, G541A, G542A, G544A, G554A, G570A, G574A, G582A, G585A, G647A, G648A, G651A, G652A, G654A, G655A, G682A, G683A, G684A, G685A, G686A, G687A, G688A, G689A, G694A, G695A, G815A, G850A, G851A, G852A, G853A, G854A, G855A, G856A, G857A, G858A, J301B, J304B, J324B, J327B

#### Technical Component Requirements

The *technical component* of a diagnostic procedure as described in the relevant section of the Schedule is *only eligible for payment* where:

1. the physician has the necessary training and experience to personally render the *technical component* of the service; and
2. the physician maintains documentation that describes the process by which the physician monitors quality assurance in accordance with professional standards.

#### [Commentary:

1. The physician submitting a claim for the *technical component* is responsible for the complete quality assurance process for all elements of the *technical component* of the service, including data acquisition, reporting, and record keeping. The physician must be able to demonstrate the above upon request by the MOH.

# GENERAL PREAMBLE

## GENERAL INFORMATION

2. For delegated services rendered in the physician's office, see the Delegated Procedures section in the General Preamble of this Schedule.]

### Consultation and Assessment Codes

There are four different prefixes used for consultations and assessments listed in the "Consultations and Visits" section of the Schedule. The codes with the "A" prefix are described as the "General Listings". These must be used when submitting a claim for consultations and assessments except in the following situations when the code listed below must be used:

1. acute care hospital – non-emergency in-patient services – "C" prefix codes;
2. long term care institution – non-emergency in-patient services – "W" prefix codes;
3. emergency department – services rendered by a physician on duty – "H" prefix (H1- codes); or
4. rehabilitation unit – services rendered by a **specialist** in Physical Medicine – "H" prefix codes (H3XX codes)

#### [Commentary:

Submit claim using an "A" prefix assessment when an assessment is rendered in conjunction with a special visit premium. Information regarding when special visit premiums are payable is found on pages GP65 to GP78 of the General Preamble.]

### Independent Consideration (IC)

Services listed in the Schedule without specified fees are identified as "IC" and are given independent consideration by the *medical consultant*. Claims for such services must be submitted with a supporting letter explaining the amount of the fee claimed, and must include an appropriate operative or consultation report, and a comparison of the scope and difficulty of the procedure in relation to non-IC procedures in the Schedule. For treatment of tumours not listed in the Schedule, surgeons must use the IC code, R993, and for surgical procedures not listed, but similar to a listed service, the code, R990.

# GENERAL PREAMBLE

## CONSTITUENT AND COMMON ELEMENTS OF INSURED SERVICES

### [Commentary:

This Schedule identifies the *constituent elements* that comprise insured services. *Common elements* apply to all insured services and *specific elements* apply to specific groups of services where identified either in the General Preamble or in the preamble to a specific system and/or specialty sections of the Schedule. There may be additional specific requirements (“required elements of service”, “payment rules”, “claims submission instructions” or “notes”) for some individual services, and these are noted with the description of any such service within the Schedule. In order to determine the correct claim to use for a service rendered, the necessary information is found by reviewing the *common elements*, *specific elements*, and service specific information.

No charges may be made (except to *OHIP*) for an insured service rendered to an insured person or for any of the *constituent elements* of such insured services. This is prohibited by the Act and/or the *Commitment to the Future of Medicare Act, 2004*.

Most services include as a constituent element of the service the provision of the premises, equipment, supplies, and personnel used in the performance of the common and *specific elements* of the service. This is not, however, the case for services denoted by codes marked with the prefix “#”, and for services that are divided into *professional and technical components* where only the *professional component* is an insured service under the Act.

For those codes denoted with the prefix “#” and performed in a hospital, the premises, equipment, supplies, and personnel used to perform all elements of the service are funded by the hospital global budget.

For those services denoted with the prefix “#” and provided in an Integrated Community Health Services Centre (*ICHSC*), the premises, equipment, supplies, and personnel are funded under the facility costs set out in the *Integrated Community Health Services Centres Act, 2023*.

Patients cannot be charged for the premises, equipment, supplies and personnel for services denoted with the prefix “#” rendered outside of a hospital or *ICHSC* if the premises, equipment, supplies and personnel support, assist or provide a necessary adjunct to an insured service denoted with the prefix “#” as charging a patient would be contrary to the *Integrated Community Health Services Centres Act, 2023*.]

### COMMON ELEMENTS OF INSURED SERVICES

All insured services include the skill, time, and responsibility involved in performing, including when delegated to a non-physician in accordance with the Delegated Procedures Section (GP62) of the General Preamble, supervising the performance of the *constituent elements* of the service.

Unless otherwise specifically listed in the Schedule, the following elements are common to all insured services.

- A. Being available to provide follow-up insured services to the patient and arranging for coverage when not available.
- B. Making arrangements for appointment(s) for the insured service.
- C. Travelling to and from the place(s) where any element(s) of the service is (are) performed.

### [Commentary:

Travelling to visit an insured person outside of the usual geographical area of practice of the person making the visit is an *uninsured service* – see Regulation 552 section 24(1) paragraph 1 under the Act.]

# GENERAL PREAMBLE

## CONSTITUENT AND COMMON ELEMENTS OF INSURED SERVICES

**D.** Obtaining and reviewing information (including history taking) from any appropriate source(s) so as to arrive at any decision(s) made in order to perform the elements of the service.

Appropriate sources include but are not limited to:

1. patient and *patient's representative*
2. patient charts and records
3. investigational data
4. physicians, pharmacists, and other health professionals
5. suppliers and manufacturers of drugs and devices
6. relevant literature and research data.

**E.** Obtaining consents or delivering written consents, unless otherwise specifically listed in the Schedule.

**F.** Keeping and maintaining appropriate medical records.

**G.** Providing any medical prescriptions except where the request for this service is initiated by the patient or *patient's representative* and no related insured service is provided.

**H.** Preparing or submitting documents or records, or providing information for use in programs administered by the *MOH*.

**I.** Conferring with or providing advice, direction, information, or records to physicians and other professionals associated with the health and development of the patient.

**J.** Such planning, preparation, and administration for the performance of the elements of the service directly attributable either to a specific patient or to a physician maintaining his/her practice, unless otherwise specifically listed in the Schedule.

**K.** Except for services denoted by codes marked with the prefix "#", or for services that are divided into *professional and technical components* where only the *professional component* is an insured service under the Act, providing premises, equipment, supplies, and personnel for the *common elements* of the service.

**L.** Waiting times associated with the provision of the service(s).

While no occasion may arise for performing elements A, B, C, D, F, G, H or K when performed in connection with the *specific elements* of a service, these are included in the service.

# GENERAL PREAMBLE

## SPECIFIC ELEMENTS OF ASSESSMENTS

In addition to the *common elements*, all services which are described as assessments, or as including assessments (e.g. consultations), include the following *specific elements*:

- A. A direct physical encounter with the patient including taking a patient history and performing a physical examination.
- B. Other inquiry (including taking a patient history), carried out to arrive at an opinion as to the nature of the patient's condition, (whether such inquiry takes place before, during or after the encounter during which the physical examination takes place) and/or follow-up care.
- C. Performing any procedure(s) during the same encounter as the physical examination, unless the procedure(s) is(are) separately listed in the Schedule and an amount is payable for the procedure in conjunction with an assessment.

“Procedure” in this context includes obtaining specimens, preparation of the patient, interpretation of results and, unless otherwise specified, all diagnostic (including laboratory) and therapeutic (including surgical) services;

- D. Making arrangements for any related assessments, procedures or therapy, and/or interpreting results.
- E. Making arrangements for follow-up care.
- F. Discussion with, and providing advice and information, including prescribing therapy to the patient or the *patient's representative*, whether by telephone or otherwise, on matters related to:
  - 1. the service; and
  - 2. in circumstances in which it would be professionally appropriate that results can be reported upon prior to any further patient visit, the results of related procedure(s) and/or assessment(s).
- G. When medically indicated, monitoring the condition of the patient and intervening, until the next insured service is provided.
- H. Providing premises, equipment, supplies, and personnel for the *specific elements* of the service except for any aspect(s) that is (are) performed in a hospital or nursing *home*.

While no occasion may arise for performing elements C, D, E, G, or H, when performed in connection with the other *specific elements*, they are included in the assessment.

## CONSULTATIONS

### CONSULTATION

#### Definition/Required elements of service:

A consultation is an assessment rendered following a written request from a referring:

1. physician
2. *nurse practitioner* or
3. *dental surgeon* in connection with an insured dental procedure rendered in a hospital,

who, in light of his/her professional knowledge of the patient, requests the opinion of a physician (the “consultant physician”) competent to give advice in this field because of the complexity, seriousness, or obscurity of the case, or because another opinion is requested by the patient or *patient’s representative*.

#### [Commentary:

1. The referring physician, *nurse practitioner* or *dental surgeon* must determine if multiple requests by a patient or the *patient’s representative* to different physicians in the same specialty for the same condition are medically necessary. Services that are not medically necessary are uninsured.
2. If the physician rendering the service requests a referring physician, *nurse practitioner* or *dental surgeon* to submit a consultation request for that service after the service has been provided, a consultation is not payable. The visit fee appropriate to the service rendered may be claimed.
3. Where a physician who has been paid for a consultation for the patient for the same diagnosis makes a request for a referral for ongoing management of the patient, the service rendered following the referral is not payable as a consultation, except as outlined in the Virtual Care Services section under definitions, part 3, commentary 3]

A consultation includes the services necessary to enable the consultant to prepare a written report (including findings, opinions, and recommendations) to the referring physician, *nurse practitioner* or *dental surgeon*. Where the *referral* is made by a *nurse practitioner*, the consultant shall provide the report to the *nurse practitioner* and the patient’s primary care provider, if applicable. Except where otherwise specified, the consultant is required to perform a general, specific or medical specific assessment, including a review of all relevant data.

The following are additional requirements for a consultation:

- a. A copy of the written request for the consultation, signed by the referring physician, *nurse practitioner* or *dental surgeon* must be kept in the consulting physician’s medical record, except in the case of a consultation which occurs in a hospital, long-term care institution or multi-specialty clinic where common medical records are maintained. In such cases, the written request may be contained on the common medical record.
- b. The request identifies the consultant by name, the referring physician, *nurse practitioner* or *dental surgeon* by name and billing number, and identifies the patient by name and health number.
- c. The written request sets out the information relevant to the *referral* and specifies the service(s) required.

In the event these requirements are not met, the amount payable for a consultation will be reduced to a lesser assessment fee.

# GENERAL PREAMBLE

## CONSULTATIONS

### [Commentary:

The request would ordinarily also include appropriate clinical information, such as the reason for the *referral* for consultation, present and past history, physical findings and relevant test results and reports.]

### Payment rules:

1. Consultations rendered to the same patient by the same physician for the same diagnosis are limited to one service per two consecutive *12 month periods* except:
  - a. When the additional consultation service(s) is a repeat consultation;
  - b. When a consultant has rendered a consultation service to a patient in any location and the same consultant is referred to the same patient a second time with the same diagnosis, then the number of consultations eligible for payment is a total of two services per two consecutive *12 month periods* only when:
    - i. the second consultation is rendered for a hospital inpatient or a patient in an Emergency Department; and
    - ii. the consultation is rendered more than *12 months* but less than *24 months* following the first consultation.

See the Table below.

**Limits on Consultation Services Rendered for the Same Problem Within Two Consecutive 12 Month Periods**

Patient location where consultation rendered		Total consultation services eligible for payment in two consecutive 12 month periods	
First consultation	Second consultation	Services rendered within first 12 months	Services rendered between 12 and 24 months
All locations	Hospital Inpatient or Emergency Department	One service	One service
All locations	All locations except hospital inpatient or Emergency Department	One service	

2. Consultations rendered to the same patient by the same consultant with a clearly defined unrelated diagnosis are limited to one service every *12 months*.
3. The amount payable for consultations will be adjusted to the amount payable for a general or specific assessment, depending upon the specialty of the consultant where:

# GENERAL PREAMBLE

## CONSULTATIONS

- a. consultations are in excess of the above limits;
- b. the payment requirements of a repeat consultation are not met; or
- c. the consultation is requested by a Medical Trainee.

**Note:**

1. The above limits are applicable to all consultations, including time-based and age-specific consultation services (e.g. special, extended and comprehensive consultations) but not repeat consultations.
2. In the preoperative preparation of a patient undergoing the following low risk elective surgical procedures under local anaesthesia and/or I.V. sedation, a preoperative consultation by any physician is *only eligible for payment* where the medical record demonstrates the consultation is medically necessary.
  - a. cataract surgery;
  - b. colonoscopy;
  - c. cystoscopy;
  - d. carpal tunnel surgery; or
  - e. arthroscopic surgery.

**[Commentary:**

Such medically necessary consultations would be very uncommon.]

# GENERAL PREAMBLE

## CONSULTATIONS

### REPEAT CONSULTATION

#### Definition/Required elements of service:

A repeat consultation is an additional consultation rendered by the same consultant, in respect of the same presenting problem, following care rendered to the patient by another physician in the interval following the initial consultation but preceding the repeat consultation.

A repeat consultation has the same requirements as a consultation including the requirement for a new written request by the referring physician, *nurse practitioner* or *dental surgeon*.

### LIMITED CONSULTATION

#### Definition/Required elements of service:

A limited consultation is a consultation which is less demanding and, in terms of time, normally requires substantially less of the physician's time than the full consultation. Otherwise, a limited consultation has the same requirements as a full consultation.

Under the heading of "Family Practice & Practice in General", a limited consultation is the service rendered by any physician who is not a *specialist*, where the service meets all the requirements for a consultation but, because of the nature of the *referral*, only those services which constitute a specific assessment are rendered.

### EMERGENCY ROOM (ER) PHYSICIAN CONSULTATION

#### Payment rules:

1. The amount payable for a consultation by an ER Physician will be adjusted to a lesser assessment fee under either of the following circumstances:
  - a. the patient is referred by another ER physician in the same hospital; or
  - b. the service is rendered in any location other than the emergency department or other critical care area in a hospital, or to a critically ill patient in a hospital.
2. ER reports constitute adequate documentation of the written report of the consultation as long as the rendering of all *constituent elements* is clearly documented on all copies of the report. If the consulting physician fails to ensure that a copy of the ER report is sent to the physician or *nurse practitioner* who referred the patient, the amount payable for the service will be adjusted to the amount payable for an assessment.

#### Claims submission instruction:

Claims for ER Physician consultations are to be submitted using H055 for a *specialist* in emergency medicine (FRCP) and H065 for all other physicians.

### SPECIAL SURGICAL CONSULTATION

#### Definition/Required elements of service:

A special surgical consultation is rendered when a surgeon provides all the appropriate elements of a regular consultation and is required to devote at least fifty minutes exclusively to the consultation with the patient.

#### [Commentary:

The calculation of the 50 minute minimum excludes time devoted to any other service or procedure for which an amount is payable in addition to the consultation.]

# GENERAL PREAMBLE

## CONSULTATIONS

### **Claims submission instruction:**

Claims for special surgical consultations are to be submitted using either A935 or C935, as applicable.

# GENERAL PREAMBLE

## ASSESSMENTS

Specific requirements for assessments listed in the “Consultations and Visits” section of the Schedule are set out below:

### GENERAL ASSESSMENT

#### Definition/Required elements of service:

A general assessment is a service, rendered at a place other than in a patient’s *home* that requires a full history (the elements of which must include a history of the presenting complaint, family medical history, past medical history, social history, and a functional inquiry into all body parts and systems), and, except for breast, genital or rectal examination where not medically indicated or refused, an examination of all body parts and systems, and *may include* a detailed examination of one or more parts or systems.

#### Payment rules:

General assessments are limited to one per patient per physician per *12 month period* unless either of the following circumstances is met in which case the limit is increased to two per *12 month period*:

1. the patient presents a second time with a complaint for which the diagnosis is clearly different and unrelated to the diagnosis made at the time of the first general assessment; or
2. at least 90 days have elapsed since the date of the last general assessment and the second assessment is a hospital admission assessment.

The amount payable for general assessments in excess of these limits will be adjusted to a lesser assessment fee.

### PERIODIC HEALTH VISIT

**Definition:** A periodic health visit (including a primary or secondary school examination) is performed on a patient, after their second birthday, who presents and reveals no apparent acute physical or mental illness. The service must include an intermediate assessment, a level 2 paediatric assessment or a partial assessment focusing on age and gender appropriate history, physical examination, health screening and relevant counselling.

#### Payment rules:

Periodic health visit is limited to one per patient per *12 month period* per physician.

#### [Commentary:

Periodic health visits in excess of the limit are not insured.]

#### Claims submission instruction:

Submit claims for periodic health visits using the fee codes listed below.

No diagnostic code is required unless otherwise specifically listed.

## GENERAL RE-ASSESSMENT

### Definition/Required elements of service:

A general re-assessment includes all the services listed for a general assessment, with the exception of the patient's history, which need not include all the details already obtained in the original assessment.

### Payment rules:

With the exception of general re-assessments rendered for hospital admissions, general re-assessments are limited to two per *12 month period*, per patient per physician. The amount payable for general re-assessments in excess of this limit will be adjusted to a lesser assessment fee.

# GENERAL PREAMBLE

## ASSESSMENTS

### PRE-DENTAL/PRE-OPERATIVE ASSESSMENTS

**[Commentary:**

For Definition and terms and conditions see page A4.]

### SPECIFIC ASSESSMENT AND MEDICAL SPECIFIC ASSESSMENT

**Definition/Required elements of service:**

Specific assessment and medical specific assessment are services rendered by *specialists*, in a place other than a patient's *home*, and require a full history of the presenting complaint and detailed examination of the affected part(s), region(s), or system(s) needed to make a diagnosis, and/or exclude disease, and/or assess function.

**Payment rules:**

Specific assessments or medical specific assessments are limited to one per patient per physician per *12 month period* unless either of the following circumstances are met in which case the limit is increased to two per patient per physician per *12 month period*:

1. the patient presents a second time with a complaint for which a clearly different diagnosis is made, unrelated to the diagnosis made at the time of the first specific assessment in that *12 month period*; or
2. in the case of a medical specific assessment, at least 90 days have elapsed since the date of the last specific assessment and the second assessment is a hospital admission assessment.

The amount payable for specific or medical specific assessments in excess of this limit will be adjusted to a lesser assessment fee.

In addition, any combination of medical specific assessments and complex medical specific re-assessments (see below) are limited to 4 per patient per physician per *12 month period*. The amount payable for these services in excess of this limit will be adjusted to a lesser assessment fee.

### SPECIFIC RE-ASSESSMENT AND MEDICAL SPECIFIC RE-ASSESSMENT

**Definition/Required elements of service:**

Specific re-assessment and medical specific re-assessment are services rendered by *specialists* and require a full, relevant history and physical examination of one or more systems.

**[Commentary:**

As outlined on page GP40, admission assessments are deemed to be a specific re-assessment or medical specific re-assessment under either of the following circumstances:

1. for those procedures prefixed with a "Z" or noted as an *IOP*, by a surgical *specialist* who has assessed the patient prior to admission in respect of the same illness; or
2. for those patients who have been assessed by a physician and subsequently admitted to the hospital for the same illness by the same physician.]

**Payment rules:**

Specific re-assessments or medical specific re-assessments are limited to two per patient per physician per consecutive *12 month period* except for specific re-assessments rendered for hospital admissions. The amount payable for specific or medical specific re-assessments in excess of this limit will be adjusted to a lesser assessment fee.

# GENERAL PREAMBLE

## ASSESSMENTS

### COMPLEX MEDICAL SPECIFIC RE-ASSESSMENT

#### **Definition/ Required elements of service:**

A complex medical specific re-assessment is a re-assessment of a patient because of the complexity, obscurity, or seriousness of the patient's condition and includes all the requirements of a medical specific re-assessment. The physician must report his/her findings, opinions, or recommendations in writing to the patient's primary care physician or the amount payable for the service will be adjusted to a lesser assessment fee.

#### **Payment rules:**

Complex medical specific re-assessments are limited to 4 per patient per physician per *12 month period*. The amount payable for complex medical specific re-assessments in excess of this limit will be adjusted to a lesser assessment fee.

In addition, any combination of medical specific assessments and complex medical specific re-assessments are limited to 4 per patient per physician per *12 month period*. The amount payable for these services in excess of this limit will be adjusted to a lesser assessment fee.

## ASSESSMENTS

### LEVEL 1 PAEDIATRIC ASSESSMENT

#### Definition/Required elements of service:

A Level 1 paediatric assessment includes one or both of the following:

- a. a brief history and examination of the affected part or region or related to a mental or emotional disorder; or
- b. brief advice or information regarding health maintenance, diagnosis, treatment and/or prognosis.

### LEVEL 2 PAEDIATRIC ASSESSMENT

#### Definition/Required elements of service:

A Level 2 paediatric assessment is a paediatric service that requires a more extensive examination than a level 1 paediatric assessment. It requires a history of the presenting complaint(s), inquiry concerning, and examination of the affected part(s), region(s), system(s), or mental or emotional disorder as needed to make a diagnosis, exclude disease, and/or assess function.

A Level 2 paediatric assessment also includes well baby care, which is a periodic assessment of a well *newborn/infant* during the first two years of life including complete examination with weight and measurements, and instructions to the parent(s) or *patient's representative* regarding health care.

### INTERMEDIATE ASSESSMENT

#### Definition/Required elements of service:

An intermediate assessment is a primary care general practice service that requires a more extensive examination than a minor assessment. It requires a history of the presenting complaint(s), inquiry concerning, and examination of the affected part(s), region(s), system(s), or mental or emotional disorder as needed to make a diagnosis, exclude disease, and/or assess function.

### INTERMEDIATE ASSESSMENT – PRONOUNCEMENT OF DEATH

#### Definition/Required elements of service:

Intermediate assessment – pronouncement of death is the service of pronouncing a patient dead in a location other than in the patient's *home*. This service *may include* any counselling of relatives that is rendered during the same visit, and completion of the death certificate.

#### [Commentary:

1. For pronouncement of death in the *home*, see house call assessments (page A4 of the Schedule).
2. Submit the claim for this service using the diagnostic code for the underlying cause of death, as recorded on the death certificate, rather than the immediate cause of death.]

### MINOR ASSESSMENT

#### Definition/Required elements of service:

A minor assessment includes one or both of the following:

- a. a brief history and examination of the affected part or region or related to a mental or emotional disorder; or
- b. brief advice or information regarding health maintenance, diagnosis, treatment and/or prognosis.

## ASSESSMENTS

### PERIODIC OCULO-VISUAL ASSESSMENT

#### Definition/Required elements of service:

A periodic oculo-visual assessment is an examination of the eye and vision system rendered primarily to determine if a patient has a simple refractive error (defined as myopia, hypermetropia, presbyopia, anisometropia or astigmatism) for patients aged 19 or less or aged 65 or more. This service includes all components required to perform the assessment (ordinarily a history of the presenting complaint, past medical history, visual acuity examination, ocular mobility examination, slit lamp examination of the anterior segment, ophthalmoscopy, tonometry) advice and/or instruction to the patient and provision of a written refractive prescription if required.

#### Payment rules:

1. This service is limited to one per patient per *12 month period* regardless of whether the first claim is or has been submitted for a service rendered by an optometrist or physician. Services in excess of this limit or to patients aged 20 to 64 are not insured services.
2. Any other insured service rendered by the same physician (other than an ophthalmologist) to the same patient the same day as a periodic oculo-visual assessment is *not eligible for payment*.

#### [Commentary:

1. Other consultation and visit codes are not to be used as a substitute for this service when the limit is reached.
2. Re-assessment following a periodic oculo-visual assessment is to be claimed using a lesser assessment fee code and diagnostic code 367.]

### FIRST VISIT BY PRIMARY CARE PHYSICIAN AFTER HOSPITAL DISCHARGE

E080 First visit after hospital discharge premium, to other service  
listed in payment rule 5 below ..... add 25.25

#### Payment rules:

1. Subject to payment rules 2 through 5, E080 is *only eligible for payment* for a visit with the patient's primary care physician in the physician's office or the patient's *home* within two weeks of discharge following in-patient admission to an acute care hospital.

#### [Commentary:

This premium is not payable for visits rendered to patients in locations other than the physician's office or patient's *home*. As such, the premium is not payable for services rendered in places such as Nursing *Homes*, *Homes for the Aged*, chronic care hospitals, etc.]

2. E080 is *not eligible for payment* if the admission to hospital was for the purpose of obstetrical delivery unless the mother required admission to an ICU during the hospital stay.
3. E080 is *not eligible for payment* if the admission to hospital was for the purpose of *newborn* care unless the *infant* required admission to a NICU during the hospital stay.
4. E080 is *not eligible for payment* if the admission to hospital was for the purpose of performing day surgery.
5. E080 is *only eligible for payment* when rendered with the following services:  
A001, A003, A004, A007, A008, A261, A262, A263, A264, A888, A900, K004–K008, K013, K014, K022, K023, K028–K030, K032, K033, K037, K623, P003, P004, P008.

### DETENTION-IN-AMBULANCE

#### Definition/Required elements of service:

Detention-in-Ambulance is payable for constant attendance with a patient in an ambulance, to provide all aspects of care to the patient. Time is calculated only for that period during which the physician is in constant attendance with the patient in the ambulance. The service includes an initial examination and ongoing monitoring of the patient's condition and all interventions, except in those circumstances in which the Schedule provides for separate or additional payment for the intervention.

K101	Ground ambulance transfer with patient per quarter hour or part thereof.....	42.10
K111	Air ambulance transfer with patient per quarter hour or part thereof.....	126.40
K112	Return trip without patient to place of origin following air or ground ambulance transfer, per half hour or major part thereof.....	25.05

#### Claims submission instruction:

Claims for Detention-in-Ambulance are assessed by a *medical consultant* on an IC basis and require the submission of a written explanation.

#### [Commentary:

K101 is not applicable to attendance in a vehicle other than an ambulance, in which case K001 may apply.]

### DETENTION FOR THE TRANSPORT OF DONOR ORGANS

#### Definition/Required elements of service:

Detention for the Transport of Donor Organs is payable for time travelling to and from a donor centre (excluding time spent in the donor centre) for the purpose of collecting and transporting to the recipient hospital (a) donor organ(s), including fresh bone being harvested.

K102	Per quarter hour or part thereof (not eligible for payment with K001).....	20.20
------	--	-------

#### Claims submission instruction:

Claims for Detention for the Transport of Donor Organs are assessed by a *medical consultant* on an IC basis and require the submission of a written explanation.

#### [Commentary:

Claims will be adjudicated on the basis of the most time-efficient means of travel to and from a donor centre.]

### NEWBORN CARE

#### Definition/Required elements of service:

*Newborn* care is the routine care of a well *newborn* for up to the first ten days of life in hospital or *home* and includes an initial general assessment and subsequent assessments, as may be indicated, and instructions to the caregiver(s) regarding the *newborn's* health care.

# GENERAL PREAMBLE

## ASSESSMENTS

### Payment rules:

1. *Newborn* care is limited to a maximum of one per patient except when a well baby is transferred to another hospital in which case the fee for *newborn* care may be payable to a physician at both hospitals.

#### [Commentary:

An example where this is possible is if the transfer occurred because of the state of health of the mother.]

2. Despite the requirement that to be eligible for a special visit premium the call be non-elective (see GP65), a special visit premium is payable in addition to this service if a physician is required to make an additional visit to the hospital outside of his or her normally scheduled hospital rounds to facilitate discharge of the *newborn* the same day as the visit.

### LOW BIRTH WEIGHT BABY CARE

#### Definition:

Low birth weight baby care is any assessment of a well *newborn/infant* weighing less than 2.5 kilograms at birth.

# GENERAL PREAMBLE

## ASSESSMENTS

### WELL BABY CARE

#### Definition/Required elements of service:

Well baby care is a periodic assessment of a well *newborn/infant* during the first two years of life including complete examination with weight and measurements, and instructions to the parent(s) or *patient's representative* regarding health care.

### ENHANCED 18 MONTH WELL BABY VISIT

#### Definition/Required elements of service:

Enhanced 18 *month* well baby visit is the service rendered when a physician performs all of the following in respect of a *child* from 17-24 *months* of age:

- a. Those services defined as “well baby care”;
- b. An 18 *month* age-appropriate developmental screen; and
- c. Review with the patient’s parent/guardian, legal representative or other caregiver of a brief standardized tool (completed by the patient’s parent/guardian, legal representative or other caregiver) that aids the identification of *children* at risk of a developmental disorder.

#### Medical record requirements:

This service is eligible for payment only when, in addition to the medical record requirements for well baby care, an 18 *month* age-appropriate developmental screen and concerns identified from the review of the brief standardized tool with the parent/guardian, legal representative or other caregiver are recorded in the patient’s permanent medical record.

#### [Commentary:

An example of an 18 *month* age-appropriate developmental screen would be that outlined in the Rourke Baby Record and an example of a brief standardized tool completed by the parent/guardian, legal representative or other caregiver that aids the identification of *children* at risk of a developmental disorder would be the Nipissing District Developmental Screen or similar parental questionnaire.]

### PSYCHIATRIC ASSESSMENT UNDER THE MENTAL HEALTH ACT

#### Definition/Required elements of service:

A psychiatric assessment under the *Mental Health Act* (K620, K623, K624, and K629) includes such psychiatric history, inquiry, and examination of the patient, as is appropriate, to enable the physician to complete, and includes completing, the relevant forms and to notify the patient, family, *patient representative* and relevant authorities under the *Mental Health Act*, where appropriate.

## ASSESSMENTS

### E-Assessments

#### Definition/Required elements of service:

An e-assessment is a service performed by a *specialist* when a primary care physician or *nurse practitioner* requests an opinion and/or recommendations from the *specialist* for management of a specific patient by providing information electronically through a secure server (e.g. secure messaging, EMR). The *specialist* is required to review all relevant data provided by the primary care physician or *nurse practitioner*, including the review of any additional information that may be submitted subsequent to the initial request. For the purpose of this service, “relevant data” *may include* family/patient history, history of the presenting complaint, laboratory and diagnostic tests, and visual images where indicated.

In addition to the *Common Elements*, E-assessments include the *specific elements* of assessments, as listed in the General Preamble, except for paragraphs A and B.

#### Payment rules:

1. E-assessments are *only eligible for payment* if the *specialist* has provided an opinion and/or recommendations for patient management to the primary care physician or *nurse practitioner* within 30 days from the date of the request. Where a service is requested by a *nurse practitioner* the consultant shall provide the report to the *nurse practitioner* and the patient’s primary care provider, if applicable.
2. E-assessments are *not eligible for payment* to the *specialist* in the following circumstances
  - a. when the purpose of the electronic communication is to arrange for transfer of the patient’s care to any physician; or
  - b. when rendered in whole or in part to arrange for a consultation, a different assessment, visit, or K-prefix time-based services, procedure(s), or diagnostic investigation(s); or
  - c. when the *specialist* renders a K-prefix time-based service for the same patient within 30 days following the request for the *specialist* e-assessment; or
  - d. in circumstances where the primary care physician or *specialist* receives compensation, other than by fee-for service under this Schedule, for participation in the e-assessment.
3. A consultation, a different assessment or visit rendered by the *specialist* for the same patient for the same diagnosis within 60 days following the request for the *specialist* e-assessment is only payable as a specific or partial assessment, as appropriate to the service rendered.
4. K738 is eligible for payment to the primary care physician when this physician is required to collect additional data (for example dermatology or ophthalmology images not present in the primary care physician’s records) to support the *specialist*’s e-assessment. K738 is *not eligible for payment* where existing data is already available in the primary care physician’s records for submission to the *specialist*.

#### [Commentary:

1. Following the primary care physician’s request, the *specialist* decides whether an e-assessment is the most appropriate service in the circumstances. In some cases, direct patient contact or a consultation by videoconference may be more appropriate.
2. Payment, other than by fee-for-service, includes compensation where the physician receives remuneration under a salary, primary care, stipend, APP or AFP model.
3. Physicians who receive compensation other than by fee-for-service under this Schedule should consult their contract for guidance on shadow-billing.]

# GENERAL PREAMBLE

## ASSESSMENTS

### **Medical record requirements:**

An e-assessment is *only eligible for payment* if all of the following elements are included in the patient's permanent medical record of the *specialist*:

1. patient's name and health number;
2. name of the primary care physician or *nurse practitioner*;
3. date of, and reason for, the request; and
4. opinion, diagnosis, advice and/or recommendations of the *specialist*.

### **Claims submission instructions:**

An e-assessment is *only eligible for payment* if the *specialist* includes the primary care physician's or *nurse practitioner's* provider number with the claim.

# GENERAL PREAMBLE

## ASSESSMENTS

### Initial E-ASSESSMENT

#### Definition/Required elements of service:

Initial e-assessment is the first e-assessment performed by a particular *specialist* that is requested by the primary care physician or *nurse practitioner* for a specific patient and diagnosis where the *specialist* must review all relevant data provided by the primary care physician and provide a written opinion that includes a diagnosis and/or management advice to the primary care physician or *nurse practitioner*.

#### [Commentary:

The time and intensity of this service is the same as a regular consultation. The *specialist* may choose to return their opinion by phone, however, a written opinion must be provided electronically or by mail.]

#### Payment rules:

Initial e-assessments are limited to a maximum of one per patient per *specialist* per *12 month period* unless the primary care physician or *nurse practitioner* makes a second request in relation to a complaint for which a clearly different diagnosis is made, unrelated to the diagnosis made at the time of the first e-assessment in that same *12 month period*, in which case the limit is increased to a maximum of two per patient per *specialist* per *12 month period*.

#### [Commentary:

If a subsequent e-assessment is related to the diagnosis made at the time of the initial e-assessment, then this service is payable as a repeat e-assessment, follow-up e-assessment or minor e-assessment as appropriate to the service rendered.]

### repeat E-ASSESSMENT

#### Definition/ Required elements of service:

Repeat e-assessment is the first e-assessment performed by a particular *specialist* following an initial e-assessment or consultation by that *specialist* that is requested by the primary care physician or *nurse practitioner* for the same diagnosis where the *specialist* must review all relevant data provided by the primary care physician or *nurse practitioner* and provide an opinion that includes management advice to the primary care physician or *nurse practitioner*.

#### [Commentary:

The time and intensity of this service is the same as a specific assessment. The *specialist* may choose to return their opinion by phone.]

#### Payment rules:

Repeat e-assessments are limited to a maximum of one per patient per physician per *12 month period* unless the primary care physician or *nurse practitioner* makes a second request in relation to a complaint for which a clearly different diagnosis is made, unrelated to the diagnosis made at the time of the first e- assessment in that same *12 month period*, in which case the limit is increased to a maximum of two per patient per physician per *12 month period*.

# GENERAL PREAMBLE

## ASSESSMENTS

### Follow-up E-ASSESSMENT

#### Definition/ Required elements of service:

A follow-up e-assessment is the limited e-assessment rendered for follow-up by the *specialist* who has previously rendered any insured service to the patient for the same diagnosis. The *specialist* must review all relevant information submitted and provide an opinion and/or management advice to the primary care physician or *nurse practitioner*.

#### [Commentary:

The time and intensity of the service is the same as a partial assessment. The *specialist* may choose to return their opinion by phone.]

#### Payment rules:

Follow-up e-assessment is limited to a maximum of:

1. one (1) service per patient per day, same physician;
2. four (4) services per patient same physician per *12 month period*; and
3. one thousand (1000) services per physician per *12 month period*.

# GENERAL PREAMBLE

## ASSESSMENTS

### MINOR E-ASSESSMENT

#### Definition/ Required elements of service:

A minor e-assessment is a brief e-assessment rendered by the *specialist*. The *specialist* must review all relevant information submitted and provide an answer to the primary care physician's or *nurse practitioner's* specific clinical question.

#### Payment rules:

Minor e-assessment is limited to a maximum of:

1. one (1) service per patient per day, same physician;
2. twelve (12) services per patient same physician per *12 month period*; and
3. two thousand (2000) services per physician per *12 month period*.

#### [Commentary:

A minor e-assessment is where the primary care physician or *nurse practitioner* may ask a specific question related to the patient where the information provided is limited and the question asked is very specific. An example is where the primary care physician has initiated a treatment recommended by the *specialist*, and the primary care physician requests a brief email response related to proper dosing adjustments. One service *may include* multiple emails. The *specialist* may choose to return their opinion by phone.]

## HOSPITAL AND INSTITUTIONAL CONSULTATIONS AND ASSESSMENTS

### ACUTE CARE HOSPITAL – NON-EMERGENCY IN-PATIENT SERVICES (“C” PREFIX SERVICES)

#### A. Admission Assessment – General Requirements

##### Definition:

- a. An admission assessment is the initial assessment of the patient rendered for the purpose of admitting a patient to hospital.
- b. The admitting physician is the physician who renders the admission assessment.

##### Payment rules:

1. Except as outlined below in paragraph 3, when the admitting physician has not previously assessed the patient for the same presenting illness within 90 days of the admission assessment, the admission assessment constitutes a consultation, general or medical specific or specific assessment depending on the specialty of the physician, the nature of the service rendered and any applicable payment rules.
2. Except as outlined below in paragraph 3, if the admitting physician has previously assessed the patient for the same presenting illness within 90 days of the admission assessment, the admission assessment constitutes a general re-assessment or specific re-assessment depending on the specialty of the physician, the nature of the service rendered and any applicable payment rules.
3. When a hospital in-patient is transferred from one physician to another physician, only one consultation, general or specific assessment or reassessment is eligible for payment per patient admission. The amount eligible for payment for services in excess of this limit will be adjusted to a lesser assessment fee. An additional admission assessment is *not eligible for payment* when a hospital inpatient is transferred from one physician to another physician within the same hospital.

#### Admission Assessments by Specialists:

When a patient has been assessed by a *specialist* in the emergency room (ER) or out-patient department (OPD) and that physician renders a service described as a consultation, specific assessment, or medical specific assessment and subsequently admits the patient to hospital, the initial consultation, specific, or medical specific assessment constitutes the admission assessment.

When a patient has been assessed by a *specialist* in the ER or OPD, and that physician renders any other assessment other than those listed in the paragraph immediately above, and that physician subsequently admits the patient to hospital, an admission assessment is eligible for payment in addition to the initial assessment, if each service is rendered separately.

##### [Commentary:

In accordance with the surgical preamble, a hospital admission assessment by the surgeon is *not eligible for payment*, unless it is the “major pre-operative visit” (i.e., the consultation or assessment which may be claimed when the decision to operate is made and the operation is scheduled).]

# GENERAL PREAMBLE

## HOSPITAL AND INSTITUTIONAL CONSULTATIONS AND ASSESSMENTS

### **Admission Assessments by General and Family Practitioners:**

When a patient has been assessed by a general or family practitioner in the emergency room (ER) or out-patient department (OPD) and that physician renders a service described as a consultation, general assessment, or general re-assessment and subsequently admits the patient to hospital, the initial consultation, general assessment, general re-assessment constitutes the admission assessment.

When a patient has been assessed by a general or family practitioner in the ER or OPD and that physician renders any other assessment other than those listed in the paragraph immediately above, and subsequently admits the patient to hospital, an admission assessment is eligible for payment in addition to the initial assessment, if each assessment is rendered separately.

### **Payment rules:**

A933/C933/C003/C004 are *not eligible for payment* for an admission assessment for an elective surgery patient when a pre-operative assessment has been rendered to the same patient within 30 days of admission by the same physician.

### **Admission Assessments by General and Family Practitioners in an Emergency Department Funded under an Emergency Department Alternative Funding Agreement:**

When a patient has been assessed by the patient's general or family practitioner in an emergency room and that physician subsequently admits the patient to hospital, the General/Family Physician Emergency Department Assessment constitutes the admission assessment if the physician remains the *most responsible physician* for the patient.

# GENERAL PREAMBLE

## HOSPITAL AND INSTITUTIONAL CONSULTATIONS AND ASSESSMENTS

### Admission Assessments by Emergency Physicians:

When a patient has been assessed by an emergency physician in the ER or OPD and that physician renders a service described as a consultation, general assessment, or general re-assessment and subsequently admits the patient to hospital as the *most responsible physician* or that physician is asked to perform the admission assessment (even though the patient is admitted under a different *most responsible physician*), the initial consultation, general assessment, or general re-assessment constitutes the admission assessment.

When a patient has been assessed by an emergency physician in the ER or OPD and that physician renders any other assessment other than those listed in the paragraph immediately above, and subsequently renders the admission assessment, (even if the patient is admitted under a different *most responsible physician*), the admission assessment is payable as C004, in addition to the initial assessment, if both services are rendered separately.

### Admission Assessment by the Most Responsible Physician (MRP) Premium

E082 Admission assessment by the MRP, to admission assessment ..... add 30%

#### Payment rules:

1. E082 is *only eligible for payment* once per patient per hospital admission.
2. E082 is *only eligible for payment*:
  - a. if the physician establishes that he or she does not receive any direct or indirect remuneration from a hospital or hospital foundation for rendering in-patient clinical services; or
  - b. where the physician receives any direct or indirect remuneration from a hospital or hospital foundation for rendering in-patient clinical services, if the physician establishes that such remuneration has been reduced by an amount equal to the amount that would be eligible for payment to the physician had he or she not received any such direct or indirect remuneration.
3. E082 is *not eligible for payment* for transfers within the same hospital.
4. E082 is not applicable to any other service or premium.

#### [Commentary:

1. E082 is *only eligible for payment* when the admitting physician is the *MRP*. If the *MRP* does not render the admission assessment, E082 is *not eligible for payment* for any service rendered by any physician during that hospital admission.
2. E082 is *not eligible for payment* for a patient admitted for obstetrical delivery or for a *newborn*.
3. E082 is not applicable for any consultation or assessment related to day surgery.]

# GENERAL PREAMBLE

## HOSPITAL AND INSTITUTIONAL CONSULTATIONS AND ASSESSMENTS

### B. Subsequent Visit

#### Definition:

A subsequent visit is any routine assessment in hospital following the hospital admission assessment.

**Attendance at Surgery:** If, in the interest of the patient, the referring physician is asked to be present by the patient or the *patient's representative*, but does not assist at the procedure, the attendance at surgery by the referring physician constitutes a hospital subsequent visit.

**Multidisciplinary care:** Except where a single service for a team of physicians is listed in this Schedule (e.g. the *weekly* team fee for dialysis), when the complexity of the medical condition requires the services of several physicians in different disciplines, each physician visit constitutes a subsequent visit.

#### Payment rules:

1. Except in the circumstances outlined in paragraphs 2 and 3, or when a patient is referred from one physician to another (see Claims submission instruction below), subsequent visits are limited to one per patient, per day for the first 5 *weeks* after admission, 3 visits per *week* from 6 to 13 *weeks* after admission, and 6 visits per *month* after 13 *weeks*. Services in excess of the limit are *not eligible for payment*.
2. After 5 *weeks* of hospitalization, any assessment in hospital required as a result of an acute intercurrent illness in excess of the *weekly* or *monthly* limits set out above constitutes C121 – “additional visit due to intercurrent illness”. The *weekly* or *monthly* limits set out above do not apply to additional visits due to intercurrent illness.
3. Pediatric subsequent visits (C262) are limited to one per patient, per day for the duration of the admission.
4. When a physician is already in the hospital and assesses one of his/her own patients or patients transferred to his/her care, the service constitutes a subsequent visit. If a physician assesses another physician's patient on an emergency basis, the General Listings (“A” prefix) apply.

#### Claims submission instruction:

When a hospital in-patient is referred from one physician to another physician, the date the second physician assessed the patient for the first time is considered the “admission date” for the purposes of determining the appropriate subsequent visit fee code.

#### [Commentary:

When a hospital in-patient is transferred from one physician to another physician, subsequent visits by the second physician are calculated based on the actual admission date of the patient.]

### C. Subsequent visit by the Most Responsible Physician (MRP)

#### Subsequent visit by the MRP – day following the hospital admission assessment (C122)

##### Definition:

Subsequent visit by the *MRP* - day following the hospital admission assessment is payable to the physician identified as the patient's *MRP* for rendering a subsequent visit on this day.

#### Subsequent visit by the MRP – second day following the hospital admission assessment (C123)

##### Definition:

Subsequent visit by the *MRP* - second day following the hospital admission assessment is payable to the physician identified as the patient's *MRP* for rendering a subsequent visit on this day.

##### Payment rules:

1. C122, C123 are limited to a maximum of one each per hospital admission.

##### [Commentary:

C122, C123 are only payable for visits rendered by the *MRP*. Services rendered by physicians who are not the *MRP* may be payable at a lesser visit fee.]

2. C122, C123 are *not eligible for payment*:

- a. when rendered to the same patient the same day as C124 (Subsequent visit by the *MRP* - day of discharge);
- b. for a patient admitted for obstetrical delivery or *newborn* care; or
- c. for any visit rendered by a surgeon during the 2 days prior to non-Z prefix surgery.

3. C122, C123 are not payable for a subsequent visit rendered by a surgeon to a hospital in-patient following non-Z prefix surgery.

##### [Commentary:

The first and second post-operative visits by the surgeon to a hospital in-patient following non-Z prefix surgery constitute post-operative visits payable at the appropriate specialty specific subsequent visit fee.]

4. When a patient is transferred to another physician within the same hospital during either of these days, C122 or C123 are only payable to the physician who was the *MRP* for the majority of the day.
5. When a patient is transferred to another physician at a different hospital, the day of transfer shall be deemed for payment purposes to be the day of admission.
6. Only one of C122 or C142 is eligible for payment for the same patient during the same hospital admission. Only one of C123 or C143 is eligible for payment for the same patient during the same hospital admission.

##### [Commentary:

For first and second subsequent visits by the *MRP* following transfer from an Intensive Care Area (C142, C143), see General Preamble page GP46.]

### Subsequent visit by the MRP - day of discharge (C124)

#### Definition/Required elements of service:

Subsequent visit by the *MRP* – day of discharge is payable to the physician identified as the *MRP* for rendering a subsequent visit on the day of discharge, and, in addition, requires completion of the discharge summary by the physician within 48 hours of discharge, arranging for follow-up of the patient (as appropriate) and prescription of discharge medications if any.

The discharge summary must include as a minimum the following information:

- a. reason for admission;
- b. procedures performed during the hospitalization;
- c. discharge diagnosis; and
- d. medications on discharge.

#### Payment rules:

1.C124 is only payable to the *MRP* and limited to one service per hospital admission.

2.C124 is *not eligible for payment* under any of the following circumstances:

- a.The patient was discharged within 48 hours of admission to hospital (calculated from the actual date of admission to hospital);
- b.The admission was for obstetrical delivery unless the mother required admission to an ICU, with subsequent transfer and discharge from another unit within the hospital during the hospital stay;
- c.The admission was for *newborn* care unless the *infant* was admitted to a NICU, with subsequent transfer and discharge from another unit within the hospital during the hospital stay;
- d.For transfers within the same hospital; or
- e.For discharges directly from a NICU or ICU where NICU or ICU critical care per diem services were rendered the same day.

#### [Commentary:

In the case of conflicting claims for this service, the physician to whom the patient has rostered (virtual or actual) may receive the payment for the service.]

### D. First subsequent visit by the MRP following transfer from an Intensive Care Area

#### First subsequent visit by the MRP following transfer from an Intensive Care Area (C142)

##### Definition:

First subsequent visit by the *MRP* following patient's transfer from an Intensive Care Area (including Neonatal Intensive Care) where the patient was receiving Critical Care, Ventilatory Support, Comprehensive Care or Neonatal Intensive Care services immediately prior to the time of the transfer to an acute care hospital bed in the same hospital.

#### Second subsequent visit by the MRP following transfer from an Intensive Care Area (C143)

##### Definition:

Second subsequent visit by the *MRP* following patient's transfer from an Intensive Care Area (including Neonatal Intensive Care) where the patient was receiving Critical Care, Ventilatory Support, Comprehensive Care or Neonatal Intensive Care services immediately prior to the time of the transfer to an acute care hospital bed in the same hospital.

##### Payment rules:

1. C142, C143 are limited to a maximum of one each per hospital admission.

##### [Commentary:

1. C142, C143 are only payable for visits rendered by the *MRP*. Services rendered by physicians who are not the *MRP* may be eligible for payment at a lesser visit fee.

2. C142 or C143 are *not eligible for payment* for visits rendered to patients who were in an Intensive Care Area only for monitoring purposes.]

2. C142, C143 are *not eligible for payment* to the same physician who rendered Critical Care, Ventilatory Support, Comprehensive Care or Neonatal Intensive Care services prior to the patient's transfer.
3. Only one of C122 or C142 is eligible for payment for the same patient during the same hospital admission. Only one of C123 or C143 is eligible for payment for the same patient during the same hospital admission.

##### [Commentary:

For Subsequent visit by the *MRP* – first and second day following the hospital admission assessment (C122, C123), see General Preamble page GP44.]

4. C142, C143 are *not eligible for payment*:

a. when rendered to the same patient the same day as C124 (Subsequent visit by the *MRP* – day of discharge), or

b. for any visit rendered by a surgeon during the 2 days prior to non-Z prefix surgery.

5. C142, C143 are not payable for visits rendered by a surgeon to a hospital in-patient in the first two weeks following non-Z prefix surgery.

##### [Commentary:

The first and second post-operative visits by the surgeon to a hospital in-patient following non-Z prefix surgery constitute post-operative visits payable at the appropriate specialty specific subsequent visit fee.]

6. When a patient is transferred to another physician within the same hospital, C142 or C143 are only payable to the physician who was the *MRP* for the majority of the day of the transfer.

## HOSPITAL AND INSTITUTIONAL CONSULTATIONS AND ASSESSMENTS

### F. Concurrent Care

#### Definition/Required elements of service:

Concurrent care is any routine assessment rendered in hospital by the consultant following the consultant's first major assessment of the patient when the family physician remains the *most responsible physician* but the latter requests continued directive care by the consultant.

#### Payment rules:

Claims for concurrent care are limited to 4 per *week* during the first *week* of concurrent care, and 2 claims per *week* thereafter. Services in excess of this limit are *not eligible for payment*.

### G. Supportive Care

#### Definition:

Supportive care is any routine visit rendered in hospital by the family physician who is not actively treating the case where:

- a. the patient is under the care of another physician;
- b. the supportive care is rendered at the request of the patient or family; and
- c. the care is provided for purposes of liaison or reassurance.

#### Payment rules:

Claims for supportive care are limited to 4 per *week* during the first *week* of supportive care, determined from the date of the first supportive visit, and 2 claims per *week* thereafter. Services in excess of this limit are *not eligible for payment*.

## HOSPITAL AND INSTITUTIONAL CONSULTATIONS AND ASSESSMENTS

### LONG-TERM CARE INSTITUTION: NON-EMERGENCY IN-PATIENT SERVICES

#### ("W" PREFIX SERVICES)

These services apply to patients in chronic care hospitals, convalescent hospitals, nursing *homes*, *homes* for the aged and designated chronic or convalescent care beds in hospitals other than patients in designated *palliative care* beds - "W" prefix services.

#### A. Admission Assessment

##### Type 1 Admission Assessment

##### Definition/Required elements of service:

A Type 1 admission assessment is a general assessment rendered to a patient on admission.

##### Payment rules:

If the physician has rendered a consultation, general assessment, or general re-assessment of the patient prior to admission, the amount payable for the service will be adjusted to a lesser fee.

##### Type 2 Admission Assessment

##### Definition/Required elements of service:

A Type 2 admission assessment occurs when the admitting physician makes an initial visit to assess the condition of the patient following admission and has previously rendered a consultation, general assessment or general re-assessment of the patient prior to admission.

##### Type 3 Admission Assessment

##### Definition/Required elements of service:

A Type 3 admission assessment is a general re-assessment of a patient who is re-admitted to the long-term care institution after a minimum 3 day stay in another institution.

#### B. Subsequent Visit

##### Definition:

A subsequent visit is any routine assessment following the patient's admission to a long-term care institution.

##### Payment rules:

Claims for these subsequent visits are subject to the limits described with each individual service as found under the applicable specialty in the Consultations and Visits section.

##### Claims submission instructions:

1. Submit claims for acute intercurrent illnesses requiring visits other than special visits using W121. When acute intercurrent illness requires a special visit, submit claims using the appropriate fees under General Listings ("A" prefix) and premiums.

##### [Commentary:

Claims for W121 are payable for visits for acute intercurrent illness whenever rendered. Such claims are not dependent on whether the *monthly* limit on the number of subsequent visits has been reached.]

2. When a physician is already in the institution and is asked to assess one of his/her own in-patients, the subsequent visit listings ("W" prefix) apply. However, if he/she is already in the institution and asked to assess another physician's patient on an emergency basis, submit claims using the General Listings ("A" prefix).

## HOSPITAL AND INSTITUTIONAL CONSULTATIONS AND ASSESSMENTS

### EMERGENCY DEPARTMENT - "H" PREFIX EMERGENCY DEPARTMENT SERVICES

For the purpose of emergency department – "H" prefix emergency department services:

"Hospital Urgent Care Clinic" means a clinic operated by a hospital corporation that provides services similar to some or all of those provided by an emergency department but that is open to the public for less than 24 hours in any given 24 hour period.

"Emergency Department Physician" means a physician:

- a. working in a hospital emergency department specifically for the purpose of rendering services to unscheduled patients who attend the emergency department to receive physician services; or
- b. working in a Hospital Urgent Care Clinic specifically for the purpose of rendering services to unscheduled patients who attend the Hospital Urgent Care Clinic to receive physician services.

There are specific "H" prefix listings (H1 – codes) for consultations, multiple systems assessments, minor assessments, comprehensive assessment and care and re-assessments rendered by the Emergency Department Physician. With the exception of the consultation fee (where a specific fee code exists for a *specialist* in emergency medicine), any physician on duty (regardless of specialty) in the emergency department must submit using these listings.

The "H" prefix listings under the heading, "Emergency Department Physician" on pages A12, A13 in the Consultations and Visits section of the Schedule, apply in the following circumstances:

- a. when a full- or part-time Emergency Department Physician is working for a pre-arranged designated period of time or shift; or
- b. for services rendered by an on-call physician where the service does not qualify for claiming a special visit premium.

### PALLIATIVE CARE ASSESSMENT

**Definition:** A palliative care assessment is any routine assessment rendered by the most responsible physician for the purpose of providing palliative care to a patient other than one in a designated palliative care bed at the time the assessment was rendered.

#### Claims submission instruction:

Submit claims for *palliative care* visits, other than those in designated *palliative care* beds, using the appropriate "C" or "W" prefix *palliative care* fee schedule codes.

#### [Commentary:

1. *Palliative care* visits to patients in designated *palliative care* beds, regardless of facility type, are to be claimed using C882 or C982, as applicable.
2. Services rendered to patients whose unexpected death occurs after prolonged hospitalization for another diagnosis unrelated to the cause of death do not constitute *palliative care* assessments.]

### MONTHLY MANAGEMENT OF A NURSING HOME OR HOME FOR THE AGED PATIENT

#### Definition/Required Elements of Service:

*Monthly Management of a Nursing Home or Home for the Aged Patient* is the provision by the *most responsible physician (MRP)* of routine medical care, management and supervision of a patient in a nursing *home* or *home* for the aged for one calendar *month*. The service requires a minimum of two assessments of the patient each *month*, where these assessments constitute services described as "W" prefix assessments.

The requirements above are subject to the exceptions as described in payment rule #8.

#### [Commentary:

As with all services described as assessments, direct physical encounter with the patient is required.]

In addition to the *common elements*, this service includes the provision of the following services by any physician to the same patient during the *month*.

- A. Services described by subsequent visits (e.g. W003, W008).
- B. Services described by additional visits due to "intercurrent illness" (W121) except if the conditions described in Payment rule #7 are satisfied.
- C. Services described by *palliative care* subsequent visits (e.g. W872).
- D. Services described by admission assessments (e.g. W102, W104, W107).
- E. Services described by pre-dental/pre-operative assessments (e.g. W903).
- F. Services described by periodic health visit or general re-assessments (e.g. W109, W004).
- G. Services described by visit for pronouncement of death (W777) or certification of death (W771) except if the services are performed in conjunction with a special visit.
- H. Service described by anticoagulation supervision (G271).
- I. Completion of CCAC application and *home* care supervision (K070, K071, K072).
- J. Services described by the following diagnostic and therapeutic procedures – venipuncture (G489), injection (G372, G373), immunization (G538, G590), Pap smear (G365, G394, E430, E431), intravenous (G379), and laboratory test codes (G001, G002, G481, G004, G005, G009, G010, G011, G012, G014).
- K. All medication reviews.
- L. All discussions with the staff of the institution related to the patient's care.
- M. All telephone calls from the staff of the institution, patient, patient's relative(s) or *patient's representative* in respect of the patient between the hours of 0700 hours and 1700 hours Monday to Friday (excluding *holidays*).
- N. Ontario Drug Benefit Limited Use prescriptions/forms or Section 8 *Ontario Drug Benefits Act* requests.

### MONTHLY MANAGEMENT OF A NURSING HOME OR HOME FOR THE AGED PATIENT

#### Payment rules:

1. Except as outlined in payment rule #8, this service is *only eligible for payment* once per patient per calendar *month*.
2. This service is *only eligible for payment* to the *MRP*.
3. When W010 is rendered, none of the services listed as a component of W010 and rendered to the patient by any physician during the *month* are eligible for payment.
4. In the temporary absence of the patient's *MRP* (e.g. while that physician is on vacation), W010 remains payable to the patient's *MRP* if the service is performed by another physician.
5. In the event the *MRP* renders one "W" prefix assessment in a calendar *month* and the same physician has rendered W010 to that patient within the previous 11-*month* period, only that "W" prefix assessment in that *month* is eligible for payment.
6. In the event the *MRP* renders two, three or four "W" prefix assessments in a calendar *month* and the same physician has rendered W010 to that patient within the previous 11-*month* period, only W010 is eligible for payment.
7. In the event the *MRP* renders more than four "W" prefix assessments to the same patient in a *month* and the same physician has rendered W010 to that patient within the previous 11-*month* period, any subsequent visits for intercurrent illness rendered by the *MRP* to the same patient in excess of four in a *month* are payable as W121 in addition to payment of W010.
8. Despite the definition set out above, the requirements of W010 are met when less than two "W" prefix assessments were rendered during the *month* and/or when the patient was not in the institution for a full calendar *month* if:
  - a. a patient was newly admitted to the institution and an admission assessment was rendered; or
  - b. in the event of the death of a patient while in the institution or within 48 hours of transfer to hospital.
9. Age related premiums otherwise applicable to any component service of W010 are *not eligible for payment* in addition to W010.

#### Claims submission instructions:

1. Claims for W010 may be submitted when the minimum required elements of the service have been rendered for the *month*.

#### [Commentary:

- a. Payment for W010 is for management of the patient for the entire *month* for all the services listed as components of the W010 service, regardless of when the claim for W010 is submitted.
  - b. When claiming W010, do not also submit claims for "W" prefix services listed as components of the W010 for the same *month*.]
2. The admission date of the patient must be provided on the claim for W010 or the service is *not eligible for payment*.
    - a. Submit claims for W121 which meet the requirements outlined in payment rule #7 using the manual review indicator.

## PSYCHOTHERAPY, PSYCHIATRIC AND COUNSELLING SERVICES

### SPECIFIC ELEMENTS

In addition to the *common elements*, all Psychotherapy, Hypnotherapy, Counselling, Primary Mental Health, and Psychiatric Care include the following *specific elements*.

- A. Performing the appropriate therapy or interaction (described below) with the patient(s) or, in the case of K014, K015, and H313, the patient's relative(s) or *patient's representative*, which *may include* the appropriate inquiries (including obtaining a patient history, and a brief physical examination) carried out in order to arrive at an opinion as to the nature of the patient's condition (whether such inquiry takes place before, during or after the encounter during which the therapy or other interaction takes place); any appropriate procedure(s), related service(s), and/or follow-up care.
  - B. Performing any procedure(s) during the same encounter as the therapy or other interaction unless the procedure(s) is(are) separately listed in the Schedule and an amount is payable for the procedure in conjunction with the therapy or interaction.
  - C. Making arrangements for any related assessments, procedures, or therapy.
  - D. Making arrangements for follow-up care.
  - E. Discussion with, and providing advice and information, including prescribing therapy to the patient or the *patient's representative*, whether by telephone or otherwise, on matters related to:
    - a. the service; and
    - b. in circumstances in which it would be professionally appropriate that results can be reported upon prior to any further patient visit, the results of related procedure(s) and/or assessment(s).
  - F. When medically indicated, monitoring the condition of the patient and intervening, until the next insured service is rendered.
  - G. Providing premises, equipment, supplies, and personnel for the *specific elements* of the service.
- While no occasion may arise for performing elements B, C, D and F, when performed in connection with the other *specific elements* they are included in the service.

### Payment rules:

1. These services are calculated and payable in time units of 30 minute increments. In calculating the time unit(s), the minimum time required in direct contact with the patient (or patient's relative or *patient's representative* as the case may be) and the physician in person is as follows:

# GENERAL PREAMBLE

## PSYCHOTHERAPY, PSYCHIATRIC AND COUNSELLING SERVICES

# Units	Minimum Time with Patient
1 unit	20 minutes
2 units	46 minutes
3 units	76 minutes [1h 16m]
4 units	106 minutes [1h 46m]
5 units	136 minutes [2h 16m]
6 units	166 minutes [2h 46m]
7 units	196 minutes [3h 16m]
8 units	226 minutes [3h 46m]

2. Except for in-patient individual psychotherapy by a psychiatrist or in-patient individual psychiatric care for which the time can be consecutive or non-consecutive, for all other services in this section the time units must be calculated based upon consecutive time spent rendering the service.
3. Psychotherapy performed outside a hospital, psychiatric care, primary mental health care, or hypnotherapy rendered the same day as a consultation or other assessment by the same physician to the same patient is *not eligible for payment* unless there are clearly defined different diagnoses for the two services.

**[Commentary:**

Except as noted in payment rule #2 (where non-consecutive services can be cumulated), services less than 20 minutes do not constitute any of the services defined in this section and constitute the type of assessment rendered in the circumstances.]

# GENERAL PREAMBLE

## PSYCHOTHERAPY, PSYCHIATRIC AND COUNSELLING SERVICES

### PSYCHOTHERAPY/FAMILY PSYCHOTHERAPY

#### Definition:

Psychotherapy is any form of treatment for mental illness, behavioural maladaptations, and/or other problems that are assumed to be of an emotional nature, where a physician deliberately establishes a professional relationship with a patient with the purpose of removing, modifying or retarding existing symptoms, or attenuating or reversing disturbed patterns of behaviour, and of promoting positive personality growth and development.

Family psychotherapy is psychotherapy rendered to the patient in the presence of one or more members of the patient's household.

#### Payment rules:

1. Psychotherapy is *not eligible for payment* when rendered on the same day to the same patient by the same physician as obstetrical delivery.
2. Subsequent visits rendered by the same psychiatrist to the same patient on the same day as in-patient individual psychotherapy are *not eligible for payment*.

### PSYCHIATRIC CARE/FAMILY PSYCHIATRIC CARE/PRIMARY MENTAL HEALTH CARE

#### Definition:

Psychiatric care/family psychiatric care/primary mental health care are services encompassing any combination or form of assessment and treatment by a physician for mental illness, behavioural maladaptations, and/or other problems that are assumed to be of an emotional nature, where there is consideration of the patient's biological and psychosocial functioning.

Family psychiatric care is psychiatric care of the patient carried out by the physician in the presence of one or more family members or in the presence of professional caregivers not on staff at the facility where the patient is receiving the care.

#### Payment rules:

Subsequent visits rendered by the same psychiatrist to the same patient on the same day as individual in-patient psychiatric care are *not eligible for payment*.

### FOCUSED PRACTICE PSYCHOTHERAPY PREMIUM

The focused practice psychotherapy premium is payable automatically to an eligible physician subject to the definitions and rules described below.

## PSYCHOTHERAPY, PSYCHIATRIC AND COUNSELLING SERVICES

### HYPNOTHERAPY

**Definition:**

Hypnotherapy is a form of treatment that has the same goals as psychotherapy but is rendered with the patient under hypnosis.

**Payment rules:**

Hypnotherapy is *not eligible for payment* when rendered on the same day to the same patient by the same physician as obstetrical delivery.

### COUNSELLING

**Definition/Required elements of service:**

Counselling is a patient visit dedicated solely to an educational dialogue with a physician. This service is rendered for the purpose of developing awareness of the patient's problems or situation and of modalities for prevention and/or treatment, and to provide advice and information in respect of diagnosis, treatment, health maintenance and prevention.

**[Commentary:**

1. Advice given to a patient that would ordinarily constitute part of a consultation, assessment, or other treatment, is included as a common or constituent element of the other service, and does not constitute counselling.
2. Detention time may be payable following a consultation or assessment when a physician is required to spend considerable extra time in treatment or monitoring of the patient. See GP29 for further information.]

**Payment rules:**

1. With the exception of the codes listed in the below, no other services are eligible for payment when rendered by the same physician the same day as any type of counselling service: E080, G010, G039, G040, G041, G042, G043, G202, G205, G365, G372, G384, G385, G394, G462, G480, G489, G482, G538, G590, G593, G840, G841, G842, G843, G844, G845, G846, G847, G848, H313, K002, K003, K008, K014, K015, K031, K035, K036, K038, K682, K683, K684, K730
2. Individual and group counselling services are limited to 3 units per patient per physician per year at the higher fee (K013 or K040 respectively); the amount payable for services rendered in excess of this limit will be adjusted to a lesser fee (K033 or K041 respectively).
3. If the patient does not have a pre-booked appointment, the amount payable for this service will be adjusted to a lesser assessment fee.

#### A. Individual Counselling

**Definition:**

Individual counselling is counselling rendered to a single patient.

#### B. Group Counselling

**Definition:**

Group Counselling is counselling rendered to two or more patients with a similar medical condition or situation.

**Payment rules:**

1. Group counselling is *only eligible for payment* when all of the following conditions are fulfilled:

# GENERAL PREAMBLE

## PSYCHOTHERAPY, PSYCHIATRIC AND COUNSELLING SERVICES

- a. The group counselling is pre-booked; and
  - b. When there is an ongoing physician-patient relationship.
2. In addition to meeting the usual medical record requirements for the service, the physician must also maintain a separate record (independent of the patient's medical record) of the names and health numbers of all persons in attendance at each group counselling session or the service is *not eligible for payment*.

### Claims submission instruction:

The claim must be submitted under the health number of the group member for whom, when the service was rendered, the largest number of counselling units had previously been claimed by the physician during the year in which the service is rendered.

### [Commentary:

Group counselling does not apply to lectures.]

# GENERAL PREAMBLE

## PSYCHOTHERAPY, PSYCHIATRIC AND COUNSELLING SERVICES

### C. Transplant Counselling

#### Definition/Required elements of service:

Transplant counselling is payable in circumstances where transplant or donation is imminent, for the purpose of providing the recipient, donor or family member with adequate information and clinical data to enable that person to make an informed decision regarding organ transplantation.

#### Claims submission instruction:

The claim must be submitted under the health number of the recipient or donor.

### D. Counselling of Relatives on Behalf of a Catastrophically or Terminally Ill Patient

#### Definition:

Counselling of relatives on behalf of a catastrophically or terminally ill patient is counselling rendered to a relative or relatives or representative of a catastrophically or terminally ill patient, for the purpose of developing an awareness of modalities for treatment of the patient and/or his or her prognosis.

#### Claims submission instruction:

The claim must be submitted under the health number of the patient who is catastrophically or terminally ill.

### E. Rehabilitation Counselling

#### Definition:

Rehabilitation counselling is counselling rendered for the purpose of developing an awareness of the modalities for treatment of the patient and/or his or her prognosis.

## INTERVIEWS

### SPECIFIC ELEMENTS

In addition to the *common elements*, all services described as interviews include the following *specific elements*.

- A. Obtaining information from, engaging in discussion with, and providing advice and information to interviewee(s) on matters related to the patient's condition and care.
- B. Providing premises, equipment, supplies and personnel for the *specific elements* of the service.

### Payment rules:

1. These services are calculated and payable in time units of 30 minute increments. In calculating the time unit(s), the minimum time required in direct contact with the patient (or patient's relative or *patient's representative* as the case may be) and the physician in person is as follows:

# Units	Minimum time
1 unit:	20 minutes
2 units:	46 minutes
3 units:	76 minutes [1h 16m]
4 units:	106 minutes [1h 46m]
5 units:	136 minutes [2h 16m]
6 units:	166 minutes [2h 46m]
7 units:	196 minutes [3h 16m]
8 units:	226 minutes [3h 46m]

### [Commentary:

1. Services less than 20 minutes in duration do not constitute any of the services defined in this section and constitute the type of assessment rendered in the circumstances.
2. Inquiry, discussion or provision of advice or information to a patient, patient's relative or representative that would ordinarily constitute part of a consultation, assessment (including those services which are defined in terms of an assessment) is included as a common or constituent element of the other service, and does not constitute an interview.]
2. If an appointment for the interview is not separately booked, the amount payable for this service will be adjusted to a lesser fee.
3. All services described as interviews must be rendered personally by the attending physician or they become *uninsured services*.

## DELEGATED PROCEDURE

### Definition:

The term “procedure” as it is used in this section does not include services such as assessments, consultations, psychotherapy, counselling etc.

### Payment rules:

1. Where a procedure is performed by a physician’s employee(s) in the physician’s office, the service remains insured using the existing fee codes if all the following requirements are met:
  - a. the procedure is one which is generally and historically accepted as a procedure which may be carried out by the nurse or other medical assistant in the employ of the physician; and
  - b. subject to the exceptions set out below, at all times during the procedure, the physician (although he or she may be otherwise occupied), is:
    - i. physically present in the office or clinic at which the service is rendered in order to ensure that procedures are being performed competently; and
    - ii. available immediately to approve, modify or otherwise intervene in a procedure, as required, in the best interests of the patient.

2. Exceptions to the requirement for physician presence during the delegated procedure.

Where all of the following conditions are met, the simple office procedures listed in the table below remain insured despite the physician not being physically present:

- a. the non-physician performing the procedure is properly trained to perform the procedure, he/she reports to the physician, and the procedure is rendered in accordance with accepted professional standards and practice;
- b. the procedure is performed only on the physician’s own patient, as evidenced by either an ongoing physician/patient relationship or a consultation/assessment rendered by the physician to the patient on the same day as the procedure is performed; and
- c. the same medical record requirements must be met as if the physician personally had rendered the service. The record must be dated, identify the non-physician performing the service, and contain a brief note on the procedure performed by the non-physician.

### Claims submission instruction:

A locum tenens replacing an absent physician in the absent physician’s office may submit claims for delegated procedures under either his/her own billing number or the billing number of the physician he/she is replacing.

## SPECIAL VISIT PREMIUMS

### SPECIAL VISIT PREMIUMS

Special visit means a visit initiated by a patient or an individual on behalf of the patient for the purpose of rendering a non-elective service or, if rendered in the patient's *home*, a non-elective or elective service.

A special visit premium is payable in respect of a special visit rendered to an insured person, subject to the conditions and limitations set out below. All special visit premiums are subject to the maximums, limitations and conditions set out in the "Special Visit Premium Table" applicable in the circumstances.

#### Payment rules:

1. Special visit premiums are *only eligible for payment* when rendered with certain services listed under "Consultations and Visits" and "Diagnostic and Therapeutic Procedures" sections of this Schedule.
2. Regardless of the time of day at which the service is rendered, special visit premiums are *not eligible for payment* in the following circumstances:
  - a. for patients seen during rounds at a hospital or long-term care institution (including a nursing *home* or *home* for the aged);
  - b. in conjunction with admission assessments of patients who have been admitted to hospital on an elective basis;
  - c. for non-referred or transferred obstetrical patients except, in the case of transferred obstetrical patients for a special visit for obstetrical delivery with sacrifice of office hours for the first patient seen (C989);
  - d. for services rendered in a place, other than a hospital or long-term care facility, that is scheduled to be open for the purpose of diagnosing or treating patients;
  - e. for a visit for which critical care team fees are payable under this Schedule;
  - f. in conjunction with any sleep study service listed in the sleep studies section of this Schedule; or
  - g. for services rendered to patients who present to an office without an appointment while the physician is there, or for patients seen immediately before, during or immediately after routine or ordinary office hours even if held at night or on *weekends* or *holidays*.
3. Special visit premiums are *not eligible for payment* with services described by emergency department "H" prefix fee codes.

#### [Commentary:

For elective *home* visits rendered during daytime, evenings, nights or *weekends*, submit claim(s) using fee codes found under the column titled "Elective *Home* Visit" of Special Visit Premium Table VI listed on page GP75.]

Sacrifice of office hours means an insured service rendered when the demands of the patient and/or the patient's condition are such that the physician makes a previously unscheduled non-elective visit to the patient at a time when the physician had an office visit booked with one or more patients but, because of the previously unscheduled non-elective visit, any such office visit was delayed or cancelled.

## SPECIAL VISIT PREMIUMS

### PREMIUMS

**[Commentary:**

Special visit premiums are in respect of either or both: a "travel premium" and a "patient seen" premium (i.e. "first person seen premium" or "an additional person seen premium").]

#### A. Travel Premium

**Definition/required elements of service:**

A travel premium is *only eligible for payment* for travel from one location to another location ("the destination") subject to the payment rules below.

A travel premium is *not eligible for payment* when a physician is required to travel from one location to another within the same long-term care facility, hospital complex or within buildings situated on the same hospital campus.

**[Commentary:**

1. A first person seen premium may be eligible for payment in this circumstance.
2. Only one travel premium is eligible for payment for each separate trip to a destination regardless of the number of patients seen in association with each trip.]

#### B. First person seen premium

A first person seen premium is eligible for payment for the first person seen at the destination under one of the following circumstances ("the eligible times"):

1. if the insured service is commenced evenings (17:00 hr-24:00 hr) Monday to Friday; daytime or evenings on Saturdays, Sundays, and *Holidays*; or nights (24:00 hr-07:00 hr);
2. if rendered requiring sacrifice of office hours; or
3. if rendered during daytime hours (07:00 - 17:00 hrs Monday through Friday) in circumstances in which a travel premium is eligible for payment.

#### C. Additional person premium

An additional person premium is *only eligible for payment* for services rendered at the destination to additional patients seen in emergency departments, outpatient departments, long-term care institutions or to hospital inpatients, provided that each additional patient service is commenced during the eligible times.

**[Commentary:**

Special visit premiums are *not eligible for payment* for elective services rendered at a long-term care institution, including a nursing *home* or *home* for the aged, even when the long-term care institution is the "*home*" of the patient.

Submit claims for routine elective visits in these locations as subsequent visits. For example, if the physician is called to a nursing *home* to see a patient for a non-elective problem at 8AM, and subsequently sees his/her routine patients on rounds, those additional patients do not qualify for the additional person premium.]

## SPECIAL VISIT PREMIUMS

### LIMITS FOR SPECIAL VISIT PREMIUMS

Special visit premiums in excess of the maximums listed in the Special Visit Premium Tables are *not eligible for payment*.

The maximums apply to the number of patients where special visit premiums may be eligible for payment on that service date or in the time period specified.

### LIMITS FOR GERIATRIC HOME VISIT SPECIAL VISIT PREMIUMS

For the purpose of special visit premiums under the heading "Geriatric Home Visit Special Visit Premiums", the special visit premiums listed under Table X are *only eligible for payment* to:

- a. a *specialist* in Geriatrics (07); or
- b. a physician with an exemption to access bonus impact in Care of the Elderly from the *MOH*.

### LIMITS FOR EMERGENCY DEPARTMENT PHYSICIAN

For the purpose of special visit premiums under the heading "Emergency Department Physician", "Emergency Department Physician" means a physician:

- a. who on a day when the physician is scheduled to work in a hospital emergency department specifically for the purpose of rendering services to patients who attend the emergency department for physician services,
  - i. is requested by the emergency department to attend at a time when the physician is not otherwise scheduled to work in the emergency department; and
  - ii. who is not at the hospital at the time the emergency department request for attendance is made; or
- b. is on-call on a scheduled basis specifically to be available to a hospital emergency department to render services to patients who attend the emergency department for physician services and who is not at the hospital at the time the emergency department request for attendance is made.

#### **[Commentary:**

Emergency room physicians may be primarily funded either through an Emergency Department Alternate Funding Arrangement (ED-AFA) or fee-for-service.]

In addition to the general restrictions regarding special visits as outlined above, there are specific restrictions which apply to special visit premiums for services rendered in the emergency department by Emergency Department Physicians (as defined above). These limits are listed in the Special Visit Premiums table under the heading "Emergency Department by Emergency Department Physician" (Table V). Special Visit Premiums listed in the Special Visit Premiums table under the heading "Emergency Department" (Table I) are *not eligible for payment* to Emergency Department Physicians (as defined above).

#### **[Commentary:**

1. First patient seen and additional person seen premiums for Emergency Department Physicians are eligible for payment only when the physician is required to travel, as defined under "Travel Premium" page GP66, to make a special visit to the hospital emergency department.

# GENERAL PREAMBLE

## SPECIAL VISIT PREMIUMS

2. If the Emergency Department Physician is at the hospital at the time the emergency department request for attendance is made, the appropriate H prefix code may be eligible for payment.
3. If the Emergency Department Physician is called to a hospital ward on a non-elective basis, the General Listings ("A" prefix) apply and "C" prefix first person seen/additional person seen special visit premium may be eligible for payment.]

**Note:**

When special visits are rendered by physicians when they are not on duty to the emergency department, the limits for special visit premiums under the heading "Emergency Department" (Table I) apply (GP70). For patients assessed during this visit to the emergency department beyond the defined limits, submit claims for all subsequent patients using the "H" prefix listings.

# GENERAL PREAMBLE

## SPECIAL VISIT PREMIUMS

### Medical record requirements:

Special Visit Premiums are *only eligible for payment* if the following requirements are met:

1. For fee codes listed in Tables I, II, III, IV, VI, VII, VIII, IX and X the time at which the special visit takes place must be documented on the medical record.
2. For fee codes listed in Table V;
  - a. the time of the request to attend in the emergency department must be documented on the medical record; and
  - b. The specific situation requiring the physician's attendance must be documented on the medical record.

### [Commentary:

When a special visit service occurs in a hospital, emergency department or long-term care institution where common medical records are maintained, the time when the visit takes place may be documented anywhere in the common medical record.]

### Claims submission instructions:

Submit claims using the appropriate A-prefix assessment fee from the "General Listings" for an assessment rendered in conjunction with a special visit premium.

A multiple resident dwelling is a single location that shares a common external building entrance or lobby e.g. apartment block, rest or retirement *home*, commercial hotel, motel or boarding house, university or boarding school residence, hostel, correctional facility or group *home*.

**[Commentary:**

1. Special visit premiums listed in Table VI above are *not eligible for payment* with A007 or A001 when rendered in a patient's *home*. See page A2.
2. For A007 or A001 rendered in a patient's *home*, travelling to and from the *home* is included as a common element of the insured service. See page GP13 of this *Schedule*.]

## SUPERVISION OF POSTGRADUATE MEDICAL TRAINEES

### [Commentary:

1. A physician who supervises a medical trainee who renders an insured service is eligible to be paid for the insured service as if the supervising physician performed the service personally, subject to any terms, conditions and limitations found in this section.
2. The sole purpose of the terms and conditions described in this section is to define when a service is payable by *OHIP*. These terms and conditions do not alter the College of Physicians and Surgeons of Ontario Professional Responsibilities in Postgraduate Medical Education requirements or any requirements of the institutions responsible for postgraduate medical education.]

### Note:

Unless otherwise specified in this section, all other payment requirements in the *Schedule* related to any service that is performed by a Medical Trainee are applicable.

### DEFINITIONS:

For the purposes of this section of the *Schedule* only, the following Definitions apply:

**Supervision:** Supervision is performed by the Supervising Physician and includes the responsibility to guide, observe and assess the educational activities of the Medical Trainee and assures the quality of an insured service while being rendered by the Medical Trainee.

Supervision is only performed:

- a. in person, by telephone, or videoconference, the method being consistent with the acuity of the service being rendered by the Medical Trainee as well as the Medical Trainee's level of competence;
- b. when the service is provided within a setting approved by the educational institution where the Medical Trainee is registered; and
- c. when the service is within the scope and oversight of the postgraduate medical training program in which the Medical Trainee is registered.

### [Commentary:

The Supervising Physician and the Medical Trainee must be physically present in Ontario.]

**Supervising Physician** The Supervising Physician is a physician who performs Supervision of a Medical Trainee who renders an insured service to an insured person. The Supervising Physician must hold an academic appointment with the educational institution where the Medical Trainee is registered. The Supervising Physician of a Medical Trainee involved in the care of a patient may or may not be the most responsible physician for that patient.

**Medical Trainee** A Medical Trainee is a physician who is registered in a postgraduate training program as a Resident or Clinical Fellow at the time he/she performs an insured service.

**Resident** A Resident is registered in an accredited postgraduate training program that leads to certification for practice in Canada as a specialist or subspecialist by the Royal College of Physicians and Surgeons of Canada or to certification by the College of Family Physicians of Canada for practice in Canada as a family physician.

# GENERAL PREAMBLE

## SUPERVISION OF POSTGRADUATE MEDICAL TRAINEES

**Clinical Fellow** A Clinical Fellow is registered with a postgraduate training program that is approved by a university postgraduate medical education office in Ontario. The Clinical Fellow must have a Certificate of Registration with the College of Physicians and Surgeons of Ontario.

**[Commentary:**

An undergraduate is not a physician and does not meet the definition of a Medical Trainee]

**Procedure** A Procedure is an insured service that has anaesthesia base units listed in the column headed with “Anae” and includes anaesthesia services provided by Anaesthesiologists.

**Non-Procedure** A Non-Procedure Service is an insured service, other than Procedures and Time-Based Services.

**Time-Based Services** A Time-Based Service is an insured service described as Psychotherapy, Psychiatric and Counselling, Interviews, Hypnotherapy, Psychiatric Care and Primary Mental Health Care.

# GENERAL PREAMBLE

## SUPERVISION OF POSTGRADUATE MEDICAL TRAINEES

### Payment Rules

#### A. GENERAL

1. A service rendered by a Medical Trainee is *only eligible for payment* to the Supervising Physician where Supervision is provided as defined above and subject to the specific requirements below.
2. Where a Resident with an *OHIP* billing number is providing insured services independently and outside their training program, the insured service is *not eligible for payment* to a Supervising Physician as there is no Supervision provided.

**[Commentary:**

In the scenario described above the Resident is not performing the service as a Medical Trainee. In this scenario, the Resident would bill *OHIP* for the service provided.]

3. Where a Clinical Fellow with an *OHIP* billing number is providing insured services independently and outside their training program, the insured service is *not eligible for payment* to a Supervising Physician as there is no Supervision provided.

**[Commentary:**

In the scenario described above the Clinical Fellow is not performing the services as a Medical Trainee. In this scenario, the Clinical Fellow would bill *OHIP* for the services provided. For example, an orthopedic surgeon may be enrolled in a sarcoma surgery clinical fellowship but has privileges as a general orthopedic surgeon and may perform, and be eligible for payment, for rendering a service such as an open reduction of a fracture that is not being supervised by a Supervising Physician.]

4. Special Visit premiums are *not eligible for payment* to the Supervising Physician unless the Supervising Physician personally satisfies the payment requirements for a special visit premium.
5. The following services are *not eligible for payment* to the Supervising Physician when rendered by a Medical Trainee:
  - a. Case Conferences;
  - b. Multidisciplinary Cancer Conferences;
  - c. Provider-to-provider services, including:
    - i. Telephone Consultations;
    - ii. E-Consultations; and
    - iii. E-Assessments.
  - d. Virtual Care Services when provided to hospital inpatients or patients in an emergency department.

#### B. PROCEDURE SERVICES

1. A Procedure rendered by a Resident is *only eligible for payment* to the Supervising Physician when the Supervising Physician:
  - a. is aware the Resident will render the service; and
  - b. is physically present in the clinical facility at the time the service is rendered; and
  - c. is immediately available to personally attend the patient when requested by the Resident or other health care professional.

# GENERAL PREAMBLE

## SUPERVISION OF POSTGRADUATE MEDICAL TRAINEES

2. A Procedure rendered by a Clinical Fellow is *only eligible for payment* to the Supervising Physician when the Supervising Physician:
  - a. is aware the Clinical Fellow will render the service; and
  - b. is available to personally attend the patient when requested by the Clinical Fellow or other health care professional in a timely manner consistent with the acuity of the clinical scenario.

**Note:**

Payment rule 2(b) above is not applicable in circumstances where a Supervising Physician supervises Procedures rendered by a Clinical Fellow for the purpose of procurement of organs or tissues to be used in transplantation.

3. Where a Procedure is rendered by a Clinical Fellow with an *OHIP* billing number under the supervision of a Supervising Physician, the Procedure is eligible for payment to the Clinical Fellow as a surgical assistant if the Procedure has basic units listed in the column headed with "Asst".

**[Commentary:**

1. The Supervising Physician should submit a claim as the operating surgeon in this situation ("A" suffix).
2. The Clinical Fellow should submit a claim as the assistant ("B" suffix).]

## C. TIME-BASED SERVICES

1. A Time-Based Service rendered by a Medical Trainee is *only eligible for payment* to the Supervising Physician when the Supervising Physician is aware the Medical Trainee will render the service.
2. The number of time units payable is the time spent by the Medical Trainee providing the service to the patient subject to limits set out below:

**Note:**

1. Any time taken in discussion with the Medical Trainee about the case is *not eligible for payment*.
2. The maximum number of time units payable for a Time-Based service rendered by the Medical Trainee(s) to an individual patient is two units.
3. The maximum number of time units payable for a Time-Based service rendered by the Medical Trainee(s) to a group of two or more patients is four units.

**[Commentary:**

1. Where there is more than one Medical Trainee participating in the rendering of a time-based service concurrently, only the time units rendered by one Medical Trainee are eligible for payment to the same Supervising Physician.]

## D. NUMBER OF MEDICAL TRAINEES

The following table describes the maximum number of services that are payable for services rendered concurrently by Medical Trainee(s) and the Supervising Physician.

# GENERAL PREAMBLE

## SUPERVISION OF POSTGRADUATE MEDICAL TRAINEES

Type of Insured Service	Location Where Insured Services are Rendered	Maximum number of insured services eligible for payment when rendered concurrently by the Medical Trainee(s) and the Supervising Physician
Procedures Only	Any	2
Procedures with any combination of Non-Procedures or Time-Based Services	Any	2
Any Combination of Non-Procedures or Time-Based Services	Any	3
Any Combination of Non-Procedures or Time-Based Services	Specialized Clinic in a Quaternary Hospital	4
Any Combination of Non-Procedures or Time-Based Services	Emergency Department	No Limit
Any Combination of Non-Procedures or Time-Based Services	Hospital Inpatient	No Limit

**Note:**

1. Maximum number of services rendered concurrently include all services rendered by both the Medical Trainee(s) and the Supervising Physician.
2. With respect to the maximum number of services eligible for payment in Specialized Clinics located at a Quaternary hospital, the following is applicable:
  - a. The maximums are applicable only for clinics that have been approved by the *MOH*.
  - b. In the absence of *MOH* approval, the other maximums pertaining to the type and location of insured services rendered by the Supervising Physician and Medical Trainee(s) are applicable.
3. The above maximums refer to Time-Based Services rendered to individual patients. In circumstances where Time-Based Services are rendered to groups of two or more patients, the group session is considered to be a service provided to one patient.

**[Commentary:**

1. If the Supervising Physician is personally performing a Procedure at the same time and is Supervising one Medical Trainee who is performing a Procedure, this situation describes two insured services that are payable.
2. If the Supervising Physician is personally performing a Procedure and at the same time is Supervising two Medical Trainees who are both performing Procedures, this situation describes three services but only two of the three insured services are payable.

# GENERAL PREAMBLE

## SUPERVISION OF POSTGRADUATE MEDICAL TRAINEES

3. If the Supervising Physician is personally rendering a service other than a Procedure (i.e. a Non-Procedure or a Time-Based Service) and is supervising two Medical Trainees who are performing Procedures concurrently, this situation describes three services but only two insured services that are payable.
4. If the Supervising Physician is personally rendering a Non-Procedure and is Supervising two Medical Trainees who are both performing Non-Procedures or Time-Based services at the same time, this situation describes three insured services that are payable.]

### E. Forms

1. An insured service listed in the *Schedule* that includes the completion of a form is *not eligible for payment* to a Supervising Physician if rendered by a Medical Trainee unless the form has been reviewed and signed by the Supervising Physician.

### F. Medical Record Requirements

1. A service is *only eligible for payment* to the Supervising Physician when the medical record of the patient(s) identifies the following information at the time of the provision of the service:
  - a. The Supervising Physician;
  - b. The Medical Trainee and level of training;
  - c. The description of the insured service performed by the Medical Trainee;
  - d. Patient consent to the Supervision of services of a Medical Trainee; and
  - e. Where the service rendered is a Time-Based service, the Supervising Physician has at a minimum, reviewed the nature and outcome of the service and the patient record(s), with the Medical Trainee.
2. In addition to the requirements in 1 above, the Supervising Physician must have:
  - a. signed off on the service rendered by the Medical Trainee in the patient's medical record; or
  - b. where the Supervising Physician was not immediately available to sign off on the service rendered by the Medical Trainee, the Medical Trainee has written the date and time a discussion occurred with the Supervising Physician regarding the provision of the service in the patient's medical record.

#### [Commentary:

Each entry into the patient's medical record does not need to contain all of the above medical record keeping requirements. However, it must be evident upon review of the entire medical record that all requirements were met at the time of the provision of the Supervised service.

Supervision of the Medical Trainee by the Supervising Physician must be evident in the medical record. This *may include* a physical visit to the patient and/or a chart review and detailed discussion between the Supervising Physician, the Medical Trainee, and other member(s) of the health team.

The service date to be used for claims is the date the Medical Trainee rendered the insured service to the patient.]

## SURGICAL ASSISTANTS' SERVICES

### SPECIFIC ELEMENTS

In addition to the *common elements*, assistance at surgery includes the following *specific elements*.

- A. Preparing or supervising the preparation of the patient for the procedure.
- B. Performing the procedure by any method, or assisting another physician in the performance of the procedure(s), assisting with the carrying out of all recovery room procedures and the transfer of the patient to the recovery room, and any ongoing monitoring and detention rendered during the immediate post-operative and recovery period, when indicated.
- C. Making arrangements for any related assessments, procedures, or therapy, (including obtaining any specimens from the patient) and/or interpreting results.
- D. When medically indicated, monitoring the condition of the patient for post-procedure follow-up until the first post-operative visit.
- E. Discussion with, and providing any advice and information, including prescribing therapy to the patient or the *patient's representative*, whether by telephone or otherwise, on matters related to the service.
- F. Providing premises, equipment, supplies, and personnel for services identified with prefix # for any aspect(s) of A, C, D, and E that is (are) performed in a place other than the place in which the surgical procedure is performed.

While no occasion may arise for performing elements A, C, D or E, when performed in connection with the *specific elements* of a service, these are included in the service.

### CALCULATION OF FEE PAYABLE: BASIC UNITS AND TIME UNITS

Except where "nil" is listed opposite the service in the column headed with "Asst", the amount payable for the surgical assistant service is calculated by adding together the number of basic and time units and multiplying that total by the unit fee.

**Assistant Unit Fee** ..... **\$12.51**

**Basic Units:** The number of basic units is the number of units listed opposite the service in the column headed with "Asst", except

- a. where multiple or bilateral surgical procedures are performed during the same anaesthetic, the number of basic units is that listed in the column headed with "Asst" opposite the service that describes the major procedure; or
- b. where no basic unit is listed opposite the service in the column headed with "Asst" and where "nil" is not listed opposite the service in the column headed with "Asst", the number of basic units is that listed opposite the service under the column headed with "Anae". This type of service is *only eligible for payment* upon authorization by a *medical consultant* following submission of a letter from the surgeon outlining the reason the assistant was required. Submit claims for this type of service using fee code M400B.

Where "nil" is listed opposite the service in the column headed with "Asst", the assistant's service is *not eligible for payment*.

# GENERAL PREAMBLE

## SURGICAL ASSISTANTS' SERVICES

**Time Units:** For the purpose of calculating time units, time is determined per operation as the total of the following, excluding any time spent waiting between surgical procedures:

- a. time spent by the physician in direct contact with the patient in the operating room prior to scrub time to assist with patient preparation; and
- b. time spent by the physician assisting at the patient's surgery starting with scrub time and ending when the physician is no longer required to be in attendance with that patient.

Time units are calculated for each 15 minutes or part thereof. The unit value of each 15 minute period or part thereof is:

During the first hour or less.....	1 unit
After the first hour .....	2 units
After 2.5 hours .....	3 units

### Claims submission instruction:

Submit claims for assisting at surgery using the suffix "B", with the procedural code.

#### [Commentary:

See Appendix H for a table stating the duration of surgical assisting and corresponding time units.]

## SURGICAL ASSISTANTS' SERVICES

### AFTER HOURS PREMIUMS

These premiums are payable when a case commences:

E400B Evenings (17:00h – 24:00h) Monday to Friday or daytime and evenings on Saturdays, Sundays or Holidays - increase the total assistant's fee by .....	50%
E401B Nights (00:00h – 07:00h) - increase the total assistant's fee by	75%

### REPLACEMENT SURGICAL ASSISTANT

When one surgical assistant (“the first assistant”) starts a procedure and is replaced by another surgical assistant (“the replacement assistant”) during a surgical procedure:

- a. The amount payable to the first assistant is calculated by adding the listed procedural basic units plus time units for the time the first assistant is in attendance.
- b. The service provided by the replacement assistant constitutes E005B based on the number of time units for the time the replacement assistant is in attendance.

#### Payment rules:

1. Base units are *not eligible for payment* to the replacement assistant.
2. Time units for the replacement assistant are calculated based on the total time the replacement assistant participates in the case. Time unit values are calculated in the same manner as would have applied to the original assistant had he/she not been replaced.

#### [Commentary:

As an example, if the original assistant is eligible for double time units when the replacement assistant takes over, the replacement assistant is also eligible for double time units.]

3. E400B or E401B is eligible for payment with E005B only if the beginning of the case commences after hours.

#### Medical record requirements:

E005B is *only eligible for payment* when the start and stop times are documented in the patient's permanent medical record.

### CANCELLED SURGERY – ASSISTANT SERVICES

#### Payment rules:

1. If the procedure is cancelled prior to induction of anaesthesia, the service constitutes a subsequent hospital visit.
2. When an anaesthetic has begun but the operation is cancelled due to a complication prior to commencement of surgery and the assistant has scrubbed but is not required to do anything further, the service is payable as E006B with the actual number of time units added to 6 basic units for this service.

#### [Commentary:

If the operation is cancelled after surgery has commenced, the amount payable is calculated by adding the listed procedural basic units plus time units and multiplying the total by the unit fee listed at the start of this section.]

### SECOND ASSISTANT

#### Payment rules:

When more than one assistant was required for a surgical procedure, unless the service is listed below, the second assistant's service is *only eligible for payment* following authorization by a *medical consultant* and requires submission of a letter from the surgeon outlining the reason the second assistant was required. The amount payable for the second assistant is calculated in the same manner as the amount payable for the first assistant.

## ANAESTHESIOLOGISTS' SERVICES

### SPECIFIC ELEMENTS

In addition to the *common elements*, the *general anaesthesia* service includes the following *specific elements*.

- A. Supervising the preparation of the patient for anaesthesia.
- B. Performing the anaesthetic procedure, and procedures associated with the anaesthetic procedure which are not separately payable including providing all supportive measures to the patient during and immediately after the period of anaesthesia; transfer of or assisting with the transfer of the patient to the recovery room; all indicated recovery room procedures, and ongoing monitoring and detention during the immediate post-operative and recovery period.
- C. Making arrangements for any assessments, procedures, or therapy, including obtaining any specimens (except for arterial puncture Z459), and/or interpreting the results, on matters related to the service.
- D. Making, or supervising the making of, arrangements for follow-up care and when medically indicated, post-procedure monitoring of the patient's condition until the next insured service is provided.
- E. Discussion with, and providing any advice and information, including prescribing therapy to the patient or the *patient's representative*, whether by telephone or otherwise, on matters related to the service.
- F. Providing premises, equipment, supplies, and personnel for any aspect(s) of *specific elements* A, C, D, and E that is (are) performed in a place other than the place in which the general anaesthetic service is performed.

While no occasion may arise for performing elements C, D or E, when performed in connection with the other *specific elements*, they are included in the general anaesthetic service.

The *general anaesthesia* service includes:

- a. a pre-anaesthetic evaluation, with *specific elements* as for assessments (see GP15);
- b. the anaesthetic procedure; and
- c. post-anaesthetic follow-up.

#### Note:

- 1. With the exception of the listings in the "Consultations and Visits" section, all references to an anaesthesiologist in this Schedule are references to any physician providing anaesthetic services.
- 2. As defined in the General Preamble (see GP2), *general anaesthesia*, for the purposes of this Schedule, includes all forms of anaesthesia except local infiltration, unless otherwise specifically listed.

### CALCULATION OF FEE PAYABLE – BASIC AND TIME UNITS

The amount payable for the anaesthesia service is calculated by adding the number of basic and time units and multiplying the total by the anaesthesiologist unit fee.

**Anaesthesiologist Unit fee** ..... **\$15.49**

**Basic Units:** The number of basic units is the number of basic units listed opposite the service in the column headed with "Anae" except,

# GENERAL PREAMBLE

## ANAESTHESIOLOGISTS' SERVICES

- a. where multiple or bilateral surgical procedures are performed during the same anaesthetic, the number of basic units listed in the column headed with "Anae" opposite the service that describes the major procedure; or
- b. where the basic units are listed as IC, or where no basic units are listed, the amount payable is calculated by adding the appropriate time units to the basic units listed for a comparable procedure (taking into account the region, modifying conditions, or techniques).

Time Units: Time units are calculated on the basis of time spent by the anaesthesiologist and commence when the anaesthesiologist is first in attendance with the patient in the OR for the purpose of initiating anaesthesia and end when the anaesthesiologist is no longer in attendance (when the patient may safely be placed under customary post-operative supervision). Time units are calculated for each 15 minutes or part thereof. The unit value of each 15 minute period or part thereof is:

During the first hour .....	1 unit
After the first hour up to and including the first 1.5 hours .....	2 units
After 1.5 hours .....	3 units

### Claims submission instruction:

Submit claims for anaesthesia services rendered with a surgical procedure using the suffix "C", with the procedural code.

These premiums are payable when a case commences:

E400C Evenings (17:00h – 24:00h) Monday to Friday or daytime and evenings on Saturdays, Sundays or Holidays - increase the total anaesthetic fee by .....	50%
E401C Nights (00:00h – 07:00h) - increase the total anaesthetic fee by .....	75%

### SPECIAL VISIT PREMIUMS

All special visit premiums are subject to the maximums, limitations and conditions set out in the "Special Visit Premium Table" applicable in the circumstances.

Anaesthesia special visit premiums are *only eligible for payment* when an anaesthesiologist is required to travel, as defined under "Travel Premium" page GP66, to make a special visit to the hospital to administer an anaesthetic for a case that commences:

#### Evenings, Weekend/Holiday, Nights and Sacrifice of Office Hours

C998C Evenings (17:00h - 24:00h) Monday to Friday; or for non-elective surgery with sacrifice of office hours - Weekdays .....	60.00
C985C Saturdays, Sundays or Holidays daytime and evenings (07:00h - 24:00h) .....	75.00
C999C Nights (00:00h - 07:00h).....	100.00

#### Payment rules:

C998C, C985C and C999C are eligible for payment only for the first patient seen on each special visit.

#### [Commentary:

1. The specific requirements for special visits are found in pages GP65 to GP77.
2. These premiums are payable in addition to the E400 and E401 premiums.]

## ANAESTHESIOLOGISTS' SERVICES

### CANCELLED SURGERY - ANAESTHESIA SERVICES

#### Payment rules:

1. If an anaesthesiologist examines a patient prior to surgery and the surgery is cancelled prior to the induction of anaesthesia, the service rendered constitutes a hospital subsequent visit.
2. When an anaesthetic has begun but the operation is cancelled prior to commencement of surgery, the service constitutes E006C with the actual number of time units added to 6 basic units for this service.

#### [Commentary:

If the operation is cancelled after surgery has commenced, the amount payable is calculated by adding the listed procedural basic units plus time units and multiplying the total by the unit fee.]

### SECOND ANAESTHESIOLOGIST

Unless otherwise specified in the Schedule, when the anaesthetic services of more than one anaesthesiologist are necessary in the interest of the patient, the service provided by the second anaesthesiologist constitutes E001C with the actual number of time units (based on the actual time assisting the first anaesthesiologist) added to 6 basic units.

### REPLACEMENT ANAESTHESIOLOGIST

When one anaesthesiologist starts a procedure and is replaced by another anaesthesiologist ("the replacement anaesthesiologist") during a surgical procedure or delivery:

- a. the amount payable to the first anaesthesiologist is calculated by adding the listed procedural basic units plus time units for the time the first anaesthesiologist is in attendance;
- b. except in the case of continuous conduction anaesthesia, the service provided by the replacement anaesthesiologist constitutes E005C based on the actual number of time units and 6 basic units.

#### Note:

E005C qualifies for the premiums E400C or E401C only if the case commences after hours (see GP94).

#### [Commentary:

1. Each anaesthesiologist must indicate, as part of the medical record, his/her starting and finishing times.
2. For continuous conduction anaesthesia, the replacement anaesthesiologist submits claims using the applicable continuous conduction anaesthesia fee code.]

### OBSTETRICS – CONTINUOUS CONDUCTION ANAESTHESIA

P014C, introduction of a catheter for labour analgesia, including the first dose of medication with or without any combined spinal-epidural injection(s), has a value of 7 basic units.

P016C time units for maintenance of obstetrical epidural anaesthesia are calculated on the basis of 1 unit for each ½ hour of time to a maximum of 12 units.

E100C time units for attendance at delivery are calculated on the basis of 4 base units and 1 unit for each ¼ hour

### EXTRA UNITS

Extra Units: An amount is payable for extra units in addition to basic units when an anaesthesiologist administers an anaesthetic to:

Fee code	Criteria	Number of extra units
E021C	premature <i>newborn</i> less than 37 weeks gestational age	9 units
E014C	<i>newborn</i> to 28 days	5 units
E009C	<i>infant</i> from 29 days to 1 year of age	4 units
E019C	<i>infant or child</i> from 1 year to 8 years of age inclusive	2 units
E007C	<i>adult</i> aged from 70 to 79 years, inclusive	1 unit
E018C	<i>adult</i> aged 80 years and older	3 units
E010C	patient with <i>body mass index (BMI)</i> > 40	2 units
E011C	patient in prone position during surgery	4 units
E024C	patient in sitting position during surgery, greater than 60 degrees upright	4 units
E025C	unanticipated massive transfusion – transfusion of at least one blood volume of red blood cells	10 units
E012C	patient who is known to have malignant hyperthermia or there is a strong suspicion of susceptibility, and the anaesthetic requires full malignant hyperthermia set up and management	5 units
E022C	ASA III - patient with severe systemic disease limiting activity but not incapacitating	2 units
E017C	ASA IV – patient with incapacitating systemic disease that is a constant threat to life	10 units
E016C	ASA V – moribund patient not expected to live 24 hours <i>with or without</i> operation	20 units
E020C	ASA E - patient undergoing anaesthesia for emergency surgery which commences within 24 hours of operating room booking, to E022C, E017C or E016C	4 units

## ANAESTHESIOLOGISTS' SERVICES

### Note:

E025C is *only eligible for payment* for an unanticipated transfusion of blood during a surgical procedure where:

1. greater than 70 ml/kg of red blood cells are transfused for a patient with a weight up to 50 kg;  
or
2. 10 or more units of red blood cells are transfused for a patient with a weight exceeding 50 kg.

### [Commentary:

1. For E010, BMI is calculated by dividing the patient's weight (in kilograms) by the square of the patient's height (in metres).
2. E025C is defined by the amount of blood transfused rather than the amount of blood loss. The volume of blood transfused does not include blood collected from a cell saver, hemodilution techniques or non-red blood cell components.]

### Payment rules:

1. In the description of E022C, E016C, E017C and E020C, reference to ASA level for Physical Status Classification means the level determined by the anaesthesiologist at the time of the pre-operative anaesthesia assessment.

### [Commentary:

The level determined above does not vary, for example, when complications arise during surgery.]

2. E016C, E017C and E020C are *not eligible for payment* when anaesthesia is rendered to a brain dead patient for organ donations.

## ANAESTHESIOLOGISTS' SERVICES

### REPLACEMENT OF LISTED BASIC UNITS

Circumstances under which the listed basic units for a procedure are replaced with the following basic units:

Fee code	Description	Replace Number of Basic units with
E650C	when a pump ( <i>with or without</i> an oxygenator and <i>with or without</i> hypothermia) is used in conjunction with an anaesthetic	28 units
E645C	off pump coronary artery bypass grafting, to R742 or R743	40 units
E002C	when hypothermia is used by the anaesthesiologist in procedures not specifically identified as requiring hypothermia	25 units
E013C	when anaesthetic management is required for the emergency relief of acute upper airway (above the carina) obstruction (excluding choanal atresia)	10 units

### ANAESTHESIA FOR NERVE BLOCK PROCEDURES

When a physician renders an anaesthesia service in support of services performed by another physician listed in Nerve Blocks for Acute Pain Management, Interventional Pain Injections or the Peripheral/Other Nerve Block sections of the Schedule the anaesthesia service is *only eligible for payment* as one of the following:

E030C Procedural sedation..... 4 basic units

**Note:**

Extra units listed on GP97 are not payable with E030C.

E031C General anaesthesia or deep sedation..... 4 basic units

**Note:**

Extra units listed on GP97 are not payable with E031C.

## ANAESTHESIOLOGISTS' SERVICES

### ANAESTHESIA FOR ocular SURGERY, EXAMINATION UNDER ANAESTHESIA, colonoscopy, sigmoidoscopy and cystoscopy

For the purposes of E023C and E032C, anaesthesia means an anaesthesia service other than local infiltration, topical anaesthesia or procedural sedation rendered in support of the listed procedures. E023C and E032C replaces the listed basic units and time units for anaesthesia for these procedures.

#### Ocular Surgery, Cystoscopy, and Examination Under Anaesthesia

E023C Anaesthesia service for E137, E138, E139, E140, E141, E143, E144, E145, E146, E186, E187, E149, Z432, Z606, or Z607  
..... 6 basic units, plus time units.

#### Colonoscopy and Sigmoidoscopy

E032C Anaesthesia service for Z491, Z492, Z493, Z494, Z495, Z496, Z497, Z498, Z499, Z555 or Z580  
..... 4 basic units, plus time units

#### [Commentary:

1. Deep sedation, *general anaesthesia* or regional anaesthesia, performed by an anaesthesiologist, are examples of anaesthesia that may be rendered for E023C and E032C.
2. Anaesthesia extra units listed on GP97 are eligible for payment with E023C and E032C.
3. Local infiltration or topical anaesthesia used as an anaesthetic for any procedure is *not eligible for payment.*]

#### Note:

For the purposes of anaesthesia services the following definitions apply:

1. Procedural Sedation is a drug-induced depression of consciousness during which patients respond purposefully to verbal commands, either alone or accompanied by light tactile stimulation. No interventions are required to maintain a patent airway, and spontaneous ventilation is adequate. Cardiovascular function is usually maintained.
2. Deep Sedation is a drug-induced depression of consciousness during which patients cannot be easily aroused but respond purposefully following repeated or painful stimulation. The ability to independently maintain ventilatory function may be impaired. Patients may require assistance in maintaining a patent airway, and spontaneous ventilation may be inadequate. Cardiovascular function is usually maintained.
3. *General Anaesthesia* is a drug-induced loss of consciousness during which patients are not arousable, even by painful stimulation. The ability to independently maintain ventilatory function is often impaired. Patients often require assistance in maintaining a patent airway, and positive pressure ventilation may be required because of depressed spontaneous ventilation or drug-induced depression of neuromuscular function. Cardiovascular function may be impaired.

### ANAESTHESIA ADMINISTERED BY SAME PHYSICIAN PERFORMING A PROCEDURE

1. Except as described in paragraph 2, when a physician administers an anaesthetic, nerve block and/or other medication prior to, during, immediately after or otherwise in conjunction with a diagnostic, therapeutic or surgical procedure which the physician performs on the same patient, the administration of the anaesthetic, nerve block and/or other medication is *not eligible for payment.*

# GENERAL PREAMBLE

## ANAESTHESIOLOGISTS' SERVICES

2. A major or minor peripheral nerve block, major plexus block, neuraxial injection (*with or without* catheter) or intrapleural block (*with or without* catheter) for post-operative pain control (with a duration of action more than 4 hours) is eligible for payment as G224 when rendered in conjunction with a procedure which the physician performs on the same patient. With the exception of a bilateral pudendal block (where only one service is eligible for payment), G224 is eligible for payment once per region per side where bilateral procedures are performed.

**[Commentary:**

For additional information, refer to the Nerve Blocks for Acute Pain Management, Interventional Pain Injections and the Peripheral/Other Nerve Block sections of the Schedule.]

## SUPPORTIVE CARE/MONITORING BY SURGICAL ASSISTANT OR ANAESTHESIOLOGIST

### SPECIFIC ELEMENTS

In addition to the *common elements*, supportive care or monitoring by the surgical assistant or anaesthesiologist includes the following *specific elements*.

- A. Being in constant attendance at a surgical procedure for the sole purpose of monitoring the condition of the patient (including appropriate physical examination and inquiry) and being immediately available to provide, and including the provision of, special supportive care to the patient.
- B. Discussion with, and providing advice and information, including prescribing therapy to the patient or the *patient's representative*, whether by telephone or otherwise, on matters related to:
  - 1. the service; and
  - 2. in circumstances in which it would be professionally appropriate that results can be reported upon prior to any further patient visit, the results of related procedure(s) and/or assessment(s).
- C. Providing premises, equipment, supplies, and personnel for any aspect(s) of the *specific elements* of the service that is(are) performed at a place other than the place in which the attendance occurs.

While no occasion may arise for performing element B, when performed in connection with the other elements it is included in the service.

### CALCULATION OF FEE PAYABLE

The fee for this service is calculated in the same manner as for assistant and anaesthesia services.

	Asst	Anae
E003 Supportive care/Monitoring .....	6	4

#### Payment rules:

- 1. For E003B, the assistants' premiums apply as for assistants' services.
- 2. Anaesthesia extra units listed on GP97 are *not eligible for payment* with E003C.
- 3. E003B is *not eligible for payment* for second assistant services.

## OTHER PREMIUMS

### INTENSIVE OR CORONARY CARE UNIT PREMIUM

C101 For each patient seen on a visit to ICU or CCU (subject to the exceptions set out below) .....add 9.10

**Payment rules:**

C101 is *not eligible for payment* with Supportive Care or with Critical Care, Ventilatory Care, Comprehensive Care, Acquired Brain Injury Management or Neonatal Intensive Care where team fees are claimed.

**[Commentary:**

C101 is also payable alone when no other separate fee is payable for the service provided in the ICU or CCU (e.g. post-operative care by surgeon).]

### INTERNAL MEDICINE OFFICE ASSESSMENT PREMIUM

The Internal Medicine Office Assessment Premium is payable automatically to an eligible physician subject to the definitions and rules described below.

**Definitions:**

"Qualifying services" means A133, A134, A131, and A138.

"Fiscal year" means April 1 - March 31st.

"Qualifying year" means the *fiscal year* preceding the date of determination of eligibility.

"Date of determination of eligibility" means the date upon which the General Manager determines that the conditions for payment in (1) or (2) below, have been met.

**Payment rules:**

For the *12 month period* following the date of determination of eligibility for the premium, the amount payable to a physician shall be automatically increased by 12% for the qualifying services in the following circumstances:

1. The physician is practicing solely as a general internist and has submitted all claims using the specialty designation of Internal Medicine (13) in the qualifying year.

### HOSPITALIST PREMIUM

The Hospitalist premium is payable automatically to an eligible physician subject to the definitions and rules described below.

**Definitions:**

"Qualifying services" means E082, C122, C123, C124, C002, C007, C009, C132, C137, C139, C142, C143, A/C933, and C882/C982.

"Fiscal year" means April 1 - March 31st.

"Qualifying year" means the *fiscal year* preceding the date of determination of eligibility, except in cases where the physician has taken a pregnancy or parental leave during this period as confirmed by an application to the Pregnancy and Parental Leave Benefits Program. In such cases, "Qualifying year" means the most recent fiscal year not impacted by the leave.

"Date of determination of eligibility" means the date upon which the General Manager determines that the conditions for payment in (1), (2), and (3) below, have been met.

## OTHER PREMIUMS

### AFTER HOURS SPECIAL VISIT PREMIUMS FOR DIAGNOSTIC SERVICES

All special visit premiums are subject to the maximums, limitations and conditions set out in the "Special Visit Premium Table" applicable in the circumstances.

Subject to the provision set out below, these special visit premiums are eligible for payment for non-elective services rendered by *specialists* in Diagnostic Radiology, Radiation Oncology or Nuclear Medicine for an acute care hospital in-patient, out-patient or emergency department patient for services listed in the following sections of the Schedule:

Nuclear Medicine, Radiation Oncology, Diagnostic Radiology, Clinical Procedures Associated with Diagnostic Radiology Examinations, Magnetic Resonance Imaging and Diagnostic Ultrasound.

When a physician providing one or more of the foregoing non-elective services renders a special visit (as defined under "Special Visit" page GP65) in the hospital during the time periods set out below for the purpose of interpreting the results of a diagnostic service, performing a procedure, rendering a diagnostic radiology or nuclear medicine consultation or to conclude that a procedure is not medically indicated, a special visit premium is eligible for payment payable in addition to the appropriate diagnostic radiology or nuclear medicine consultation, interpretation, or procedural fee, or by itself if the decision is made not to perform the procedure.

#### Payment rules:

1. These special visit premiums are *not eligible for payment* for services rendered outside of a hospital, for example via PACS.
2. Only one special visit person seen premium is eligible for payment per patient regardless of the number of eligible services rendered during the same special visit for that patient.
3. These special visit premiums are *not eligible for payment* in addition to any other special visit premium for the same special visit.
4. For the purpose of interpreting the results of a diagnostic service or performing a diagnostic service, these special visit premiums are *only eligible for payment* if the request for the interpretation relates to a patient's condition requiring urgent interpretation that affects the patient's management.

#### [Commentary:

The specific requirements for special visits are found on pages GP65 to GP78.]

E408 Nights (00:00h - 07:00h).....	100.00

#### Payment rules:

1. These premiums are *only eligible for payment* for an urgent CT or MRI interpretation for an acute care hospital in-patient, emergency department or Hospital Urgent Care Clinic patient and only if the following requirements are satisfied:
  - a. the *referral* for the interpretation relates to a patient's condition that requires urgent interpretation of a CT or MRI study for the urgent management of the patient;
  - b. the *referral* is from a physician or oral and maxillofacial surgeon who has privileges at the hospital where the service is rendered;
  - c. the interpreting physician has radiology privileges at the hospital where the request for the service originates; and
  - d. the interpretation is transmitted to the referring provider within three hours of the completion of the CT/MRI study.

#### Note:

If the request for interpretation occurs prior to an eligible after hours period, but the interpretation cannot be provided prior to that eligible after hours period due to factors beyond the control of the interpreting physician, these premiums remain eligible for payment if the payment rules are otherwise satisfied.

2. E406, E407 and E408 are limited to a maximum of one per patient, per physician, per day, regardless of the number of CT and/or MRI images interpreted for that patient.

## DIAGNOSTIC PROCEDURES ORDERED BY PERSONS OTHER THAN PHYSICIANS

### Midwives and Aboriginal Midwives

Diagnostic ultrasound for normal, complicated or high-risk pregnancy (but not for the postpartum period) rendered in an *ICHSC* or hospital is insured when referred by a midwife or aboriginal midwife.

### Nurse Practitioners

Diagnostic procedures listed in the Diagnostic Radiology, Magnetic Resonance Imaging (MRI), Diagnostic Ultrasound, Pulmonary Function Studies, and Diagnostic and Therapeutic Procedures sections of the *Schedule* and rendered in an *ICHSC*, or a hospital, are insured when referred by a *nurse practitioner* if the *nurse practitioner* is either authorized to order the test under the *Nursing Act* or permitted to order the test in accordance with the regulations under the *Regulated Health Professions Act*.

Diagnostic procedures listed in the Electrocardiography section of the *Schedule* rendered in any clinical setting are insured when referred by a *nurse practitioner* if the *nurse practitioner* is either authorized to order the test under the *Nursing Act* or permitted to order the test in accordance with the regulations under the *Regulated Health Professions Act*.

### Oral and Maxillofacial Surgeons

Diagnostic procedures listed in the Nuclear Medicine, Diagnostic Radiology, Magnetic Resonance Imaging (MRI), Diagnostic Ultrasound, and Pulmonary Function Studies sections of the *Schedule* and rendered in a hospital are insured when referred by an *oral and maxillofacial surgeon* if the *oral and maxillofacial surgeon* is either authorized to order the test under the *Dentistry Act* or permitted to order the test in accordance with the regulations under the *Regulated Health Professions Act*, and the test is rendered:

- a. in connection with a dental surgical procedure provided by an *oral and maxillofacial surgeon* in a hospital and it is medically necessary for the patient to receive the dental surgical procedure in a hospital; or
- b. on the order of an *oral and maxillofacial surgeon* who has reasonable grounds to believe that a dental surgical procedure, performed by an *oral and maxillofacial surgeon*, will be required in connection with the test and that it will be medically necessary for the patient to receive the dental surgical procedure in a hospital.

## FAMILY PRACTICE & PRACTICE IN GENERAL (00)

### GENERAL LISTINGS

A005 Consultation..... 87.90

#### Special family and general practice consultation

This service is a consultation rendered by a GP/FP physician who provides all the elements of a consultation and spends a minimum of fifty (50) minutes of direct contact with the patient exclusive of time spent rendering any other separately billable intervention to the patient.

A911 Special family and general practice consultation..... 150.70

#### Comprehensive family and general practice consultation

This service is a consultation rendered by a GP/FP physician who provides all the elements of a consultation and spends a minimum of seventy-five (75) minutes of direct contact with the patient exclusive of time spent rendering any other separately billable intervention to the patient.

A912 Comprehensive family and general practice consultation ..... 226.05

#### Payment rules:

1. For A911 and A912, the start and stop times must be recorded in the patient's permanent medical record or the amount payable for the service will be adjusted to a lesser paying fee.
2. No other consultation, assessment, visit or counselling service is eligible for payment when rendered the same day as one of A911 or A912 to the same patient by the same physician.

#### [Commentary:

1. A911 and A912 must satisfy all the elements of a consultation (see page GP16).
2. The calculation of the 50 minute and 75 minute minimum for special and comprehensive consultations respectively excludes time devoted to any other service or procedure for which an amount is payable in addition to the consultation.]

#### Special palliative care consultation

A special *palliative care* consultation is a consultation requested because of the need for specialized management for *palliative care* where the physician spends a minimum of 50 minutes with the patient and/or patient's representative/family in consultation (majority of time must be spent in consultation with the patient). In addition to the general requirements for a consultation, the service includes a psychosocial assessment, comprehensive review of pharmacotherapy, appropriate counselling and consideration of appropriate community services, where indicated.

A945 Special palliative care consultation..... 159.20

#### Payment rules:

1. Start and stop times must be recorded in the patient's permanent medical record or the amount payable for the service will be adjusted to a lesser paying fee.
2. When the duration of a *palliative care* consultation (A945 or C945) exceeds 50 minutes, one or more units of K023 are payable in addition to A945 or C945, provided that the minimum time requirements for K023 are met. The time periods for A945 or C945 and K023 are mutually exclusive (i.e. the start time for determination of minimum time requirements for K023 occurs 50 minutes after start time for A945 or C945).

## FAMILY PRACTICE & PRACTICE IN GENERAL (00)

### Complex house call assessment

A complex house call assessment is a primary care service rendered in a patient's *home* to a patient that is considered either a frail elderly patient or a housebound patient. The service provided must satisfy, at a minimum, all of the requirements of an intermediate assessment.

A900 Complex house call assessment..... 54.50

#### Payment rules:

1. A complex house call assessment is *only eligible for payment* for the first person seen during a single visit to the same location.
2. A900 is *not eligible for payment* unless the patient is a frail elderly patient or a housebound patient.

#### Note:

1. For the purposes of A900, a frail elderly patient is a patient who is 65 years of age or over who has one or more of the following:
  - a. Complex medical management needs, that may include polypharmacy;
  - b. Cognitive impairment (e.g. dementia or delirium);
  - c. Age-related reduced mobility or falls; or
  - d. Unexplained functional decline not otherwise specified.
2. For the purposes of A900, a housebound patient is a patient who meets all the following criteria:
  - a. The person has difficulty in accessing office-based primary health care services because of medical, physical, cognitive, or psychosocial needs/conditions;
  - b. Transportation and other strategies to remedy the access difficulties have been considered but are not available or not appropriate in the person's circumstances; and
  - c. The person's care and support requirements can be effectively and appropriately delivered at home.

#### [Commentary:

1. A900 is payable when rendered in the patient's home or an assisted living or retirement residence.
2. A900 is not payable when rendered in a long-term care home.]

#### Medical record requirements:

Complex house call assessment is not payable if the medical record does not:

1. Demonstrate that an intermediate assessment was rendered; and
2. Demonstrate that the patient was a frail elderly or housebound patient.

### House call assessment - Pronouncement of death in the home

A house call assessment - Pronouncement of death in the *home* is the service rendered when a physician pronounces a patient dead in a *home*. This service includes completion of the death certificate and counselling of any relatives which may be rendered during the same visit.

A902 House call assessment - Pronouncement of death in the home 54.50

#### Claims submission instructions:

Submit the claim using the diagnostic code for the underlying cause of death as recorded on the death certificate.

#### Note:

For special visit premiums, please see pages GP65 to GP78 of the General Preamble.

## FAMILY PRACTICE & PRACTICE IN GENERAL (00)

### On-call admission assessment

On-call admission assessment is the first hospital in-patient admission general assessment per patient per 30-day period if:

- a. the physician is a general practitioner or family physician participating in the hospital's on-call roster whether or not the physician is on-call the day the service is rendered;
- b. the admission is non-elective; and
- c. the physician is the *most responsible physician* with respect to subsequent in-patient care.

The amount payable for any additional on-call admission assessment rendered by the same physician to the same patient in the same 30-day period is reduced to the amount payable for a general re-assessment.

A933 On-call admission assessment..... 79.90

### General/Family physician emergency department assessment

General/Family physician emergency department assessment is an assessment of a patient that satisfies as a minimum the requirements of an intermediate assessment and is rendered by the patient's general/family physician in an emergency department funded under an Emergency Department Alternative Funding Agreement (ED-AFA). For that visit, the service includes any re-assessment of the patient by the general/family physician in the emergency department and any appropriate collaboration with the emergency department physician.

The service is *only eligible for payment* when the general/family physician's attendance is required because of the complexity, obscurity or seriousness of the patient's condition.

A100 General/Family physician emergency department assessment 76.90

#### Payment rules:

No other service (including special visit or other premiums) rendered by the same physician to the same patient during the same visit to the emergency department is eligible for payment with this service.

#### Claims submission instructions:

For claims payment purposes, the hospital master number associated with the emergency department must be submitted on the claim.

#### [Commentary:

1. Services described as A100 rendered in an emergency department not funded under an ED-AFA may be payable under other existing fee *schedule* codes.
2. In the event the patient is subsequently admitted to hospital, and the general/family physician remains the *MRP* for the patient, the General/Family Physician emergency department assessment constitutes the admission assessment. see General Preamble GP41 for additional information.]

### Certification of death

Certification of death is payable to the physician who personally completes the death certificate on a patient who has been pronounced dead by another physician, medical resident or other authorized health professional. Claims submitted for this service must include the diagnostic code for the underlying cause of death as recorded on the death certificate. The service *may include* any counselling of relatives that is rendered at the same visit. Certification of death rendered in conjunction with A902 or A777/C777 is an insured service payable at nil.

#### Claims submission instructions:

For claims payment purposes, the Health Card Number of the patient experiencing the stillbirth must be submitted on the claim.

### Periodic health visit for adults with Intellectual and Developmental Disabilities (IDD)

#### Definition/Required elements of service:

A periodic health visit for adults with IDD is a service performed on an adult with IDD that consists of an intermediate assessment, appropriate history, physical examination, health screening and relevant counselling, and a coordinated care and management plan consistent with the current Canadian consensus guidelines on the primary care of adults with IDD.

The service must include:

- a. Evaluation for and identification of any need for special accommodations in clinical settings as well as other health care access issues,
- b. Proactive review of the patient's genetic and psychosocial risks,
- c. Review of any chronic diseases,
- d. Review of systems,
- e. An in-person physical examination that includes, at a minimum:
  - i. Measurement of vital signs including weight or waist circumference,
  - ii. Screening for abnormalities in hearing, vision, and dentition,
  - iii. Screening examination of musculoskeletal and neurological systems,
  - iv. Survey examination of skin,
  - v. Detailed examination of any part(s), region(s) or system(s) needed to make a diagnosis, and/or rule out disease as a contributing factor
- f. Documentation of a coordinated care and management plan,
- g. Written communication of the care and management plan to the patient and their guardian, legal representative or other caregiver

### Identification of patient for a major eye examination

Identification of patient for a major eye examination, is the service of determining that a patient aged 20 to 64 inclusive has a medical condition (other than diabetes mellitus, glaucoma, cataract, retinal disease, amblyopia, visual field defects, corneal disease, strabismus, recurrent uveitis or optic pathway disease) requiring a major eye examination and providing such a patient with a completed requisition.

E077	- identification of patient for a major eye examination.. add	10.25
------	---	-------

### Note:

1. This service is limited to a maximum of one every four fiscal years by the same physician for the same patient unless the patient seeks a major eye examination from an optometrist or general practitioner other than the one to whom the original requisition was provided.
2. This service is limited to a maximum of one per fiscal year by any physician to the same patient.

### Major eye examination

A major eye examination is a complete evaluation of the eye and vision system for patients aged 20 to 64 inclusive. The examination must include the following elements:

- a. relevant history (ocular medical history, relevant past medical history, relevant family history)
- b. a comprehensive examination (visual acuity, gross visual field testing by confrontation, ocular mobility, slit lamp examination, ophthalmoscopy and, where indicated, ophthalmoscopy through dilated pupils and tonometry)
- c. visual field testing by the same physician where indicated
- d. refraction, and if needed, provision of a refractive prescription
- e. advice and instruction to the patient
- f. submission of the findings of the assessment in writing to the patient's primary care physician or by a *nurse practitioner*
- g. any other medically necessary components of the examination (including eye-related procedures) not specifically listed above.

- vi. visual field defects
- vii. corneal disease
- viii. strabismus
- ix. recurrent uveitis
- x. optic pathway disease; or

b. The patient must have a valid "request for eye examination requisition" completed by another physician or by a *nurse practitioner*

2. This service is limited to one per patient per consecutive *12 month period* regardless of whether the first claim is or has been submitted for a major eye examination rendered by an optometrist or physician. Where the services described as comprising a major eye examination are rendered to the same patient more than once per 12 month period, the services remain insured and payable at a lesser assessment fee.
3. Any service rendered by the same physician to the same patient on the same day that the physician renders a major eye examination is not eligible for payment.
4. If all the elements of a major eye examination are not performed when a patient described in note 1 above attends for the service, the service remains insured but payable at a lesser assessment fee.
5. The requisition is not valid following the end of the fiscal year (March 31) of the 5th year following the year upon which the requisition was completed.

### [Commentary:

Assessments rendered solely for the purpose of refraction for patients aged 20 to 64 are not insured services.]

### Midwife or Aboriginal Midwife-Requested Assessment (MAMRA)

Midwife or Aboriginal Midwife-Requested Assessment (MAMRA) is an assessment of a mother or newborn provided by a physician upon the written request of a midwife or aboriginal midwife because of the complex, obscure or serious nature of the patient's problem and is payable to a family physician or obstetrician for such an assessment in any setting.

Urgent or emergency requests may be initiated verbally but must subsequently be requested in writing. The written request must be retained on the patient's permanent medical record. The MAMRA must include the common and specific elements of a general or specific assessment and the physician must submit his/her findings, opinions and recommendations verbally to the midwife or aboriginal midwife and in writing to both the midwife or aboriginal midwife and the patient's primary care physician, if applicable. Maximum one per patient per physician per pregnancy.

### EMERGENCY DEPARTMENT PHYSICIAN

**Note:**

See General Preamble GP50 for definitions and conditions for Emergency Department Physician.

#### **In-patient interim admission orders**

In-patient interim admission orders is payable to an Emergency Department Physician who is on-call or on duty in the emergency department or Hospital Urgent Care Clinic for writing in-patient interim admission orders pending admission of a “non-elective” patient by a different *most responsible physician* (see General Preamble GP4).

#### **Comprehensive assessment and care**

Comprehensive assessment and care is a service rendered in an emergency department or Hospital Urgent Care Clinic that requires a full history (including systems review, past history, medication review and social/domestic evaluation), a full physical examination, concomitant treatment, and intermittent attendance on the patient over many hours as warranted by the patient’s condition and ongoing evaluation of response to treatment.

It also includes the following as indicated:

- a. interpretation of any laboratory and/or radiological investigation; and
- b. any necessary liaison with the following: the family physician, family, other institution (e.g. nursing *home*), and other agencies (e.g. *Home Care*, VON, CAS, police, or detoxification centre).

**[Commentary:**

Re-assessments, where required, are payable in addition to this service if the criteria described in the *Schedule* are met.]

#### **Multiple systems assessment**

A multiple systems assessment is an assessment rendered in an emergency department or Hospital Urgent Care Clinic that includes a detailed history and examination of more than one system, part or region.

#### **Re-assessment**

A re-assessment is an assessment rendered in an emergency department or Hospital Urgent Care Clinic at least two hours after the original assessment or re-assessment (including appropriate investigation and treatment), which indicates that further care and/or investigation is required and performed.

**Payment rules:**

1. This service is *not eligible for payment* under any of the following circumstances:
  - a. for discharge assessments;
  - b. when the patient is admitted by the Emergency Department Physician; or
  - c. when the reassessment leads directly to a *referral* for consultation.
2. This service is limited to three per patient per day and two per physician per patient per day. Services in excess of these limits are *not eligible for payment*.

### Emergency department investigative ultrasound

An Emergency Department investigative ultrasound is *only eligible for payment* when:

1. the procedure is personally rendered by an Emergency Department Physician who meets standards for training and experience to render the service;
2. a *specialist* in Diagnostic Radiology is not available to render an urgent interpretation; and
3. the procedure is rendered for a patient that is clinically suspected of having at least one of the following life-threatening conditions:
  - a. pericardial tamponade
  - b. cardiac standstill
  - c. intraperitoneal hemorrhage associated with trauma
  - d. ruptured abdominal aortic aneurysm
  - e. ruptured ectopic pregnancy

H100 Emergency department investigative ultrasound..... 19.65

#### Payment rules:

1. H100 is limited to two (2) services per patient per day where the second service is rendered as a follow-up to the first service for the same condition(s).
2. Services listed in the Diagnostic Ultrasound section of the *Schedule*, both technical and *professional components* are *not eligible for payment* to any physician when ultrasound images described by H100 are eligible for payment.

#### Note:

H100 is *only eligible for payment* when it is rendered using equipment that meets the following minimum technical requirements:

1. Images must be of a quality acceptable to allow a different physician who meets standards for training and experience to render the service to arrive at the same interpretation;
2. Scanning capabilities must include B- and M-mode; and
3. The trans-abdominal probe must be at least 3.5MHz or greater.

#### Medical record requirements:

The service is *only eligible for payment* when the Emergency Department investigative ultrasound includes both a permanent record of the image(s) and an interpretative report.

#### Claims submission instructions:

Claims in excess of two (2) services of H100 per day by the same physician for the same patient should be submitted using the manual review indicator and accompanied by supporting documentation.

#### [Commentary:

1. See page GP50 for the definition of an “Emergency Department Physician”.

Chronic disease shared appointment

Definition /Required elements of service:

Chronic disease shared appointment is a *pre-scheduled* primary care service rendered for chronic disease management, to two or more patients with the same diagnosis of one of the diseases listed below, that consists of assessment and the provision of advice and information in respect of diagnosis, treatment, health maintenance and prevention.

Each patient must have an established diagnosis of one of the following chronic diseases:

- a. Diabetes
- b. Congestive Heart Failure
- c. Asthma
- d. Chronic obstructive pulmonary disease (COPD)
- e. Hypercholesterolemia
- f. Fibromyalgia

The physician must be in constant personal attendance for the duration of the appointment session, although another appropriately qualified health professional may lead parts of the educational component of the session (for example, a diabetic educator or nurse). In addition, a clinically appropriate assessment must be rendered to each patient by the same physician as a component of the chronic disease shared appointment.

This service has the same *specific elements* as an assessment.

**[Commentary:**

A clinically appropriate assessment *may include* a brief history or examination of the affected part or region or related mental or emotional disorder.

Chronic disease shared appointment - per patient - maximum 8 units per patient per day

K140	- 2 patients.....	per unit	35.10
K141	- 3 patients.....	per unit	23.35

K143	- 5 patients.....	per unit	14.55
K144	- 6 to 12 patients.....	per unit	12.35

**[Commentary:**

A claim must be submitted for each patient receiving a service. For example, if three patients are seen in a shared appointment, K141 is submitted for each patient. If four patients are seen, K142 is submitted for each patient.]

**Payment rules:**

1. Unit means ½ hour or major part thereof - see General Preamble GP7, GP54 to GP61 for definitions and time-keeping requirements.
2. The service is *only eligible for payment* when:
  - a. the appointment is *pre-scheduled*; and
  - b. each patient regularly visits the physician or another physician in the same physician group for management of their chronic disease.
3. Chronic disease shared appointment rendered the same day as an additional assessment by the same physician to the same patient is *not eligible for payment* unless there are clearly defined different diagnoses for the two services.

### Community treatment order (CTO)

CTO Services - are time-based all-inclusive services payable per patient to one or more physicians for the purpose of personally initiating, supervising and renewing a CTO. Eligible physicians include both the *most responsible physician* and any physician identified in the Community Treatment Plan (CTP). Each physician will individually submit claims for only those insured CTO services personally rendered by that physician. Services rendered by persons other than the physician who submits the claim are payable at nil.

In addition to the *common elements* of insured services and the *specific elements* of any service listed under "Family Practice & Practice In General" in the "Consultations and Visits" section, CTO services include:

- a. all consultations and visits with the patient, family or substitute decision-maker for the purpose of mandatory assessment of the patient in support of initiation, renewal, or termination of the CTO;
- b. interviews with the patient, family or substitute decision-maker to give notice of entitlement to legal and rights advice or to obtain informed consent under the *Health Care Consent Act*;
- c. all consultations, assessments and other visits including psychotherapy, psychiatric care, interviews, counselling or hypnotherapy with the patient family or substitute decision-maker pertaining to on-going clinical management of the patient under a CTO;
- d. preparation of a CTP, including any necessary chart review and clinical correspondence;
- e. participation in *scheduled* or *unscheduled* case conferences or other meetings with one or more health care providers, community service providers, other persons identified in the CTP, legal counsel and rights advisors relating to initiation, supervision or renewal of a CTO;
- f. providing advice, direction or information by telephone, electronic or other means in response to an inquiry from the patient, family, substitute decision-maker, health care providers, community service providers, other persons identified in the CTP, legal counsel and rights advisors relating to initiation, renewal or on-going supervision of a CTO; and
- g. completion of CTO related forms, including but not limited to Form 45 CTO Initiation or Renewal, Form 47 Order for Examination and related forms or notices regarding notice of rights advice and notice of 2<sup>nd</sup> renewal to Consent and Capacity Board.

The following insured services and any associated premiums are not considered CTO services and may be claimed separately:

- a. assessments and special visits for emergent call to the emergency department or to a hospital in-patient;
- b. services related to application for psychiatric assessment or certification of involuntary admission;
- c. services relating to assessment and treatment of a medical condition or diagnosis unrelated to the CTO; and
- d. in-patient services, except those directly related to mandatory assessment for the purpose of initiating a CTO.

### [Commentary:

1. The time spent per patient does not have to be 10 minutes. For example, if the physician participates in discussion about three patients and patient A is discussed for 5 minutes, patient B is discussed for 15 minutes and patient C for 10 minutes, the total time of discussion is 30 minutes and a claim may be submitted for each of the three patients. The time spent at the MCC should be recorded as 30 minutes.
2. If the physician participates in a discussion about four patients and the total time of discussion is 20 minutes the physician should only submit a claim for two patients.
3. A physician can only be either a chairperson, participant or radiologist participant on any given day.]

### CASE CONFERENCES

#### PREAMBLE

##### Definition/Required elements of service:

Where the conditions set out in this *Schedule* are met, a case conference is an insured service despite paragraph 6 of s. 24(1) of Regulation 552. A case conference is a *pre-scheduled* meeting, conducted for the purpose of discussing and directing the management of an individual patient. The required elements are applicable for all case conferences, except in circumstances where these requirements are modified for specific case conferences, as indicated. A case conference:

- a. must be conducted by personal attendance, videoconference or by telephone (or any combination thereof);
- b. must involve at least 2 other participants who meet the eligible participant requirements as indicated in the specific listed case conference services; and
- c. at least one of the physician participants is the physician most responsible for the care of the patient.

##### [Commentary:

Case conferences for educational purposes such as rounds, journal club, group learning sessions, or continuing professional development, or any meeting where the conference is not for the purpose of discussing and directing the management of an individual patient is not a case conference.]

For case conferences where the time unit is defined in 10 minute increments, the following payment rules and medical record requirements are applicable, except in circumstances where these requirements are modified for specific listed case conference services, as indicated.

##### Note:

“Regulated social worker” refers to a social worker regulated under the *Social Work and Social Service Work Act* and who holds a current certificate of registration from the Ontario College of Social Workers and Social Service Workers.

Case conferences are time based services calculated in time units of 10 minute increments. In calculating time unit(s), the minimum time required is based upon consecutive time spent participating in the case conference as follows:

# Units	Minimum time
1 unit	10 minutes
2 units	16 minutes
3 units	26 minutes
4 units	36 minutes
5 units	46 minutes
6 units	56 minutes
7 units	66 minutes [1h 6m]
8 units	76 minutes [1h 16m]

1. A case conference is *only eligible for payment* if the physician is actively participating in the case conference, and the physician's participation is evident in the record.
2. A case conference is *only eligible for payment* in circumstances where there is a minimum of 10 minutes of patient related discussion.
3. A case conference is *only eligible for payment* if the case conference is pre-scheduled.
4. Any other insured service rendered during a case conference is *not eligible for payment*.
5. A case conference is *not eligible for payment* in circumstances where the required participants necessary to meet the minimum requirements of the case conference service receive remuneration, in whole or in part, from the physician claiming the service.
6. The case conference is *not eligible for payment* to a physician who receives payment, other than by fee-for-service under this *Schedule*, for the preparation and/or participation in the case conference.
7. Where payment for a case conference is an included element of another service, services defined as case conferences are *not eligible for payment*.

### [Commentary:

1. Chronic dialysis team fees are all-inclusive benefits for professional aspects of managing chronic dialysis and includes all related case conferences (see page J40).
2. "Payment, other than by fee-for-service" includes compensation where the physician receives remuneration under a salary, primary care, stipend, APP or AFP model.]

### Medical record requirements:

A case conference is *only eligible for payment* where the case conference record includes all of the following elements:

1. identification of the patient;
2. start and stop time of the discussion regarding the patient;
3. identification of the eligible participants, and
4. the outcome or decision of the case conference.

### [Commentary:

1. In circumstances where more than one patient is discussed at a case conference, claims for case conference may be submitted for each patient provided that the case conference requirements for each patient have been fulfilled.
2. One common medical record in the patient's chart for the case conference signed or initialled by all physician participants (including listing the time the service commenced and terminated and individual attendance times for each participant if different) would satisfy the medical record requirements for billing purposes.]

### PHYSICIAN/NURSE PRACTITIONER TO PHYSICIAN TELEPHONE CONSULTATION

Physician to physician telephone consultation is a service where the referring physician or nurse practitioner, in light of his/her professional knowledge of the patient, requests the opinion of a physician (the “consultant physician”) by telephone who is competent to give advice in the particular field because of the complexity, seriousness, or obscurity of the case.

This service is *only eligible for payment* if the consultant physician has provided an opinion and/or recommendations for patient treatment and/or management.

For the purpose of this service, “relevant data” include family/patient history, history of the presenting complaint, laboratory and diagnostic tests, where indicated and feasible in the circumstances.

**Note:**

The Definition/Required elements of service and payment rules for consultations in the General Preamble are not applicable to physician to physician telephone consultations.

### Definition/Required elements of service – Referring physician/Nurse Practitioner

The referring physician or nurse practitioner initiates the telephone consultation with the intention of continuing the care, treatment and management of the patient.

In addition to the Constituent and *Common Elements* of Insured Services described in the General Preamble of this *Schedule*, this service includes the transmission of relevant data to the consultant physician and all other services rendered by the referring physician or nurse practitioner to obtain the advice of the consultant physician.

**Note:**

This service is eligible for payment in addition to visits or other services provided to the same patient on the same day by the same referring physician.

### Definition/Required elements of service – Consultant physician

This service includes all services rendered by the consultant physician to provide opinion/ advice/recommendations on patient care, treatment and management to the referring physician. The consultant physician is required to review all relevant data provided by the referring physician or nurse practitioner.

2. A maximum of 6 K091 services are eligible for payment per patient, during the twenty-four consecutive *month* period beginning six *weeks* following the date of surgery.
3. K091 is *only eligible for payment* if the physician personally has contact with the patient whether in person or by telephone during the *month* for which K091 is claimed.
4. K091 is *only eligible for payment* to a physician previously registered with the ministry as providing services in a Bariatric RATC.

#### Note:

Consultations, assessments and procedures rendered by the physician who is most responsible for the supervision and medical management of the post-operative bariatric surgery patient may be eligible for payment in addition to K091.

#### [Commentary:

1. For the definition of a Bariatric RATC, see Definitions in the General Preamble.
2. Payment of K091 will be made to only one physician, per patient, per *month*. In circumstances where the physician most responsible for the post-operative supervision and medical management of the patient is temporarily absent and/or the patient is transferred to another physician in any *month*, the physicians should determine who is the physician most responsible for the purposes of claim submission and payment. In the event that more than one claim is submitted for the same patient for the same *month*, the first claim submitted will be paid.]

## VIRTUAL CARE SERVICES

### DEFINITIONS:

For the purposes of this section of the *Schedule* only, the following Definitions apply:

**Comprehensive Virtual Care Service** means a Virtual Care Service rendered where an Existing/Ongoing Patient-Physician Relationship exists, and in the physicians' professional opinion in accordance with accepted professional standards and practice, the person's care and support requirements can be effectively and appropriately delivered by Video or Telephone.

**Existing/Ongoing Patient-Physician Relationship** means:

1. Where a physician is providing a Virtual Care Service to a patient where there has been at least one insured service with a direct physical encounter between the patient and that physician (Family and General Practice Physician or *specialist*) in the preceding 24-months; or
2. Where a physician is providing a Virtual Care Service to a patient who has signed the *MOH's* Patient Enrollment and Consent to Release Personal Health Information form and is enrolled to that physician or another physician within the same group (who is signatory/locum to a *MOH* alternate funding plan agreement); or
3. Where a *specialist* or GP Focused Practice Physician is providing a consultation by Video set out in Appendix J – Section 1, or has provided any such consultation in the preceding 24-months to that patient; or

**[Commentary:**

Where the visit leading to the referral for consultation has occurred virtually, it would be expected that the referring physician has an established relationship with the patient and that the clinical issue leading to the referral has been assessed in-person within the previous 12-months.]

**[Commentary:**

A consultation billed as an insured service under K083 or as an uninsured service funded under the Ontario Virtual Care Program and rendered prior to December 1, 2022, is considered evidence of an Existing/Ongoing Patient-Physician Relationship.]

**[Commentary:**

Where a physician who has been paid for a consultation for the patient for the same diagnosis makes a request for a *referral* for ongoing management of the patient, the service rendered following the *referral* is not payable as a consultation, unless the request for *referral*, if the *referral* is made, allows for an ongoing patient physician relationship in the context of a consultation by Video.]

4. Where a physician provides any of the following services, or has provided any of the following services in the preceding 24-months:
  - A920 – Medical management of early pregnancy - initial service by Video or Telephone,
  - A945/C945 – Special palliative care consultation by Video,
  - A680/C680 – Initial assessment - substance abuse by Video,
  - A814, A817, A818 – Midwife or Aboriginal Midwife-Requested Assessments (MRAs) by Video,
  - A802 – Extended midwife or Aboriginal Midwife-requested genetic assessment by Video,

- A801 – Comprehensive midwife or Aboriginal Midwife-requested genetic assessment by Video,
- A800 – Midwife or Aboriginal Midwife-requested genetic assessment by Video,
- A253 – Optometrist-Requested Assessment (ORA) by Video,
- A256 – Special optometrist-requested assessment by Video,
- A957 – Addiction medicine FPA by Video,
- K680 – Substance abuse – extended assessment by Video.

### [Commentary:

1. Follow-up Virtual Care Services provided in the 24-months subsequent to the services listed in 3 or 4 may be claimed as Comprehensive Virtual Care Services.
2. A special palliative care consultation billed as an insured service under K092/K093 and rendered prior to December 1, 2022, is considered evidence of an Existing/Ongoing Patient-Physician Relationship.]

**GP Focused Practice Physician** means, for the purpose of eligibility to provide a focused practice consultation by Video (A010, A011, A906, A913, A914), a physician who has been designated by the bi-lateral *MOH-OMA* GP Focused Practice Review Committee or a physician who is eligible for the focused practice psychotherapy premium.

**Limited Virtual Care Service** means a Virtual Care Service rendered where an Existing/Ongoing Patient-Physician Relationship does not exist, and in the physicians' professional opinion in accordance with accepted professional standards and practice, the person's care and support requirements can be effectively and appropriately delivered by Video or Telephone.

**Verified-Virtual Visit Solution** means virtual service delivery platforms listed on Ontario Health's public list of verified solutions.

**Virtual Care Service** means a service provided using information technologies to render eligible services to patients remotely.

Eligible Virtual Care Service modalities are:

**Telephone** means synchronous audio-only communication (no visualization); and

**Video** means 2-way synchronous video-conference (audio and Video visualization) using a Verified-Virtual Visit Solution;

### Terms and Conditions for Virtual Care Services

1. Other than a direct physical encounter, all other requirements and conditions for the appropriate service as described in the *Schedule* must be met.
2. Virtual Care Services are *not eligible for payment* where it is not medically appropriate to provide the specific service without a direct physical encounter.
  - a. If during the course of a Virtual Care Service it becomes apparent that the service cannot be appropriately completed without a direct physical encounter, the Virtual Care Service is *not eligible for payment* (only the service with a direct physical encounter is eligible for payment).

# CONSULTATIONS AND VISITS

## VIRTUAL CARE SERVICES

- b. Where a patient requests a virtual visit (is not willing to present in-person, despite the physician's advice and availability), physicians may submit a claim for the appropriate fee code for the service that was rendered virtually.
3. Video services are *only eligible for payment* when performed using a Verified Virtual Visit Solution.

**[Commentary:**

Ontario Health's public list of verified solutions is available at: <https://www.ontariohealth.ca/our-work/digital-standards/virtual-visits-verification-standard/vendor-list>.]

4. All other insured services that are rendered by Video or Telephone to insured persons and that are not Comprehensive Virtual Care Services, Limited Virtual Care Services, or specifically listed as insured services or are a component of an insured service are *not eligible for payment*.
5. Virtual Care Services are *not eligible for payment* unless the delivery modality is documented on the patient's medical record.
6. Virtual Care Services are *not eligible for payment* unless initiated by the patient or the *patient's representative*, or the service represents a medically necessary follow-up visit to a preceding visit initiated by the patient or the *patient's representative*.

**[Commentary:**

As per GP15, following an insured service, discussion with, and providing advice and information, including prescribing therapy to the patient or the *patient's representative*, whether by Telephone or otherwise, on matters related to the service is a specific element of the preceding service and should not be separately claimed. This includes reporting results of related procedures and/or assessments (when professionally appropriate to report without additional patient assessment) and monitoring the patient's condition remotely until the next medically necessary assessment.

For clarity, administrative staff may co-ordinate appointments and organize care in a manner analogous to in-person encounters without violating this condition. Similarly, medically necessary follow-up services may be organized by the provider (or by their staff) without violating the condition. However, a physician-initiated call to "check-in" on a patient would not be eligible for payment, nor would any telephone calls or Video encounters conducted for administrative purposes (such as to inform patients of clinic closures or the availability of remote services).

Furthermore, services are not eligible for payment when initiated by the physician (or the physician's staff) without a clear and medically necessary reason for doing so. For example, the communication of normal lab work, unless medically necessary (in so far as the clinical management of the patient is altered) should not be billed.

Physician-initiated communication to provide advice or guidance regarding a previously rendered service is also not separately eligible/ billable. A common example of this would occur when a patient is provided with a prescription along with instruction to fill it only upon receipt of a positive test result. The call to inform the patient of the test result is not eligible for payment as it would be considered a Specific Element of the initial (refer to: item F, GP15, Schedule of Benefits).

# CONSULTATIONS AND VISITS

## VIRTUAL CARE SERVICES

As a general rule, the provider should consider whether the remote encounter would have occurred in their “in-person” practice. In circumstances where an in-person encounter would not have taken place, it is unlikely that a claim for a virtual service could be supported.

Consultations, which arise from requests from other providers, would not violate the condition in so far as the patient would have assented to the referral as part of their discussion with the referring provider.]

7. Virtual Care Services are *not eligible for payment* unless personally performed by the physician or rendered in accordance with the payment rules regarding supervision of a Medical Trainee.
8. Virtual Care Services are *not eligible for payment* for services provided to hospital inpatients or patients in a Long-Term Care institution unless all of the following requirements have been met:
  - The physician providing the service is not the patient's MRP.
  - The hospital/Long-Term Care institution does not have a physician on staff and present in the community with the expertise to render the necessary service, as documented by the referring physician in the patient's medical record.
  - An assessment with a direct physical encounter by the referring physician must have been completed within 30 days preceding a virtual in-patient *specialist* consultation to confirm the need for a consultation.
9. Services involving a direct physical encounter must be made available by the physician providing Comprehensive Virtual Care Services, or by the physician's group, within a clinically appropriate time-frame, if it becomes apparent during a Virtual Care Service that a service involving a direct physical encounter is medically necessary, or if at the time of scheduling the service the patient expresses preference for a service involving a direct physical encounter.

### [Commentary:

For the purpose of this provision, with respect to *specialist* and GP Focused Practice Physicians, a group is defined as: those physicians in the same hospital specialty call rotation, or who are co-located in shared clinical physical space, and have shared access to the patient's medical record. For family and general practice physicians, a group is defined as: Patient Enrollment Model physicians who are signatory or contracted to the same specific group contract (i.e., as identified by the same group billing number), or those physicians who are co-located in a shared clinical physical space and have shared access to the patient's medical record].

10. If during the course of a Virtual Care Service the modality changes (for example, a Telephone service transitions into a Video service), only the service performed by the modality that represents the greater part (more than 50%) of the time spent providing the Virtual Care Service is payable. For *time-based services*, the combined time of both modalities will be used to calculate the number of time units eligible for payment.
11. For *time-based services*, only time spent in direct communication with the patient or the *patient's representative* in the provision of the insured service will be used to calculate the number of time units eligible for payment.

### [Commentary:

Both the patient and physician must be located in Ontario for the services to be insured and payable under OHIP (see section 37.1 of Regulation 552 under the HIA).]

## VIRTUAL CARE SERVICES

### Claims submission instructions:

Comprehensive Virtual Care Services rendered within an Existing/Ongoing Patient-Physician Relationship must be claimed using the fee codes listed in Appendix J – Section 1.

Claims submitted for Comprehensive Virtual Care Services must include the modality indicator that identifies the technology used to deliver the service:

K300A – identifies Video technology used during the service

K301A – identifies Telephone technology (audio only) used during the service

Submit claims for Comprehensive Virtual Care Services using the in-person fee value regardless of whether the service is rendered by Video or Telephone. Payments for Telephone services will be automatically reduced as set out below.

Limited Virtual Care Services rendered outside of an Existing/Ongoing Patient-Physician Relationship must be claimed using the fee codes listed in Appendix J – Section 2.

### Payment rules:

Comprehensive Virtual Care Services rendered by Video are payable at fees that are equivalent to the corresponding in-person fees for those services; or for Limited Virtual Care Services, the fees listed in Appendix J – Section 2 that correspond to those services.

The amount payable for Comprehensive Virtual Care Services rendered by Telephone is 85% of the corresponding in-person fee except for K007, K005, K197 and K198 which will be payable at 95% of the corresponding in-person fee.

## Comprehensive Virtual Care Services – Virtual Only Fee Codes

### Midwife or Aboriginal Midwife-Requested Assessment (MAMRA) by Video

Midwife or Aboriginal Midwife-Requested Assessment (MAMRA) by Video is an assessment of a mother or *newborn* provided by a physician upon the written request of a midwife or Aboriginal Midwife because of the complex, obscure or serious nature of the patient's problem and is payable to a family physician or obstetrician for such an assessment in any setting.

Urgent or emergency requests may be initiated verbally but must subsequently be requested in writing. The written request must be retained on the patient's permanent medical record. The MRA must include the common and *specific elements* of a specific assessment by Video and the physician must submit his/her findings, opinions and recommendations verbally to the midwife or Aboriginal Midwife, and in writing to both the midwife or Aboriginal Midwife and the patient's primary care physician, if applicable. Maximum one MAMRA (A814 or A813) per patient per physician per pregnancy.

## ENDOCRINOLOGY & METABOLISM (15)

2. K046 is *not eligible for payment* unless the record identifies any CDE performing the elements of the flow sheet.

**[Commentary:**

1. In circumstances where the CDE is employed by facilities, organizations or persons other than the physician, such as public hospitals, public health units, ICHSCs, industrial clinics or long-term care facilities, K046 is *not eligible for payment*.

2. For payment purposes, services rendered by the Certified Diabetic Educator (CDE) do not require the physical presence of a physician for direct supervision. It is required that the CDE performing services has the appropriate authorization from the applicable regulatory college, the CDE reports to the physician, and the services are rendered in accordance with accepted professional standards and practice.

3. K046 is payable in addition to K045.]

**Claims submission instructions:**

Claims for K046 may only be submitted when the required elements of the service have been completed for the previous *12 month period*.

**Note:**

See General Preamble GP28 for definitions and conditions.

### Major eye examination

A115	Major eye examination (see page A8) .....	51.10
------	---	-------

### Orthoptic assessment

Orthoptic assessment must include quantitative measurement of all cardinal positions of gaze (straight ahead, left, right, up, down, tilt right and tilt left), sensory testing for binocular vision suppression, cyclodeviation and retinal correspondence. An orthoptic assessment is eligible for payment in addition to an ophthalmology consultation or visit.

A230	Orthoptic assessment .....	25.00
------	----------------------------	-------

**Note:**

A230 is *only eligible for payment* when all tests described under orthoptic assessment are rendered personally and interpreted personally by the physician and results and measurements are documented in the patient's permanent medical record.

**[Commentary:**

If a certified orthoptist is rendering the examination, G814 may be eligible for payment (page J94).]

### Retinopathy of prematurity (ROP) assessment

Retinopathy of Prematurity (ROP) assessment is the service rendered by an ophthalmologist for initial assessment or follow-up assessment(s) of a patient with ROP who is either:

- a. 9 months of age or younger; or
- b. aged 10 months to 16 years with minimum stage 3 ROP disease.

A250	Retinopathy of prematurity assessment .....	120.00
------	---	--------

**Payment rules:**

No other assessment or consultation is eligible for payment when rendered by the same physician to the same patient the same day as A250.

### Vision Rehabilitation – Initial assessment and follow-up assessment

#### Definitions

The following phrases have the following meanings for the purpose of fee *schedule* codes A252 and A254.

**Low visual acuity** - best corrected visual acuity of 20/50 (6/15) or less in the better eye and not amenable to further medical and/or surgical treatment.

**Significant oculomotor dysfunction** - nerve palsy or nystagmus resulting in low visual acuity or visual field defects as defined and not amenable to further medical and/or surgical treatment.

**Visual field defect** - splitting of fixation, scotomata, quadrantic or hemianopic field defects not amenable to further medical and/or surgical treatment.

#### Initial vision rehabilitation assessment

Initial vision rehabilitation assessment by an ophthalmologist of a patient with either low visual acuity, visual field defect, or significant oculomotor dysfunction subject to the conditions below.

This service is only payable when a minimum of four (4) of the following eight (8) listed components are rendered during the same visit:

1. Cognitive assessment to determine capacity to cooperate with assessment and treatment.
2. Assessment of residual visual function to include at least two of the following tests: visual acuity tested with ETDRS charts, macular perimetry, contrast sensitivity tested at 5 spatial frequencies and fixation instability.
3. Assessment of eccentric preferred retinal loci.
4. Assessment of near functional visual acuity with ETDRS charts.
5. Assessment of reading skills.

#### [Commentary:

For example, using MNRead or Colenbrander charts.]

6. Prescribing of low vision devices aimed to improve residual visual function.
7. Preparation of a vision rehabilitation plan and/or discussion of the plan with the patient.
8. Supervised training of the patient, in accordance with recognized programs, for use of low vision devices and/or training for rehabilitation of skills dependent on vision.

A252 Initial vision rehabilitation assessment..... 240.00

#### Follow-up vision rehabilitation assessment

This service is only payable when a minimum of three (3) of the eight (8) components listed above are rendered in the same visit.

A254 Follow-up vision rehabilitation assessment ..... 120.00

#### Payment rules:

For A252 and A254:

1. No other assessment or consultation is eligible for payment when rendered by the same physician to the same patient the same day as A252 or A254.
2. A252 is limited to two (2) per patient per five (5) year period per physician.
3. A254 is only payable when the patient has received an A252.

# CONSULTATIONS AND VISITS

## OPHTHALMOLOGY (23)

4. A254 is limited to ten (10) per patient per five (5) year period from the date of the most recent A252.
5. If the minimum required number of components for A252 or A254 are not rendered, the amount payable for the service will be reduced to a lesser fee.

**[Commentary:**

Diagnostic services (e.g. visual field testing), when rendered, are eligible for payment with these services.]

## OPHTHALMOLOGY (23)

### Optometrist-requested assessment (ORA)

Optometrist-requested assessment (ORA) is an assessment of a patient provided by an ophthalmologist upon the written request of an optometrist because of the complex, obscure or serious nature of the patient's problem. Urgent or emergency requests may be initiated verbally but must also be documented in writing. The ORA includes the common and *specific elements* of a specific assessment.

A253 Optometrist-Requested Assessment (ORA)..... 82.40

#### Payment rules:

1. This service is limited to one per patient, per physician, per *12 month period*.
2. The ophthalmologist must submit his/her findings, opinions and recommendations in writing to both the optometrist and the patient's primary care physician, if applicable, or the amount payable for the service will be reduced to a lesser fee.

#### Medical record requirements:

The written request from the optometrist must be retained on the patient's permanent medical record, or the amount payable for the service will be reduced to a lesser fee.

### Special optometrist-requested assessment

A Special Optometrist-Requested Assessment is an assessment in which the ophthalmologist provides all the elements of an Optometrist-Requested Assessment (A253) and spends a minimum of 50 minutes of direct contact with the patient exclusive of time spent rendering any other separately billable intervention to the patient.

A256 Special optometrist-requested assessment..... 163.20

#### Payment rules:

This service is limited to one per patient, per physician, per *12 month period*.

#### Medical record requirements:

The service is eligible for payment only if start and stop times of the service are recorded in the patient's permanent medical record.

### Special ophthalmologic assessment

Special ophthalmologic assessment is a complete ophthalmologic assessment, rendered by an ophthalmologist, to a person with a psychological problem, developmental delay, learning disability, or significant physical disability which so limits the person's participation in the assessment that the physician is required to spend a minimum of 20 minutes in direct contact with the patient, family, and/or legal representative.

In addition to the assessment, this service requires all of the following:

- a. the development of a continuing comprehensive vision care plan;
- b. provision of appropriate information to the patient's health care team regarding the patient's vision to allow them to better prepare both general and academic plans; and
- c. reporting the findings, opinions or recommendations in writing to other health care team members regarding this evaluation and future planning.

A251 Special ophthalmologic assessment..... 120.00

## OPHTHALMOLOGY (23)

### Payment rules:

- 1.No other assessment or consultation is eligible for payment when rendered by the same physician to the same patient the same day as A251.
- 2.This service is limited to a maximum of 2 services per patient per physician per *12 month period*.

### Medical record requirements:

- 1.The start/stop time of the service must be documented in the patient's medical record or the amount payable for the service will be reduced to a lesser fee.
- 2.A statement of the medical condition and how it limits the patient's ability to participate in the assessment with the physician must be documented in the patient's medical record or the amount payable for the service will be reduced to a lesser fee.
- 3.A copy of the letter to other health care team members must be maintained in the patient's medical record or the service will be reduced to a lesser fee.

### [Commentary:

Examples of medical conditions that may qualify for this service include certain chromosomal abnormalities, autism, cerebral palsy etc. or evaluation of *children/infants* with low vision associated with or resulting in developmental delay.]

### Developmental and/or behavioural care

Developmental and/or behavioural care are services encompassing any combination or form of assessment and treatment by a paediatrician for mental illness, behavioural maladaptations, developmental disorders, and/or other problems that are assumed to be of a developmental or emotional nature where there is consideration of the patient's biological and psychosocial functioning. Unit means ½ hour or major part thereof - see General Preamble GP7, GP54 to GP61 for definitions and time-keeping requirements.

K122	- individual developmental and/or behavioural care . per unit	89.70
K123	- family developmental and/or behavioural care ..... per unit	101.75

### Payment rules:

These services are only payable to paediatricians who satisfy one of the following criteria:

- a. 35% or more of the dollar value of the annual fee-for-service claims in any *12 month period* consist of K122 and/or K123;
- b. 35% or more of the dollar value of the annual fee-for-service claims in any *12 month period* consist of any combination of K005, K007, K019, K020, K012, K024, K025, K010, K004, K006, or K008; or
- c. additional residency or fellowship training in paediatrics or psychiatry. Residency or fellowship training includes either completion of training in paediatric or *adolescent* developmental and/or behavioural medicine within a recognized paediatric residency training programme of at least one-year duration following completion of the first three years of residency, or a post residency fellowship or other equivalent programme in paediatrics, *adolescent* medicine or psychiatry. Documentation of additional residency or fellowship training must be provided if requested by the ministry.

### [Commentary:

Paediatricians who do not meet the criteria listed above but believe they have appropriate training and/or experience to permit them to provide paediatric or *adolescent* developmental and/or behavioural care may contact the ministry to determine whether their training and/or experience constitute an equivalent residency, training or programme.

Services rendered by physicians who do not meet these requirements are still insured but eligible for payment under another fee *schedule* code e.g. primary mental health care (K005), counselling (K013/K033) or group counselling (K040/K041).]

## DIAGNOSTIC RADIOLOGY (33)

### GENERAL LISTINGS

#### Consultation

A diagnostic radiology consultation is the service rendered when:

- a. radiographs or ultrasounds made at one institution or facility are referred to a radiologist at a different institution or facility for his/her written opinion. In this case, the *specific elements* are as for diagnostic radiology *professional component* (see page D1);
- b. a radiologist is required to make a special visit at evening or night (17:00h to 07:00h) or on a Saturday, Sunday or *holiday* to consult on the advisability of performing a diagnostic radiological procedure which eventually is not done. In this case, the *specific elements* are the same as for consultations; or
- c. when a radiologist is required to render an opinion prior to an interventional procedure and all of the following requirements are met. In this case, the *specific elements* are the same as for consultations:
  - i. the consultation is performed in an area remote from the radiologist's normal procedural suite;
  - ii. the requirements for a consultation are met;
  - iii. the consultation is not solely for the purpose of clarifying or obtaining consent; and
  - iv. the associated procedure is one of the following: J021, J025, J040, J041, J046, J048, J049, J050, J055, J056, J057, J058, J059, J063, J065, J066, N107, N118, N122, N125, S233, Z446, Z456, Z562, Z594.

A335 Consultation..... 50.00

#### Payment rules:

1. A diagnostic radiology consultation is *not eligible for payment* when radiographs made in a different institution or facility are used for comparison purposes with radiographs or ultrasounds made in the consultant's institution or facility.
2. A335 is *not eligible for payment* for CT and MRI services.

#### [Commentary:

For a second opinion by a radiologist of CT and MRI studies, see A330 and A332 respectively.]

#### Special interventional radiological consultation

A special interventional radiological consultation is the service described under part (c) of a regular consultation (A335) in circumstances in which because of the very complex, obscure or serious nature of the problem, the physician is required to spend a minimum of 50 minutes with the patient in consultation.

#### [Commentary:

The calculation of the 50 minute minimum excludes time devoted to any other service or procedure for which an amount is payable in addition to the consultation.]

## DIAGNOSTIC RADIOLOGY (33)

### Radiology second opinion of CT or MRI Study

A radiology second opinion of CT or MRI study is the service rendered when CT or MRI images made and interpreted by a radiologist at one institution or facility are referred to a radiologist (“consultant radiologist”) at a different institution or facility for his/her written interpretation. For the purposes of these services, “study” means all images related to one anatomical region, as these regions are listed in the payment rules below.

A330	Radiology second opinion of CT study, per study.....	89.50
A332	Radiology second opinion of MRI study, per study.....	199.70

#### Payment rules:

1. A330 and A332 are *not eligible for payment* when CT or MRI images made in a different institution or facility are used for comparison purposes with CT or MRI images made in the consultant radiologist’s institution or facility.
2. A330 and A332 are limited to a maximum of one each per study per patient per 30 day period.
3. For CT studies, the anatomical regions are head, neck, thorax, abdomen, pelvis, extremities (one or more) and spine (one or more segments).
4. For MRI studies, the anatomical regions are head, neck, thorax, abdomen, breast(s), pelvis, extremities (one or more) and spine (one or more segments).
5. E406, E407 or E408 after hours premiums for diagnostic CT/MRI services are *not eligible for payment* with A330 or A332.

#### Medical record requirements:

A330 and A332 are *only eligible for payment* if both the written request from the referring physician and the consultant radiologist’s second opinion report are included in the patient’s permanent medical record.

### Minor assessment

A minor assessment (A331) is the service rendered when a radiologist evaluates a patient on a non-emergent basis resulting in the cancellation or deferral of a planned diagnostic radiology procedure due to procedural difficulties, including lack of patient cooperation, if no other diagnostic radiology procedure is rendered.

A331	Minor assessment.....	17.75

K481 Rheumatoid arthritis management by a specialist..... 75.00

#### Payment rules:

- 1.K481 is limited to a maximum of one service per patient per *12 month period*.
- 2.K481 is *only eligible for payment* if the physician has rendered a minimum of three consultations/assessments to the patient in the *12 month period* for which K481 is claimed.
- 3.K481 is *only eligible for payment* when the physician has treated greater than 100 patients with rheumatoid arthritis for the *12 month period* for which K481 is claimed.
- 4.K481 is *only eligible for payment* to a physician in the following specialties: Rheumatology (48)

#### Medical record requirements:

K481 is *only eligible for payment* when the following information is recorded in the patient's permanent medical record for the previous *12 month period*:

- 1.Measurement of tender joint count;
- 2.Measurement of swollen joint count;
- 3.Physician and patient global assessment of disease activity;
- 4.Patient pain score;
- 5.Patient assessment of function (e.g. HAQ [Health Assessment Questionnaire] or SF36 [Short Form 36]);
- 6.Measurement of acute phase reactant (ESR or CRP); and
- 7.Calculation and recording of a pooled measure of RA disease activity (DAS-28 [Disease Activity Score 28], SDAI [Simplified Disease Activity Index], or CDAI [Clinical Disease Activity Index]).

#### Claims submission instructions:

- b. an occupational therapist who is a member of the College of Occupational Therapists of Ontario; or
- c. a social worker who is a member of the Ontario College of Social Workers and Social Service Workers.

K480 Physician to allied professional telephone consultation..... 31.35

#### Payment rules:

1. A maximum of one K480 service is eligible for payment per patient per day.
2. A maximum of two K480 services are eligible for payment per patient per *12 month period*.
3. K480 is *only eligible for payment* for a physician to allied professional telephone consultation that:
  - a. includes a minimum of 10 minutes of patient-related discussion; and
  - b. where there is an established physician-patient relationship.
4. K480 is *not eligible for payment* to the physician in the following circumstances:
  - a. when the purpose of the telephone discussion is to arrange for an evaluation of the patient by the physician; or
  - b. in circumstances where a physician receives compensation, other than by fee-for-service under this *Schedule*, for participation in the telephone consultation, this service is *not eligible for payment* to that physician.

#### [Commentary:

1. In calculating the minimum time requirement, time does not need to be continuous. In circumstances where a physician to allied health professional telephone consultation service with the consultant physician on the same day is not continuous, the total time represents the cumulative time of all telephone consultations with the same allied health professional on that day pertaining to the same patient.
2. Payment, other than by fee-for-service includes compensation where the physician receives remuneration under a salary, primary care, stipend, APP or AFP model.
3. Physicians who receive compensation other than by fee-for-service under this *Schedule* should consult their contract for guidance on shadow-billing.]

#### Medical record requirements:

K480 is *only eligible for payment* where the following elements are included in the medical record for a physician who submits a claim for the service:

1. patient's name and health number;
2. start and stop times of the discussion;
3. name(s) of the allied professional participating in the telephone consultation;
4. reason for the consultation; and
5. the opinion and recommendations of the physician.

## PREAMBLE

### SPECIFIC ELEMENTS

Nuclear Medicine procedures are divided into a *professional component* listed in the columns headed with a "P", and a *technical component* listed in the column headed with an "H". The *technical component* of the procedure subject to the conditions stated under "Diagnostic Services Rendered at a Hospital" on page GP11, is *eligible for payment* only if the service is:

- a. rendered at a hospital; or
- b. rendered at an off-site premise operated by a hospital corporation that has received approval under section 4 of the *Public Hospitals Act*.

In addition to the *common elements*, the components of Nuclear Medicine procedures include the following *specific elements*.

#### For Professional Component

- A. Providing clinical supervision, including approving, modifying and/or intervening in the performance of the procedure where appropriate.
- B. Performance of any clinical procedure associated with the diagnostic procedure which is not separately billable.
- C. Where appropriate, post-procedure monitoring, including intervening except where this constitutes a separately billable service.
- D. Interpreting the results of the diagnostic procedure.
- E. Providing premises for any aspect(s) of A and D that is(are) performed at a place other than the place in which the procedure is performed.

#### Note:

1. Element D must be personally performed by the physician who claims for the service.
2. If the physician claiming the fee for the service is personally unable to perform elements A, B and C, these may be delegated to another physician.
3. Where the only component provided is interpreting the results of the diagnostic procedure, the *specific elements* A and C listed for the *professional component* are included in the *specific elements* of the technical component.

#### For Technical Component H

- A. Preparing the patient for the procedure.
- B. Performing the diagnostic procedure(s).
- C. Making arrangements for any appropriate follow-up care.
- D. Providing records of the results of the procedure to the interpreting physician.
- E. Discussion with, and providing information and advice to, the patient or *patient's representative*, whether by telephone or otherwise, on matters related to the service.
- F. Preparing and transmitting a written, signed and dated interpretive report of the procedure to the referring provider.
- G. Providing premises, equipment, supplies and personnel for all *specific elements* of the technical and *professional components* except for the premises for any aspect(s) of A and D of the *professional component* that is(are) not performed at the place in which the procedure is performed.

## PREAMBLE

### OTHER TERMS AND DEFINITIONS

1. *Professional and technical components* are claimed separately. Claims for the *technical component* H are submitted using listed fee code with suffix B. Claims for *professional component* are submitted using listed fee code with suffix C. (e.g. J802C)
2. For services rendered outside a hospital setting the only fees billable under the *Health Insurance Act* are listed under P (use suffix C). Costs for the *technical component* of these services are only billable under the *Integrated Community Health Services Centres Act, 2023*.
3. With the exception of J818, J835, J821, J834, J880 or when SPECT is claimed, if quantification or data manipulation is carried out in addition to visual inspection of imaging studies, add 30% to the appropriate professional benefit. For claim purposes, use prefix "Y". Such activity must add significant diagnostic information not available by inspection alone and does not include simple image enhancement techniques such as smoothing, background subtraction, etc. Recording of images on videotape for replay and production of images on the video display of a computer do not in themselves justify the additional benefit. The claims for cardiac wall motion studies and calculation of ventricular ejection fraction (J811 and J813) already include an allowance for data manipulation as a general rule and no additional benefit may be claimed. The additional computer benefit may be claimed only when additional cardiac quantifications are performed i.e. stroke volume ratio and volume response curves and/or phase analysis.
4. If examination of Brain, Lung, Liver or Spleen is limited to one view, the benefit (H and P) is to be reduced by 50%.
5. Repeat studies on the same day may be claimed only after exercise or drug intervention.
6. When tomographic examination (SPECT) is billed, the 30% add-on referred to in paragraph 3 may not be claimed.
7. Costs for the *technical component* of services rendered in an *ICHSC* are listed in the Schedule of Facility Costs.
8. The technical and professional fee components for myocardial perfusion imaging / echocardiogram/exercise stress test/stress echocardiogram are *not eligible for payment* in the routine preoperative preparation or screening of a patient for surgery where the patient will undergo a low risk procedure or has a low risk of perioperative cardiac complications, unless there is a clinical indication requiring myocardial perfusion imaging/exercise stress test/cardiac stress echo studies other than solely for preoperative preparation of the patient.

#### [Commentary:

1. Studies have indicated that for non cardiac surgery, there may be no clinical benefit and there may be harm in performing functional cardiac testing in patients with low operative risk and little or limited benefit in moderate risk patients. BMJ 2010, Jan 28; 340.
2. One example of a generally accepted guideline is the American College of Cardiology (ACC)/ American Heart Association (AHA) Guidelines that states:
  - a. Non invasive testing could be considered in patients with 1 to 2 risk factors and poor functional capacity (less than 4 mets) who require intermediate risk surgery if it will change management (class IIb)
  - b. Non invasive testing has not been show to be useful in patients with no clinical risk factors undergoing intermediate risk non cardiac surgery (class III).
  - c. Non invasive testing has not been shown to useful in patients undergoing low risk non cardiac surgery (class III)]

P

Scintimammography is *not eligible for payment* unless at least one of the following conditions is met:

- a. the patient has a dense breast(s) and one or both of the following risk factors:
  - i. a first degree relative with breast cancer diagnosed prior to age 50; or
  - ii. a first degree relative with breast cancer diagnosed over age 50 and patient is within 5 years of the age when the relative was diagnosed with breast cancer.
- b. architectural distortion of the breasts due to prior breast surgery, radiotherapy, chemotherapy or the presence of breast prosthesis rendering mammography interpretation difficult;
- c. malignant breast lesion when mammography is unable to exclude multifocal disease; or
- d. solitary lesion identified on mammography of greater than 1 cm.

## CLINICAL PROCEDURES ASSOCIATED WITH DIAGNOSTIC NUCLEAR MEDICINE

Such procedural benefits are intended for the physician's service of placing an instrument or introducing diagnostic radiopharmaceuticals. They are not intended to be used for simple subcutaneous, intramuscular or intravenous injection nor for oral administration. Rather than double listing the procedures and benefits in this part of the fee *schedule*, physicians are directed to the following reference points in the *Schedule*

- a. Intra-articular injections - G370 on page J53.
- b. Injection into CSF spaces or shunt apparatus - Z801 or Z821 on page X8.
- c. Arterial puncture - Z459 on pages H6 and J7.
- d. Paracentesis in conjunction with shunt patency study - Z590 on page S34.

### SPECIFIC ELEMENTS

In addition to the *common elements*, the *professional component* of PET procedures includes the following *specific elements*.

#### For Professional Component P

- A. Providing clinical supervision, including approving, modifying and/or intervening in the performance of the procedure where appropriate, and quality control of all elements of the *technical component* of the procedure.
- B. Performance of any clinical procedure associated with the diagnostic procedure which is not separately billable (e.g. injections which are an integral part of the study).
- C. Where appropriate, post-procedure monitoring, including intervening except where this constitutes a separately billable service.
- D. Interpreting the results of the diagnostic procedure.
- E. Providing premises for any aspect(s) of A and D that is(are) performed at a place other than the place in which the procedure is performed.

If the physician claiming the fee for the service is personally unable to perform elements A, B and C, these may be delegated to another physician, who must personally perform the service.

Element D must be personally performed by the physician who claims for the service.

# POSITRON EMISSION TOMOGRAPHY (PET)

P

## Note:

1. PET scanning is an insured service only for the investigation of the indications listed below.
2. PET scanning for all oncologic or suspected oncologic indications must be performed using a combined positron emission tomography-computed tomography scanner (PET/CT) in order to localize anatomically any areas of abnormality on the PET image.
3. Interpretation of a CT scan performed to identify the anatomical location of a PET scan abnormality or for attenuation correction is *not eligible for payment*.

## [Commentary:

1. It is expected that the physician requesting a PET scan is making clinical decisions related to the treatment of the patient or is basing their request on the recommendation of the treating physician.
2. A PET scan may be available for indications other than those listed below through other PET Scans Ontario programs. PET Scans Ontario is coordinated by Ontario Health. The contact number is 1-877-473-8411. A full list of all funded indications in Ontario is available at [CCOHealth.ca/PET](http://CCOHealth.ca/PET).]

## Solitary pulmonary nodule (SPN)

Solitary pulmonary nodule for which a diagnosis could not be established by a needle biopsy due to:

- a. unsuccessful attempted needle biopsy;
- b. the SPN is inaccessible to needle biopsy; or
- c. the existence of a contra-indication to the use of needle biopsy.

J700 Solitary pulmonary nodule ..... 255.20

## Thyroid cancer

Thyroid cancer for which standard imaging studies, including I-131 scan and/or neck ultrasound, are negative or equivocal, and recurrent or persistent disease is suspected on the basis of an elevated and/or rising thyroglobulin level(s).

J701 Thyroid cancer ..... 255.20

## Germ cell tumour

Germ cell tumour for which recurrent or persistent disease is suspected on the basis of:

- a. elevated tumour marker(s) (beta human chorionic gonadotrophin (HCG) and/or alpha fetoprotein) in the presence of negative or equivocal standard imaging studies; or
- b. the presence of a residual mass after primary treatment for seminoma when curative surgical resection is being considered.

## Non-small cell lung cancer (NSCLC):

- a. For which curative surgical resection is being considered based on negative standard imaging tests; or
- b. For clinical stage III NSCLC which is being considered for potentially curative combined modality therapy with radical radiotherapy and chemotherapy.

J706 Non-small cell lung cancer..... 255.20

## Limited disease small cell lung cancer

Limited disease small cell lung cancer for evaluation and staging where combined modality therapy with chemotherapy and radiotherapy is being considered.

J709 Limited disease small cell lung cancer ..... 255.20

## Esophageal carcinoma

- a. Baseline staging assessment of those patients diagnosed with esophageal cancer being considered for curative therapy.
- b. Repeat PET/CT scan on completion of pre-operative/neoadjuvant therapy, prior to surgery.

J710 Esophageal carcinoma ..... 255.20

## Metastatic squamous cell carcinoma – evaluation of neck nodes

J711 Metastatic squamous cell carcinoma – evaluation of neck nodes..... 255.20

### Note:

J711 is only insured when the primary disease site is unknown after radiologic and clinical investigation.

## Liver metastasis from colorectal cancer

Prior to surgery for resection of metastatic lesions from colorectal cancer only when:

- a. The surgical procedure on the liver is high risk; or
- b. The patient is considered at high risk for surgery.

## Cardiac PET using fluorodeoxyglucose (FDG)

Cardiac PET using fluorodeoxyglucose (FDG) for myocardial viability assessment in a patient that:

- a. has moderate to severe ischemic left ventricular dysfunction (left ejection less than or equal to 40%) despite maximal medical therapy; and
- b. is a suitable candidate for a cardiac revascularization procedure or cardiac transplantation.

J707	- cardiac PET .....	237.50
J708	- cardiac PET with quantitative analysis, to J707 ... add 0%	

### Note:

PET is an insured service for the clarification of myocardial viability when:

- a. a previous myocardial imaging assessment has been rendered, using another modality (e.g. SPECT using thallium, MIBI or dobutamine stress echocardiography) and the result of the previous imaging assessment was equivocal or demonstrated insufficient viable myocardium; or
- b. a patient with a left ventricular ejection fraction less than 35% and known multi-vessel coronary disease determined by coronary angiography urgently needs an assessment of myocardial viability.

### [Commentary:

Examples of other modalities for assessing viability include SPECT imaging using myocardial perfusion agents such as thallium, MIBI or tetrofosmin, or dobutamine stress echocardiography.]

### Payment rules:

Only one of J700, J701, J702, J703, J704, J705, J706, J707, J709 or J710 is eligible for payment per patient per day.

### SPECIFIC ELEMENTS

In addition to the *common elements*, all Radiation Oncology codes include the following *specific elements* with the exception of Treatment Planning (X310, X311, X312, X313, X322) to which elements A and B do not apply.

- A. Supervising the preparation of the patient and preparing the patient for the procedure(s).
- B. Supervising and/or performing the procedure(s), including application (superficial, interstitial or intracavitary) of the radiation source where appropriate, and including ongoing monitoring and detention during the immediate post-procedure and recovery period.
- C. Making arrangements for any related assessments, procedures or therapy, including obtaining any specimens from the patient and interpretation of any results where appropriate.
- D. Where indicated, making or supervising the making of arrangements for follow-up care and post-procedure monitoring of the patient's condition, including intervening, until the next insured service is provided.
- E. Discussion with and providing advice and information, including prescribing therapy to the patient or the *patient's representative*, whether by telephone or otherwise, on matters related to the service.
- F. Providing premises, equipment, supplies and personnel for the *specific elements*
  - a. for services not identified with prefix #, for all elements.
  - b. for services identified with prefix #, for any aspect(s) of A, C, D and E that is(are) performed in a place other than the place in which the procedure(s) is performed.

### Specific elements for treatment planning

In addition to *Specific Elements* above, the following *specific elements* apply to Treatment Planning (X310, X311, X312, X313, X322).

- A. Must include personal preparation of the medical component of the treatment plan and supervision of the radiation treatment planning, including dosage calculation and preparation of any special treatment device.
- B. All subsequent adjustment(s) by any physician to that treatment plan during that complete course of treatment.

### OTHER TERMS AND CONDITIONS

1. Treatment Planning (X310, X311, X312, X313) for radiotherapy that is rendered in a place other than an Ontario public hospital funded by Ontario Health to provide radiotherapy is an insured service payable at nil.
2. X305, X306, X322, X323, X324, X325 and X334 rendered in a place other than an Ontario public hospital are insured services payable at nil.
3. Any radiation oncology planning or treatment service that is rendered to a patient during a course of treatment for which Treatment Planning (X310, X311, X312, X313) is *not eligible for payment*.

## PREAMBLE

### SPECIFIC ELEMENTS

Diagnostic Radiology procedures are divided into a *professional component* listed in the column headed with a "P", and a *technical component* listed in the column headed with an "H". The *technical component* of the procedures subject to the conditions stated under "Diagnostic Services Rendered at a Hospital" on page GP11, is *eligible for payment* only if the service is:

- a. rendered at a hospital; or
- b. rendered at an off-site premise operated by a hospital corporation that has received approval under section 4 of the *Public Hospital Act*.

#### [Commentary:

As described in Regulation 552 of the *Health Insurance Act*, for a service to be insured, the interpreting physician must physically be present in Ontario when the interpretation service is rendered.]

In addition to the *common elements*, the components of Diagnostic Radiology procedures include the following *specific elements*.

#### For Professional Component P

- A. Providing clinical supervision, including approving, modifying and/or intervening in the performance of the procedure where appropriate, and quality control of all elements of the *technical component* of the procedure.
- B. Performance of any clinical procedure associated with the diagnostic procedure which is not separately billable (e.g. injections which are an integral part of the study) and of any fluoroscopy.
- C. Where appropriate, post-procedure monitoring, including intervening except where this constitutes a separately billable service.
- D. Interpreting the results of the diagnostic procedure.
- E. Providing premises for any aspect(s) of A and D that is (are) performed at a place other than the place in which the procedure is performed.

If the physician claiming the fee for the service is personally unable to perform elements A, B and C, these may be delegated to another physician who must personally perform the service. Element D must be personally performed by the physician who claims for the service.

#### For Technical Component H

- A. Preparing the patient for the procedure.
- B. Performing the diagnostic procedure or assisting in the performance of fluoroscopy.
- C. Making arrangements for any appropriate follow-up care.
- D. Providing records of the results of the procedure to the interpreting physician.
- E. Discussion with, and providing information and advice to, the patient or patient's representative, whether by telephone or otherwise, on matters related to the service.
- F. Preparing and transmitting a written, signed and dated interpretive report of the procedure to the referring provider.
- G. Providing premises, equipment, supplies and personnel for all *specific elements* of the technical and *professional components* except for the premises for any aspect(s) of A and D of the *professional component* that is (are) not performed at the place in which the procedure is performed.

## PREAMBLE

### OTHER TERMS AND DEFINITIONS

1. *Professional and technical components* are claimed separately. Claims for *technical component* H are submitted using the listed fee code with suffix B. Claims for *professional component* P are submitted using the listed fee code with suffix C.
2. For services rendered outside a hospital setting the only fees billable under the *Health Insurance Act* are listed under the column P (use suffix C). Costs for the *technical component* of these services are only claimed under the *Integrated Community Health Services Centres Act, 2023*. Costs for the *technical component* of services rendered in an *ICHSC* are listed in the Schedule of Facility Costs.
3. Benefits for clinical procedures related to x-ray examinations are listed in the following section, or under Diagnostic and Therapeutic or Surgical Procedures. 'Clinical Procedures', in this context, are those by which contrast media are introduced, except oral or rectal administration for study of the alimentary tract, and intravenous injections, which are an integral part of the study, performed by the physician collecting the benefit for the procedure.
4. If less than the minimum number of views are performed, reduce listed fees by 25%.
5. If insured diagnostic radiology procedures yield abnormal findings or if they would yield information which in the opinion of the radiologist would be insufficient governed by the needs of the patient and the requirements of the referring provider or practitioner, the radiologist may add further views and claim for them (if listed).
6. All benefits listed apply to unilateral examinations unless otherwise specified. When a radiologist is asked to x-ray one extremity only, no additional claim should be made for comparison x-rays initiated by the radiologist.
7. A stereo pair is to be counted as two views.
8. No additional claim is warranted for the use of the image intensifier in diagnostic radiology.
9. Complex head CT scans are meant to be multiplanar (multidirectional) head CT scans - to include one or more of the following areas: pituitary fossa, posterior fossa, internal auditory meati, orbits and related structures, the temporal bone and its contents and the temporomandibular joints. X400, X401 and X188 are not to be billed in addition to those fees for complex head studies.
10. Nasal bones or accessory nasal sinuses should not be routinely claimed in skull examination requests.
11. Mandible X006 and Temporomandibular joints X007 are not both to be routinely claimed on the same patient but only when specifically ordered.
12. Conventional films of the spine should not be routinely done and claimed for before myelography. The necessity of having plain film studies of the spine prior to interpreting the myelographic studies is obvious. It is not essential, however, that these be done at the institution where the myelogram was done. If they have been done at an outside office, then it is a matter for the radiologist and the referring provider to have the films available. If they cannot be made available to the radiologist, it is an acceptable practice for him to do the required procedure of these areas and to claim for them so that they may be available for interpretation along with the myelographic study.
13. Lumbar or lumbosacral spine X028 does not include the entire sacrum. An x-ray of the sacrum may be carried out and claimed for only when specifically indicated.

## PREAMBLE

14. Three or more views of the chest should not be done routinely and claimed when a chest examination is requested.
15. Chest studies should not be routinely done and claimed in mammography cases.
16. Fluoroscopy claims should not be submitted for any examination performed by the radiologist where fluoroscopy is generally regarded as an integral part of the examinations e.g. examinations of the GI tract, urinary tract, and special procedures.
17. 'Colon - air contrast' may be claimed when performed according to generally accepted criteria. The colon should be scrupulously prepared. Five to eight full size views of the abdomen should be obtained after fluoroscopically controlled introduction of air and barium.
18. 'Oesophagus, stomach and duodenum - double contrast' presupposes the introduction of gas, the use of antifoam agent and a suitable barium mixture.
19. 'Pharynx and oesophagus - cine or videotape' (X106) should not be claimed routinely with X108 and X109 but only when specifically indicated.
20. Abdomen and chest studies should not be routinely done and claimed in gastrointestinal examinations.
21. Abdomen and/or pelvis should not be routinely claimed in lumbar spine examination requests.
22. A survey film of the abdomen is a single view. The ordering of additional films should be left to the discretion of the radiologist who should have the power to determine what examination is adequate for a specific patient. Obviously, if progress of a long tube is being followed, a survey film is sufficient. If, however, an intestinal obstruction is being followed, a single film is usually inadequate.
23. No extra fee should be claimed for rapid sequence IVP.
24. Nephrotomography is covered by the listings for intravenous pyelogram and planigram.
25. Preoperative and Routine Chest X-rays
  - a. The technical and professional fee components for chest x-ray, X090, X091 and X092 are *not eligible for payment* in the routine preoperative preparation or screening of a patient for non-cardiac, non-thoracic surgery, unless there is a clinical indication requiring a chest x-ray other than solely for preoperative preparation or screening of the patient.

### **[Commentary:**

Examples of indications could include but are not limited to:

1. suspected active airway or airspace disease
2. workup of shortness of breath
3. metastatic workup]

- b. The technical and professional fee components for chest x-ray, X090, X091 and X092 are *only eligible for payment* when rendered for a patient who has symptoms, signs or an indication supported by current clinical practice guidelines relevant to the individual patient's circumstances.

### **[Commentary:**

Routine chest x-rays for screening or for admission to hospital without clinical indication are not payable.]

26. X-ray or CT studies of the lumbar spine should not be routinely ordered or rendered for low back pain without suspected or known pathology.

## BONE MINERAL DENSITY (BMD) MEASUREMENT

H

P

### Dual-energy X-ray Absorptiometry (DXA) - by axial technique only

#### Definition:

For the purpose of second and subsequent testing,

“**high risk patient**” means a patient:

1. at risk for accelerated bone loss (in the absence of other risk factors, patient age is deemed not to place a patient at high risk for accelerated bone loss);
2. with osteopenia or osteoporosis on any previous BMD testing; or
3. with bone loss in excess of 1% per year as demonstrated by previous BMD testing.

“**low risk patient**” means a patient who is not a high risk patient.

#### Definition/Required elements of service:

BMD measurement by DXA is an insured service only when all the following conditions have been met:

1. the service is rendered for the prevention and management of osteoporosis or osteopenia;
2. when more than one site is measured, the sites include both hip and spine and where measurement of both hip and spine is not technically feasible the site measured consists of either hip or spine.

#### [Commentary:

Measurement of hip and spine would be considered not technically feasible due to prosthesis or deformity.]

#### Baseline test

X145	- one site .....	42.85	40.15
X146	- two or more sites .....	55.20	48.00

#### Second test - low risk patient

X152	- one site .....	42.85	40.15
X153	- two or more sites .....	55.20	48.00

#### Subsequent test - low risk patient

X142	- one site .....	42.85	40.15
X148	- two or more sites .....	55.20	48.00

#### Subsequent test - high risk patient

X149	- one site .....	42.85	40.15
X155	- two or more sites .....	55.20	48.00

#### Payment rules:

1. Patients are limited to one baseline test (X145 or X146) in their lifetime.
2. Second test - low risk patient (X152/X153) is limited to a maximum of one test rendered not earlier than 36 *months* following the baseline test (X145/X146).
3. Subsequent test - low risk patient (X142/X148) is *not eligible for payment* when rendered earlier than 60 *months* following the second or any subsequent test.

4. Any combination of services described by X152 or X153 that were rendered to a patient between July 1, 2007 and April 1, 2008 for which claims were submitted and paid as insured services under the *Health Insurance Act* constitutes, a “second test – low risk patient” for the purpose of determining service maximums for a second or subsequent test - low risk patient, and is deemed to have been rendered on July 1, 2010.
5. Any service described by X152 or X153 rendered between April 1, 2008 and July 1, 2010 for which a claim was submitted and paid as an insured service under the *Health Insurance Act* constitutes a subsequent test - low risk patient for the purpose of determining service maximums for second or subsequent test – low risk patient and is deemed to have been rendered on July 1, 2010.
6. Subsequent test - high risk patients (X149/X155) is limited to a maximum of one test every 12 months unless the ordering physician obtains written prior authorization from a *medical consultant*.

### [Commentary:

Authorization will be dependent on the ordering physician demonstrating that the test is generally accepted as necessary for the patient under the circumstances.]

### [Commentary:

1. Baseline, second test and subsequent tests should be ordered only in accordance with current practice guidelines. In those situations where testing is ordered on a particular patient for reasons that vary from the guidelines, the ordering physician should ensure that the patient’s medical record sufficiently explains the justification for the test in this particular case.
2. In the event a patient with a previous normal baseline test (X145/X146) or second test (X152/X153) or normal subsequent test – low risk patient (X142/X148) meets any of the criteria listed for high risk patients as stated above, the patient would be eligible for subsequent test – high risk patient services (X149/X155) subject to the restriction stated in payment rule #6.
3. The 2002 Clinical Practice Guidelines for the Diagnosis and Management of Osteoporosis in Canada (reviewed in 2006) can be found at [http://www.cmaj.ca/cgi/reprint/167/10\\_suppl/s1.pdf](http://www.cmaj.ca/cgi/reprint/167/10_suppl/s1.pdf).

- 2.E874 includes the administration of contrast necessary to complete the CT perfusion study.
- 3.E874 includes creation and interpretation of post-imaging colour mapping of cerebral perfusion maps for regional cerebral blood flow, cerebral blood volume, and mean blood transit time.

#### [Commentary:

For example, when a CT perfusion study is only performed in conjunction with a non-contrast CT head scan, the appropriate claim is E874 and the non-contrast CT head service (e.g. X400, X402). In this example, a claim for E874 with a contrast enhanced CT head service (e.g. X401, X405) would not be appropriate.]

### Cardio-thoracic

Cardio-thoracic CT is an imaging service of the cardio-thoracic structures including cardiac gating and 3D imaging post-processing, cardiac structure and morphology and computed tomographic angiography of coronary arteries (including native and anomalous coronary arteries, coronary bypass grafts) and requires imaging without contrast material followed by contrast material(s).

X235 Cardio-thoracic ..... - 147.50

#### Note:

1. The service described by X235 includes the supervision of oral beta blockers and/or IV injection where clinically indicated.
2. X235 is *only eligible for payment* when the service is performed using a minimum of a 64-detector CT scanner.
3. X235 is *only eligible for payment* when:
  - a. one or more of the following indications are present:
    - i. arterial and venous aneurysms;
    - ii. traumatic injuries of arteries and veins;
    - iii. arterial dissection and intramural hematoma;
    - iv. arterial thromboembolism;
    - v. vascular congenital anomalies and variants;
    - vi. percutaneous and surgical, vascular interventions;
    - vii. vascular infection, vasculitis, and collagen vascular disease;
    - viii. sequelae of ischemic coronary disease (i.e. myocardial scarring, ventricular aneurysms, thrombi);
    - ix. cardiac tumours and thrombi;
    - x. pericardial diseases;
    - xi. cardiac function evaluation, especially in patients in whom cardiac function may not be assessed by magnetic resonance imaging or echocardiography; or
  - b. conventional coronary angiography is technically infeasible, or contraindicated for:
    - i. a clinically stable symptomatic patient with low to intermediate probability of obstructive coronary disease;
    - ii. a clinically stable symptomatic patient who has planned surgery for valvular or structural heart disease;
    - iii. a patient has low to intermediate probability of stent stenosis where the stent has a diameter > 3mm; or
    - iv. a patient with suspected clinically relevant congenital coronary artery anomalies.

#### Payment rules:

1. X417, X406, X407, and X125 are *not eligible for payment* with X235.
2. X235 includes all elements required to perform the study, including additional CT acquisition sequencing and/or post-processing, two or three dimensional reconstruction(s), and administration of contrast.

### **Medical record requirements:**

X235 is *only eligible for payment* when the patient's permanent medical record includes all of the following:

1. An interpretation is provided by a physician who must meet the current American College of Radiology's minimum training standards for thorax and cardiac CT imaging.
2. A record of a detailed relevant patient history and demographics to determine the scan protocol is maintained.
3. A diagnosis of the entire detailed field of view is provided including the lymph nodes, pleura, lungs, mediastinum, airways, bony thorax, spine and heart, and veins, arteries and other related anatomical structure.
4. A quantitative evaluation of coronary calcium for risk stratification is documented when clinically appropriate.

2. Examples where CT coronary angiography is not insured include:
  - a. for a patient with a high pre-test probability of obstructive coronary artery disease or ECG or cardiac enzyme evidence of an acute coronary syndrome;
  - b. for purposes of screening, risk stratification, or calcium scoring in asymptomatic patients.

### Payment rules:

1. CT colonography is an insured service only in the following circumstances:
  - a. individuals who are at moderate risk for colorectal cancer based on family history and the patient refuses colonoscopy or where the patient has been advised of the relative risks and benefits of CT colonography and colonoscopy and the patient refuses colonoscopy;
  - b. for surveillance examination in patients with a history of previous colonic neoplasm, where clinically appropriate;
  - c. for diagnostic examination in symptomatic patients;

- b. the study is performed on a minimum 16-detector CT scanner; and
- c. the interpretation is provided by a physician who must meet minimum training standards.

### **Medical record requirements:**

X234 is *only eligible for payment* when the reporting radiologist:

1. documents a detailed relevant patient history and demographics to determine the scan protocol; and
2. provides a diagnosis of the entire detailed field of view including colonic and extra-colonic structures.

### SPECIFIC ELEMENTS

In addition to the *common elements*, Clinical Procedures Associated with Diagnostic Radiological Examinations include the following *specific elements*.

- A. Supervising the preparation of and/or preparing the patient for the procedure(s).
- B. Performing the procedure(s) including the introduction of any contrast media and carrying out all appropriate recovery room procedures including transfer of the patient to the recovery room, ongoing monitoring and detention during the immediate post-procedure and recovery period.
- C. Making arrangements for any related assessments or procedures, including obtaining any specimens from the patient and interpretation of any results where appropriate.
- D. Where indicated, making or supervising the making of arrangements for follow-up care, and post-procedure monitoring of the patient's condition, including intervening, until the next insured service.
- E. Discussion with, providing any advice and information and prescribing therapy to the patient or the *patient's representative*, whether by telephone or otherwise, on matters related to the service.
- F. Providing premises, equipment, supplies and personnel for the specific element
  - a. For services not identified with prefix # for all elements.
  - b. For services identified with prefix # for any aspect(s) of A, C, D and E that is(are) performed in a place other than the place in which the procedure is performed.

Radiological services may be claimed in addition. See Diagnostic Radiology for the appropriate fees.

## PREAMBLE

### SPECIFIC ELEMENTS

In addition to the *common elements*, the *professional component* of MRI procedures includes the following *specific elements*.

#### For Professional Component P

- A. Providing clinical supervision, including approving, modifying and/or intervening in the performance of the procedure where appropriate, and quality control of all elements of the *technical component* of the procedure.
- B. Performance of any clinical procedure associated with the diagnostic procedure which is not separately billable (e.g. injections which are an integral part of the study).
- C. Where appropriate, post-procedure monitoring, including intervening except where this constitutes a separately billable service.
- D. Interpreting the results of the diagnostic procedure.
- E. Providing premises for any aspect(s) of A and D that is(are) performed at a place other than the place in which the procedure is performed.

If the physician claiming the fee for the service is personally unable to perform elements A, B and C, these may be delegated to another physician, who must personally perform the service.

Element D must be personally performed by the physician who claims for the service.

### OTHER TERMS AND DEFINITIONS

MRI studies of the lumbar spine should not be routinely ordered or rendered for low back pain without suspected or known pathology.

#### [Commentary:

Examples of suspected or known pathology include infection, tumour, osteoporosis, ankylosing spondylitis, fracture, inflammatory process, radicular syndrome, and cauda equina syndrome.]

# DIAGNOSTIC ULTRASOUND

## PREAMBLE

### SPECIFIC ELEMENTS

Diagnostic Ultrasound procedures are divided into a *professional component* listed in the columns headed with a "P", and a *technical component* listed in the column headed with an "H". The *technical component* of the procedures subject to the conditions stated under "Diagnostic Services Rendered at a Hospital" on page GP11, is *eligible for payment* only if the service is:

- a. rendered at a hospital; or
- b. rendered at an off-site premise operated by a hospital corporation that has received approval under section 4 of the *Public Hospitals Act*.

In addition to the *common elements*, the components of Diagnostic Ultrasound procedures include the following *specific elements*.

### For Professional Component

- A. Providing clinical supervision, including approving, modifying and/or intervening in the performance of the procedure where appropriate.
- B. Performance of any clinical procedure associated with the diagnostic procedure which is not separately billable.
- C. Where appropriate, post-procedure monitoring, including intervening except where this constitutes a separately billable service.
- D. Interpreting the results of the diagnostic procedure.
- E. Providing premises for any aspect of D that is performed at a place other than the place in which the procedure is performed.

#### Note:

1. Element D must be personally performed by the physician who claims for the service.
2. If the physician claiming the fee for the service is personally unable to perform elements A, B and C, these may be delegated to another physician.
3. Where the only component provided is interpreting the results of the diagnostic procedure, the *specific elements* A and C listed for the *professional component* are included in the *specific elements* of the technical component.

### For Technical Component H

- A. Preparing the patient for the procedure.
- B. Performing the diagnostic procedure(s).
- C. Making arrangements for any appropriate follow-up care.
- D. Providing records of the results of the procedure to the interpreting physician.
- E. Discussion with, and providing information and advice to, the patient or *patient's representative*, whether by telephone or otherwise, on matters related to the service.
- F. Preparing and transmitting a written, signed and dated interpretative report of the procedure to the referring provider.
- G. Providing premises, equipment, supplies and personnel for all *specific elements* of the technical and *professional components* except for the premises for any aspect of D of the *professional component* that is(are) not performed at the place in which the procedure is performed.

# DIAGNOSTIC ULTRASOUND

## PREAMBLE

### OTHER TERMS AND DEFINITIONS

1. *Professional and technical components* are claimed separately. Claims for the *technical component* H are submitted using listed fee code with suffix B. Claims for *professional component* are submitted using listed fee code with suffix C. (e.g. J102C)
2. For services rendered outside a hospital setting the only fees billable under the *Health Insurance Act* are listed under the column P (use suffix C). Costs for the *technical component* of these services are only billable under the *Integrated Community Health Services Centres Act, 2023* and are listed in the Schedule of Facility Costs.
3. A-Mode - implies a one-dimensional ultrasonic measurement procedure.
4. M-Mode - implies a one-dimensional ultrasonic measurement procedure with movement of the trace to record amplitude and velocity of moving echo-producing structures.
5. Scan B-Mode - implies a two-dimensional ultrasonic scanning procedure with a two-dimensional display. All ultrasound examinations include a permanent record and interpretative report.
6. If insured diagnostic ultrasound procedures yield abnormal findings or if they would yield information which in the opinion of the interpreting physician would be insufficient governed by the needs of the patient and the requirements of the referring provider or practitioner, the interpreting physician may add further views and claim for them (if listed).
7. All benefits listed apply to unilateral examinations unless otherwise specified. When imaging of only one anatomical area is requested, comparison ultrasound(s) initiated by the interpreting physician or facility are *not eligible for payment*.

#### **[Commentary:**

Ultrasound services are not insured when rendered to support in-vitro fertilization services or artificial insemination services. See Regulation 552 section 24(1) paragraph 23 and 29 under the *Act*.]

### SPECIFIC ELEMENTS

In addition to the *common elements*, the components of Ultrasonic Guidance include the following *specific elements*.

#### For Professional Component P

- A. Providing clinical supervision and quality control of all elements of the *technical component* of the procedure.
- B. Providing ultrasonic guidance for the physician performing the associated procedure.
- C. Where appropriate, post-procedure monitoring, including intervening except where this constitutes a separately billable service.
- D. Discussion with, and providing information and advice to the patient or *patient's representative*, whether by telephone or otherwise, on matters related to the service.
- E. Providing premises for any aspect(s) of A and D that is(are) performed at a place other than the place in which the procedure is performed.

#### For Technical Component H

- A. Preparing the patient for the procedure.
- B. Assisting at the performance of the procedure.
- C. Making arrangements for follow-up care.
- D. Discussion with, and providing information and advice to the patient or *patient's representative*, whether by telephone or otherwise, on matters related to the service.
- E. Providing premises, equipment, supplies and personnel for all *specific elements* of the technical and *professional components* except for the premises for any aspect(s) of A and D of the *professional component* that is(are) not performed at the place in which the procedure is performed.

# PULMONARY FUNCTION STUDIES

## PREAMBLE

### SPECIFIC ELEMENTS

Pulmonary Function diagnostic procedures are divided into a *professional component* listed in the columns headed with a "P", and a *technical component* listed in the columns headed with an "H" or a "T". The *technical component* "H" of the procedures subject to the conditions stated under "Diagnostic Services Rendered at a Hospital" on page GP11, is *eligible for payment* only if the service is:

- a. rendered at a hospital; or
- b. rendered at an off-site premise operated by a hospital corporation that has received approval under section 4 of the *Public Hospitals Act*.

The *technical component* "T" of the procedure is *eligible for payment* for services rendered in a physician's office or a hospital with the latter subject to the conditions stated under "Diagnostic Services Rendered at a Hospital" and "Payment for Diagnostic and Therapeutic Services Rendered at a Hospital" on page GP11.

In addition to the *common elements*, the components of Pulmonary Function diagnostic procedures include the following *specific elements*.

### For Professional Component P

- A. Providing clinical supervision, including approving, modifying and/or intervening in the performance of the procedure where appropriate, and quality control of all elements of the *technical component* of the procedure.
- B. Performance of any clinical procedure associated with the diagnostic procedure which is not separately billable.
- C. Where appropriate, post-procedure monitoring, including intervening except where this constitutes a separately billable service.
- D. Interpreting the results of the diagnostic procedure.
- E. Providing premises for any aspect(s) of A and D that is(are) performed at a place other than the place in which the procedure is performed.

If the physician claiming the fee for the service is personally unable to perform elements A, B and C, these may be delegated to another physician, who must personally perform the service.

Element D must be personally performed by the physician who claims for the service.

### For Technical Component H and T

- A. Preparing the patient for the procedure.
- B. Performing the diagnostic procedure
- C. Making arrangements for any appropriate follow-up care.
- D. Providing records of the results of the procedure to the interpreting physician.
- E. Discussion with, and providing information and advice to, the patient or *patient's representative*, whether by telephone or otherwise, on matters related to the service.
- F. Preparing and transmitting a written, signed and dated interpretive report of the procedure to the referring provider.

### OTHER TERMS AND DEFINITIONS

1. *Professional and technical components* are claimed separately. Claims for *technical component* H are submitted using listed fee code with suffix B. Claims for *professional component* P are submitted using listed fee code with suffix C.
2. For services rendered outside a hospital setting (except for J301, J304, J324, and J327) the only fees billable under the *Health Insurance Act* are listed under the column P (use suffix C). Costs for the *technical component* of services rendered in an *ICHSC* are listed in the Schedule of Facility Costs.
3. Each of the following tests designated by an individual code number is considered to be specific and requires individual ordering.
4. Exercise assessment (J315, E450, E451, J316) requires a physician to be in attendance at all times.
5. The technical and professional fee components for pulmonary function studies are *not eligible for payment* in the routine preoperative preparation or screening of a patient for non-thoracic surgery unless required for respiratory diagnosis, anesthetic decision making or optimization of a patient's respiratory disease prior to surgery.

- 3.J301 and J324 must be performed with a permanent record including a written interpretation by the physician or the study is *not eligible for payment*.
- 4.J304 and J327 are *only eligible for payment* for a study that meets all of the following requirements:
  - a. There is a permanent record that includes a written interpretation by the physician;
  - b. The permanent record includes constituent graph(s), tracing(s) and measurements with a scale on the tracing or graph of:
    - i. at least 5 mm per litre per second for flow; and
    - ii. 10 mm per litre for volume.
  - c. The *technical component* of the study complies with the CPSO Clinical Practice Parameters and Facility Standards for Diagnostic Spirometry and Flow Volume Loop Studies; and
  - d. The physician claiming the *professional component* must be able to demonstrate appropriate training in pulmonary function testing interpretation.

### [Commentary:

1. For J304 and J327, a computer or automated interpretation in the absence of a documented physician interpretation, are not sufficient for payment purposes.
2. # DIAGNOSTIC AND THERAPEUTIC PROCEDURES

## PREAMBLE

### SPECIFIC ELEMENTS

The *specific elements* of some of the services listed in this section are identified at the relevant listing. These services include some that are defined in terms of either an assessment or series of assessments.

The *technical component* "T" of the service if rendered in a hospital is subject to the conditions stated under "Payment for Diagnostic and Therapeutic Services Rendered at a Hospital" on page GP11.

- A. Where the services are not identified with prefix #, the *specific elements* are those listed in the General Preamble GP15.
- B. Where the services are identified with prefix #, the *specific elements* are those listed in the General Preamble GP15 except for specific element H. In place of H includes providing premises, equipment, supplies and personnel for any aspect(s) of the *specific elements* that is (are) performed in a place other than the place in which the included procedures are performed.

R prefix and Z prefix codes in this section are subject to the provisions found in the Surgical Preamble.

The remaining services in this section of the *Schedule* are either non-invasive diagnostic procedures, invasive diagnostic procedures or therapeutic procedures, the *specific elements* for which are listed below.

### Non-Invasive Diagnostic Procedures (other than Laboratory Medicine)

Some non-invasive diagnostic procedures are divided into a *technical component* and a *professional component*. In addition to the *common elements*, the components of non-invasive diagnostic procedures include the following *specific elements*.

#### For Professional Component

- A. Providing clinical supervision, including approving, modifying and/or intervening in the performance of the procedure where appropriate.
- B. Performance of any clinical procedure associated with the diagnostic procedure which is not separately billable.
- C. Where appropriate, post-procedure monitoring, including intervening except where this constitutes a separately billable service.
- D. Interpreting the results of the diagnostic procedure.
- E. Providing premises for any aspect(s) of A and D that is(are) performed at a place other than the place in which the procedure is performed.

#### Note:

1. Element D must be personally performed by the physician who claims for the service.
2. If the physician claiming the fee for the service is personally unable to perform elements A, B and C, these may be delegated to another physician.
3. Where the only component provided is interpreting the results of the diagnostic procedure, the *specific elements* A and C listed for the *professional component* are included in the *specific elements* of the *technical component*.

# DIAGNOSTIC AND THERAPEUTIC PROCEDURES

## PREAMBLE

### For Technical Component

- A. Preparing the patient for the procedure.
- B. Performing the diagnostic procedure(s).
- C. Making arrangements for any appropriate follow-up care.
- D. Preparing and providing records of the results of the procedure to the interpreting physician.
- E. Discussion with, and providing information and advice to, the patient or patient's representative, whether by telephone or otherwise, on matters related to the service.
- F. Preparing and transmitting a written, signed and dated interpretative report of the procedure to the referring provider.
- G. Providing premises, equipment, supplies and personnel for all *specific elements* of the *technical* and *professional components* except for the premises for any aspect(s) of A and D of the *professional component* that is(are) not performed at the place in which the procedure is performed.

Where non-invasive diagnostic procedures are not divided into *technical* and *professional components*, the *specific elements* of services are:

1. for services not identified with prefix #, the combination of the *specific elements* listed for the *professional component* and for the *technical component*.
2. for services identified with prefix #, the combination of the *specific elements* listed for the *professional component* and *specific elements* A through E of the *technical component*.

## PREAMBLE

### THERAPEUTIC AND INVASIVE DIAGNOSTIC PROCEDURES

In addition to the *common elements*, the components of these procedures include the following *specific elements*.

- A. Supervising the preparation of the patient and preparing the patient for the procedure(s).
- B. Performing the procedure(s), by any method, including ongoing monitoring and detention during the immediate post-procedure period.
- C. Where appropriate, interpreting the results of the procedure and providing written interpretative report to the referring provider.
- D. Making arrangements for any related assessments, procedures or therapy, including obtaining any specimens from the patient and interpretation of any results where appropriate.
- E. Where indicated, making or supervising the making of arrangements for follow-up care and post-procedure monitoring of the patient's condition, including intervening, until the next insured service is provided.
- F. Discussion with, and providing advice and information, including prescribing therapy to the patient or patient's representative, whether by telephone or otherwise, on matters related to the service.
- G. Providing premises, equipment, supplies and personnel for the *specific elements*
  1. for services not identified with prefix #, for all elements.
  2. for services identified with prefix #, for any aspect(s) of A, B, D, E and F that is (are) performed in a place other than the place in which the procedure is performed.

### OTHER TERMS AND DEFINITIONS

Services listed in the Diagnostic and Therapeutic Procedures Section are eligible for payment in addition to a consultation or assessment except where they are specifically listed as included in consultation or assessment services. When a procedure(s) is the sole reason for a visit, add G700, the basic fee-per-visit premium for those procedures marked (+) regardless of the number of procedures carried out during that visit. However, G700 is *not eligible for payment* to a physician in situations where:

1. a consultation or assessment is payable to the same physician for the same patient on the same day; and
2. that physician has a financial interest in the facility where the service is rendered.

**Note:**

1. G700 is *not eligible for payment* for a service provided in a hospital.
2. G700 is *not eligible for payment* when the service marked with (+) is *not eligible for payment*.
3. G700 is payable at 15% of the listed fee when the service is rendered to a patient who has signed the Ministry's Patient Enrolment and Consent to Release Personal Health Information form and who is enrolled to a physician or group of physicians who are signatories to a Ministry alternate funding plan agreement paying physicians primarily by capitation rather than fee for service, applicable regardless of which physician of the group renders the service to the enrolled patient.

## ALLERGY

### Fee

**Note:**

If a patient presents for an allergy injection and has an acute infectious condition, albeit of the respiratory system, or some other unrelated condition which would have otherwise required a separate office visit, the physician is entitled to claim the appropriate assessment fee as well as the injection fee. If a patient requires a brief assessment of his allergic condition as well as the allergy injection, the physician should claim the injection and the basic fee, in which case the *specific elements* of the service include those of an assessment (see General Preamble GP15).

**Note:**

Z423 is *only eligible for payment* when rendered with G176 or G177.

**[Commentary:**

1.As of October 2009, the advanced mapping system is typically used in hospital for the mapping of the following arrhythmias:

Arrhythmias	Description
Atrial arrhythmia	Atrial fibrillation Atypical atrial flutter Post-surgical atrial flutter Atrial tachycardia Redo typical atrial flutter Redo reentrant tachycardia (accessory pathways, AV nodal reentry)
Ventricular arrhythmia	Ischemic ventricular tachycardia/premature ventricular ectopics Non-ischemic ventricular tachycardia/premature ventricular ectopics Idiopathic ventricular tachycardia/premature ventricular ectopics (e.g. fascicular, ARVD, bundle branch reentry, aortic cusp, outflow tract, etc.)
Other	Congenital heart disease arrhythmia

2.Examples of procedures lasting more than 4 hours and not utilizing the advanced mapping system are mapping and ablation of multiple accessory pathways and/or thick band accessory pathway(s).]

### PREAMBLE

1. The *technical* and *professional* fee components for electrocardiogram, G310 and G313, are *not eligible for payment* in the routine preoperative preparation or screening of a patient for non-cardiac surgery unless the patient has at least one risk factor for cardiac disease or has known or suspected cardiorespiratory disease including dysrhythmias, unless there is a clinical indication requiring an ECG other than solely for preoperative preparation of the patient.

#### [Commentary:

1. Risk factors *may include* but are not limited to:

hypertension, diabetes, vascular disease, renal disease, hyperlipidemia, smoking history, older age.

2. ECG testing is not indicated prior to low risk surgery under local anaesthetic *with or without* procedural sedation such as cataract surgery unless there is an independent clinical indication unrelated to the surgery.]

#### Maximal stress ECG

Maximal stress ECG (exhaustion, symptoms or ECG changes) or submaximal stress ECG (to target heart rate for patient) by a standard technique - with treadmill or ergometer and oscilloscopic continuous monitoring including ECGs taken during the procedure and resting ECGs before and after the procedure - physician must be in attendance at all times. #### Dipyridole Thallium stress test

G111	- technical component .....	53.60	
G112	- professional component .....		74.25

#### Note:

1. The *technical* and *professional* fee components for maximal stress ECG are *not eligible for payment* in the routine preoperative preparation or screening of a patient for surgery where the patient will undergo a low risk procedure or has a low risk of perioperative cardiac complications, unless there is a clinical indication requiring an exercise stress test study other than solely for preoperative preparation of the patient.
2. G315, G319, G174, G111 and G112 are *uninsured services* for routine annual stress tests in asymptomatic patients where the patient's 10 year risk of coronary heart disease is less than 10% calculated by generally accepted methodology.

#### [Commentary:

An example of a generally accepted methodology for determining 10 year risk of coronary heart disease is the Framingham Risk Score.

1. Studies have indicated that for non cardiac surgery, there may be no clinical benefit and there may be harm in performing functional cardiac testing in patients with low operative risk and little or limited benefit in moderate risk patients. BMJ 2010, Jan 28; 340.
2. One example of a generally accepted guideline is the American College of Cardiology (ACC)/ American Heart Association (AHA) Guidelines that states:
  - a. Non invasive testing could be considered in patients with 1 to 2 risk factors and poor functional capacity (less than 4 mets) who require intermediate risk surgery if it will change management (class IIb)
  - b. Non invasive testing has not been shown to be useful in patients with no clinical risk factors undergoing intermediate risk non cardiac surgery (class III).
  - c. Non invasive testing has not been shown to be useful in patients undergoing low risk non cardiac surgery (class III).]

### CONTINUOUS ECG MONITORING (E.G. HOLTER)

#### Level 1

Requires a device capable of recording three or more simultaneous channels and the acquisition of a continuous ambulatory electrocardiographic recording of all beats, using three or more skin electrodes. The device must also have the ability to analyze and manually review all parts of the recording, and to produce graphical and quantitative reports of relevant parameters and diagnostic quality tracings for visual review, including post-hoc review of any portion of the recording to enable diagnostic rhythm analysis. Must include a patient diary and event marker capability to enable symptom-rhythm correlation. Minimum 12 hours of monitoring.

## ECHOCARDIOGRAPHY

### [Commentary:

Paragraphs 1-4 of this preamble do not apply to echocardiography services rendered to patients 17 years of age or younger, fetal echocardiography services, or to perioperative transoesophageal echocardiography (TEE) rendered to patients immediately before, during, or immediately after surgery, including the intensive care (ICU) setting.]

### PREAMBLE

1. Echocardiography services are *only eligible for payment* when the service is rendered at a facility that has:
  - a. applied by April 1, 2016 to be accredited by an organization approved by the *MOH* to grant echocardiography accreditation and whose application has not yet been denied; or
  - b. has been accredited by an organization approved by the *MOH* to grant echocardiography accreditation.
2. Echocardiography services that are performed at a facility described in paragraph 1a above are *not eligible for payment* unless the organization approved by the *MOH* to grant echocardiography accreditation is satisfied that the applicant is actively pursuing accreditation.

### [Commentary:

1. Actively pursuing accreditation means that documentation is submitted and a site visit is confirmed to the satisfaction of the organization approved by the *MOH* to grant echocardiography accreditation.
  2. Accreditation Canada Diagnostics has been approved by the *MOH* to grant echocardiography accreditation.
  3. A list of accredited facilities can be found at <https://diagnostics.accreditation.ca/Assessment-Programs/EQI-Program>
3. Echocardiography services are *only eligible for payment* if the physician performing the service establishes he/she:
    - a. has Level III (advanced) echocardiography training; or
    - b. has Level II (basic prerequisites for independent competence in echocardiography); or
    - c. documented performance in an established laboratory, with interpretation of at least 400 Echo/Doppler studies per year for the preceding 3 years and at least 24 hours of accredited CME activities relevant to echocardiography over a period of two years for the preceding 3 years.
  4. Echocardiography services are *only eligible for payment* if the service is rendered for an indication described in the document titled Standards for Provision of Echocardiography in Ontario found at <http://www.ccnecho.ca/Standards/DownloadStandards.aspx> and that was in place on the date the service was rendered.

### Note:

Documentation of requirements 3a-c must be made available to the *MOH* on request.

5. Echocardiography services include cardiac monitoring and/or oximetry when rendered.

## ECHOCARDIOGRAPHY

6. The technical and professional fee components for echocardiography are *not eligible for payment* in the routine preoperative preparation or screening of a patient for surgery, unless there is a clinical indication requiring an echocardiogram other than solely for preoperative preparation of the patient.

**[Commentary:**

Patients should only be considered for preoperative testing if the results of the test will change their management.]

### Complete Study - 1 and 2 dimensions

#### Definition/Required elements of service:

A Complete Study – 1 and 2 dimensions is an echocardiogram that must include as a minimum all of the following components: acquisition, recording and storage of ultrasound images relevant to the assessment of all components of cardiac structure and function including chambers, valves, septae, pericardium and proximal great vessels. Also included when rendered is a Cardiac Doppler Study (*with or without* colour Doppler).

#### Note:

Where one or more components of cardiac structure and function cannot be imaged due to circumstances beyond the physician's control the echocardiogram is payable as a complete echocardiogram.

#### [Commentary:

If a single component of cardiac structure and function is imaged see G574/G575.]

#### Medical record requirements:

G570 and G571 are *only eligible for payment* for an echocardiogram when:

1. The required components and findings of a complete study are documented;
2. There is a permanent recording on appropriate dynamic medium, either videotape or digitally, of the constituent images and measurements; and
3. If applicable, a description of the circumstance beyond the physician's control leading to one or more components of the echocardiogram not being rendered.

### Stress Study

#### Definition/Required elements of service:

A stress echocardiography study includes the following required elements:

1. Initial baseline study of all components of cardiac structure and function including chambers, valves and septae and *may include* a Cardiac Doppler Study (*with or without* colour Doppler);
2. Stress images which *may include* various stages of stress and must include relevant peak or immediate post stress images relevant to the patient's clinical and diagnostic findings; and
3. A simultaneous comparison of all left ventricular wall segments and global function obtained from pre-stress and stress images.

#### [Commentary:

Stress images may be obtained when the stress is induced by exercise, pharmacologic agents or pacing.]

## CRITICAL CARE

Fee

### LIFE THREATENING CRITICAL CARE

The service rendered when a physician provides critical care to a critically ill or critically injured patient. For the purpose of this service, a critical illness or critical injury is one that acutely impairs one or more vital organ system(s) causing vital organ system failure as a result of which imminent life threatening deterioration in the patient's condition is highly probable.

#### [Commentary:

Examples of vital organ system failure include but are not limited to: central nervous system failure, circulatory failure, shock, renal, hepatic, metabolic and or respiratory failure.]

Amount payable per physician per patient for the first three physicians:

G521	- first ¼ hour (or part thereof) .....	111.80
G523	- second ¼ hour (or part thereof).....	57.65
G522	- after first ½ hour, per ¼ hour (or part thereof) .....	38.00
G391	Amount payable per physician per patient for the fourth and subsequent physicians (per ¼ hour or part thereof).....	30.60

The following services are *not eligible for payment* when rendered to the same patient by the same physician on the same day as any code described as "life threatening critical care":

1. Assessment and ongoing monitoring of the patient's condition.
2. Intravenous lines.
3. Cutdowns.
4. Arterial and/or venous catheters.
5. Central venous pressure (CVP) lines.
6. Endotracheal intubation.
7. Tracheal toilet.
8. Blood gases.
9. Nasogastric intubation with/without anaesthesia with/without lavage.
10. Urinary catheters.
11. Pressure infusion sets and pharmacological agents.
12. Defibrillation.
13. Cardioversion.

#### Payment rules:

1. The time unit is measured as the physician time spent fully devoted to the care of the patient and excludes time spent on separately billable interventions on the patient receiving the "life threatening critical care". The service is *only eligible for payment* for services rendered by the physician at the bedside or in the emergency department or on the hospital floor where the patient is located. Time unit total *may include* time which is consecutive or non-consecutive.
2. During the time reported for which any of these codes is claimed, the physician cannot provide services to other patients.

### OTHER CRITICAL CARE

The service rendered when a physician provides resuscitation assessment and procedures in an emergency in circumstances other than those described as "life threatening critical care", where there is a potential threat to life or limb of such a type that without resuscitation efforts by the physician, there is a high probability the patient will suffer loss of limb or require "life threatening critical care".

Amount payable per physician per patient for the first three physicians:

G395	- first ¼ hour (or part thereof) .....	57.45
G391	- after first ¼ hour per ¼ hour (or part thereof).....	30.60

The following services are *not eligible for payment* when rendered to the same patient by the same physician on the same day as any code described as "other critical care":

1. Assessment and ongoing monitoring of the patient's condition.
2. Intravenous lines.
3. Cutdowns.
4. Arterial and/or venous catheters.
5. Central venous pressure (CVP) lines.
6. Endotracheal intubation.
7. Tracheal toilet.
8. Blood gases.
9. Nasogastric intubation with/without anaesthesia with/without lavage.
10. Urinary catheters.
11. Pressure infusion sets and pharmacological agents.

### Payment rules:

1. G395 is *not eligible for payment* with G521, G522 or G523 for services rendered to the same patient by the same physician on the same day.
2. Time units *may include* time which is consecutive or non-consecutive.
3. During the time reported for which any of these codes is claimed, the physician cannot provide services to other patients.
4. "Other critical care" is *not eligible for payment* for the services of a physician rendered to the same patient on the same day for which the physician is paid a per diem fee for Critical Care (intensive care area), Ventilatory Support, Comprehensive Care or Neonatal Intensive Care.
5. Consultation or assessments rendered before or after provision of "other critical care" may be eligible for payment on a fee-for-service basis but not when claiming Critical Care (intensive care area), Ventilatory Support, Comprehensive Care or Neonatal Intensive Care per diem fees.

## CRITICAL CARE

Fee

### Medical record requirements:

The service is eligible for payment only if start and stop times of the service are recorded in the patient's permanent medical record.

### [Commentary:

Time unit total *may include* time which is consecutive or non-consecutive.]

### [Commentary:

Life threatening critical care and other critical care

The duration of "life threatening critical care" and "other critical care" services that physicians should document is the time they actually spend evaluating, managing, and providing care to the critically ill or injured patient to the exclusion of all other work.

For example, time spent reviewing laboratory test results or discussing the critically ill patient's care with other medical staff in the unit or at the nursing station on the floor would be included in the definition of critical care, even when it does not occur at the bedside, if this time represents their full attention to the management of the critically ill/injured patient.

Time spent involved in activities in any location other than the bedside, emergency department or hospital floor where the patient is located cannot be claimed as the physician is not immediately available to the patient.

Submit claims manually when the total time spent in providing "life threatening critical care" or "other critical care" is greater than two (2) hours.]

## CRITICAL CARE

### CRITICAL CARE PER DIEM LISTINGS

- A.** The fees under physician-in-charge (the physician(s) daily providing the critical care services) apply per patient treated, i.e. while the physician-in-charge may change during the course of treatment, the daily fee formula as set out should be claimed by the physicians involved as if there was only one physician-in-charge during the treatment program; in this sense, the daily fees are team fees.
- B.** When claiming Critical, Ventilatory, Neonatal Intensive Care or Comprehensive Care fees no other Critical Care codes may be paid to the same physician(s).
- C.** Other physicians other than those providing Critical Care or Comprehensive Care may claim the appropriate consultation, visit and procedure fees not listed in the fee *schedule* for Critical Care. These claims will be adjudicated by the *Medical Consultant* in an Independent Consideration basis.
- D.** If Ventilatory Support only is provided, for example, by the anaesthetist(s), claims should then be made under Ventilatory Support. Comprehensive Care and Neonatal Intensive Care fees do not apply.
- E.** Other physicians should then claim Critical Care fees or the appropriate consultation, visit or procedures.
- F.** If the patient has been discharged from the Unit more than 48 hours and is re-admitted to the Unit, the 1st day rate applies again on the day of re-admission.
- G.** The appropriate consultation, assessment and procedural benefits apply after stopping Critical Care, Ventilatory Support, Comprehensive Care or Neonatal Intensive Care.
- H.** Unless otherwise stated, the Critical Care per diem fees should not be claimed for stabilized patients and those patients who are in an intensive care unit for the purposes of monitoring. The appropriate consultation, assessment and procedural benefits apply.

## CRITICAL CARE

Fee

### CRITICAL CARE (INTENSIVE CARE AREA)

Critical Care is the service rendered by a physician for providing, in an Intensive Care Area, all aspects of care of a critically ill patient excluding ventilatory support and includes initial consultation and assessment, emergency resuscitation, intravenous lines, cutdowns, intraosseous infusion, pressure infusion sets and pharmacological agents, insertion of arterial, C.V.P. or urinary catheters and nasogastric intubation *with or without* anaesthesia, securing and interpretation of laboratory tests, oximetry, transcutaneous blood gases, and intracranial pressure monitoring interpretation and assessment when indicated (excluding insertion of I.C.P. measuring device). Except when a patient is on a ventilator, these fees are not payable for services rendered to stabilized patients in I.C.U.s, or patients admitted for ECG monitoring or observation alone. If the patient has been transferred from comprehensive care to critical care, the day of the transfer shall be deemed for payment purposes to be the second day of critical care.

### COMPREHENSIVE CARE (INTENSIVE CARE AREA)

Comprehensive Care is the service rendered by an Intensive Care physician who provides complete care (both Critical Care and Ventilatory Support as defined above) to Intensive Care Area patients. This service includes the initial consultation and assessment and subsequent examinations of the patient, endotracheal intubation, tracheal toilet, artificial ventilation and all necessary measures for respiratory support, emergency resuscitation, insertion of intravenous lines, cutdowns, intraosseous infusion, arterial and/or venous catheters pressure infusion sets and pharmacological agents, insertion of C.V.P. lines, defibrillation, cardioversion and usual resuscitative measures, insertion of urinary catheters and nasogastric intubation *with or without* anaesthesia, securing and interpretation of blood gases and laboratory tests, oximetry, transcutaneous blood gases, intracranial pressure monitoring interpretation and assessment when indicated (excluding insertion of I.C.P. measuring device). Except when a patient is on a ventilator, these fees are not payable for services rendered to stabilized patients in I.C.U.s or patients admitted for E.C.G. monitoring or observation alone. If the patient has been transferred from critical care to comprehensive care, the day of the transfer shall be deemed for payment purposes to be the second day of comprehensive care.

#### NEONATAL INTENSIVE CARE

Neonatal Intensive Care is the service rendered by a physician for being in constant or periodic attendance during a one-day period, to provide all aspects of care to Intensive Care Area patients. This consists of an initial consultation or assessment and such subsequent assessments as may be indicated, including ongoing monitoring of the patient's condition and the following procedures as required: insertion of arterial, venous, C.V.P. or urinary catheters, intravenous lines, interpreting of blood gases, nasogastric intubation *with or without* anaesthesia, pressure infusion sets and pharmaceutical agents, endotracheal intubation, tracheal toilet, artificial ventilation and all necessary measures for respiratory support. Separately billable interventions may be claimed in addition to these fees. There are three levels of neonatal intensive care depending on the procedures performed.

##### Level A

# G600	- 1st day .....	376.05
# G601	- 2nd day onwards..... per diem	187.95
# G603	Neonatal low volume intensive care - payable in lieu of G600 or G604 if sole newborn to maximum of 25 services per physician per fiscal year .....	564.00
# G604	Neonatal low birth weight intensive care - payable in lieu of G600 or G603 for newborn less than 750 grams in weight or 26 weeks gestational age.....	536.95

##### Level B

Intensive care including monitoring (invasive or non-invasive), oxygen administration and intravenous therapy, but without ventilatory support

# G610	- 1st day.....	258.05
# G611	- 2nd day onwards, ..... per diem	129.00

##### Level C

Intermediate care including one or more of oxygen administration, non-invasive monitoring or gavage feeding

# G620	- 1st day.....	162.95
# G621	- 2nd day onwards, ..... per diem	81.50

#### Note:

1. Physician-in-charge is the physician(s) daily providing the Neonatal Intensive Care.
2. These are team fees which apply to neonatologists /paediatricians/anaesthetists providing complete care. If *infant* has been transferred from one level to another in either direction, up or down, second day benefits apply.

### HYPERBARIC OXYGEN THERAPY (HBOT)

Hyperbaric Oxygen Therapy is the service rendered when a physician administers and supervises HBOT. Time is calculated based on the period of physician supervision while each patient receives HBOT inside the chamber. The *specific elements* of HBOT are those of an assessment, including ongoing monitoring of the patient's condition and intervening as appropriate.

#### Physician in constant attendance

##### Physician in chamber with patient(s), per session per patient

##### Physician in hyperbaric unit but not in chamber(s) with patient(s), per session per patient

# G804	- first ¼ hour .....	71.85
# G805	- after first ¼ hour (per ¼ hour or major part thereof).....	35.90

#### Payment rules:

1. A consultation or assessment is eligible for payment with HBOT when rendered.
2. If the physician is in the chamber, time calculated for HBOT *may include* time the physician devotes to separately billable interventions rendered to a patient provided that such interventions take place in the chamber during a period of continuous, uninterrupted HBOT.

#### [Commentary:

1. If the physician is outside the chamber, the time eligible for payment of HBOT does not include time spent rendering any separately billable intervention(s) during which the HBOT is interrupted or discontinued.
2. For multi-patient sessions, the time eligible for payment of HBOT is measured as the period of physician supervision (either inside or outside of the chamber) for each patient, subject to payment rule #2.]

#### Medical record requirements:

The service is eligible for payment only if the start and stop times of the service are recorded in each patient's permanent medical record.

#### Note:

1. HBOT is insured only for the treatment of those internationally recognized indications approved by the ministry.
2. HBOT is *only eligible for payment* for idiopathic sudden sensorineural hearing loss (ISSHL) when the following conditions are met:
  - a. The patient is treated concurrently with corticosteroid unless corticosteroids are contraindicated;
  - b. The treatment is initiated within 30 days of a diagnosis of ISSHL; and
  - c. The diagnosis of ISSHL is made or confirmed by an Otolaryngologist prior to the initiation of treatment.

## DIALYSIS

### Fee

#### CHRONIC DIALYSIS TEAM FEE

Chronic Dialysis Team Fee is the all-inclusive benefit per patient per *week* for professional aspects of managing chronic dialysis and end-stage renal failure in dialysis patients. It is a modality independent fee and is equal in monetary value whether the dialysis is delivered in hospital, community or *home* and whether it is haemodialysis or peritoneal dialysis. The team fee includes the services of all physicians routinely or periodically participating in the patient's dialysis treatment at:

- a. the patient's principal treatment centre; or
- b. at a place other than the patient's principal treatment centre (auxiliary treatment centre) where 3 or more dialysis treatments are rendered to the patient during the 7-day period referred to below.

The amount payable is in respect of a 7-day period of care, commencing at midnight Sunday and is payable to the *most responsible physician*.

Except as set out below, the amount payable to another physician in respect of these services rendered to a patient in respect of whom a claim is submitted and paid for this code is nil.

When a full 7-day period of team care is not rendered at the patient's principal treatment centre due to absence of the patient with treatment at an auxiliary treatment centre, the amount claimed for treatment at the principal treatment centre is reduced on a pro rata basis to equal 1/7 of the *weekly* fee for each day that the patient is the responsibility of the principal treatment centre.

In addition to the *common elements* of insured services and the *specific elements* of Diagnostic and Therapeutic Procedures, the team fee includes the following elements:

- A. All consultations and visits for management and supervision of chronic dialysis treatments regardless of frequency, type or location of service and includes chronic dialysis of hospital in-patients.
- B. All consultations and visits within the scope of practice of nephrology and general internal medicine for assessment and treatment of complications of chronic dialysis and management of end-stage renal disease and its complications in chronic dialysis patients.
- C. All related counselling, interviews, psychotherapy of patients and family members.
- D. All related case conferences.

#### The team fee does not include:

- A. Assessments and special visit premiums for emergent calls to the emergency department.
- B. Admission assessments and subsequent visits to acute care hospital in-patients for treatment of complications of dialysis, chronic renal disease or intercurrent illness.
- C. Any other diagnostic and therapeutic procedures, including acute dialysis treatments.
- D. Consultations and assessments by *specialists* in other than internal medicine or internal medicine sub-specialists other than nephrologists.
- E. Primary care by the patient's family physician.
- F. Assessment by a renal transplantation specialist for entry into a transplantation program.
- G. Intermittent chronic haemodialysis treatment at an auxiliary treatment centre if fewer than three dialysis treatments are rendered to the patient in the 7-day period referred to above.

### Diabetes monthly management

The provision to a patient, patient's relative(s), patient's representative or other caregiver(s) of medical advice, direction or information by telephone or otherwise, in which a change in the frequency or dose of insulin therapy is initiated regarding a patient treated with insulin injections (2 or more daily) or insulin by pump (a "contact").

In addition to the *common elements*, the components of this service include the following *specific elements*.

- A.** Monitoring the condition of a patient with respect to insulin therapy, including ordering blood tests, reviewing patient's glucose self-monitoring, interpreting the results and inquiry into possible complications.
- B.** Adjusting the type, frequency and dose of insulin therapy, and where appropriate, prescribing alternate or additional therapy.
- C.** Discussion with, and providing advice and information to the patient, patient's relative(s), patient's representative or other caregiver(s), by telephone or otherwise, on matters related to the service, regardless of identity of person initiating discussion.
- D.** Making arrangements for any related assessments, procedures and/or therapy and interpreting results as appropriate.
- E.** Providing premises, equipment, supplies and personnel for the *specific elements*.

2. G500, G514 and G520 are *only eligible for payment* when rendered by the physician most responsible for the patient's diabetes care or by a physician substituting for that physician ("the substitute physician").
3. The clinical decision(s) pertaining to the medical advice, direction or information provided must be formulated personally by the physician or substitute physician.
4. A contact rendered on the same day as a consultation or assessment by the same physician to the same patient does not constitute a contact for the purpose of G500, G514 or G520.
5. G500, G514 and G520 are *not eligible for payment* for reviewing laboratory reports, patient created reports, or for communicating results to a patient when no change in the frequency or dose of insulin therapy is required.
6. Only one of G500, G514 and G520 is eligible for payment per patient per physician per *month*.

### **Medical record requirements:**

G500/G514/G520 is *only eligible for payment* when a dated summary of each contact is recorded in the patient's permanent medical record.

E446 - peripheral joint injection using image guidance following a failed blind attempt, to G370 or G371 .....	30.00	
<b>Note:</b>		
1. For the purpose of G328 and G329, a joint is defined as complex only if it is:		
a. a joint other than the knee; or		
b. a knee joint in which the anatomy is distorted by disseminated lupus erythaematosus, dermatomyositis, rheumatoid arthritis, Still's disease, ankylosing spondylitis or other seronegative spondyloarthropathies.		
2. E446 is <i>only eligible for payment</i> when injection of the joint must be repeated using any method of image guidance following a failed blind attempt(s) by the same or different physician. Professional and/or technical fees for obtaining and interpreting the images required for the purpose of guidance of the injection are <i>not eligible for payment</i> to any physician.		
<b>Payment rules:</b>		
1. G370, G371, G328 or G329 are <i>not eligible for payment</i> when rendered in conjunction with a surgical procedure involving the same site or area.		
2. Only one of G370, G371, G328 and G329 is eligible for payment for the same bursa, joint or complex joint.		
3. Aspiration and/or injection of the olecranon bursa is <i>only eligible for payment</i> as G370/G371.		
4. G328/G329 are <i>not eligible for payment</i> solely for injection of complex joint.		
5. G370, G371, G328, G329 are <i>uninsured services</i> for injection of intra-articular viscosupplementation agents.		
<b>[Commentary:</b>		
1. Use of intra-articular viscosupplementation agent for treatment of osteoarthritis is not supported by evidence. An example of a viscosupplementation agent is hyaluronic acid. See <a href="http://www.hqontario.ca/evidence/publications-and-ohtac-recommendations/ohtas-reports-and-ohtac-recommendations/intra-articular-viscosupplementation-with-hylan-g-f-20-to-treat-osteoarthritis-of-the-knee">http://www.hqontario.ca/evidence/publications-and-ohtac-recommendations/ohtas-reports-and-ohtac-recommendations/intra-articular-viscosupplementation-with-hylan-g-f-20-to-treat-osteoarthritis-of-the-knee</a>

### Management of special oral chemotherapy

This is the service for the supervision of oral chemotherapy treatment for malignant disease where the agent(s) has a significant risk of toxicity in the period immediately following initiation. The physician must be available to intervene in a timely fashion for a 24 hour period following the initiation of the treatment.

In addition to the *Common Elements* in this *Schedule*, this service includes the provision of the following services to the same patient:

- a. evaluation of any relevant laboratory, diagnostic and/or imaging investigations; and
- b. all discussion or advice, whether by telephone or otherwise, involving the patient, staff, patient's relative(s) or *patient's representative* related to the oral chemotherapy for a period of twenty-one (21) days following initiation of the agent(s).

## LABORATORY MEDICINE

### SPECIFIC ELEMENTS

In addition to the *common elements*, all services listed under Laboratory Medicine include the following *specific elements*:

- A. Interpretation of the results of the laboratory procedure.
- B. Providing a written interpretative report of the procedure to the referring provider, if other than the interpreting physician.
- C. Providing premises, equipment, supplies and personnel for any aspect(s) of the *constituent elements* that is (are) performed at a place other than the place in which the laboratory procedure is performed.

### DEFINITIONS

#### L861 SURGICAL PATHOLOGY, LEVEL 1.

Gross examination without microscopic examination. This service includes any specimen for which, in the judgment of the examining physician, a diagnosis can be established by gross examination alone.

#### L862 SURGICAL PATHOLOGY, LEVEL 2.

Gross and microscopic examination for the purpose of confirming the identity of tissue and the absence of disease of the following specimens:

Appendix (incidental appendectomy); fallopian tube (sterilization); digit (traumatic amputation); hernia sac; hydrocele sac; nerve; skin (neonatal foreskin; plastic repair); sympathetic ganglion; testis (castration); vaginal mucosa (incidental); vas deferens (sterilization).

#### L863 SURGICAL PATHOLOGY, LEVEL 3.

Gross and microscopic examination of the following specimens:

Abscess; aneurysm; anal tag; appendix (other than incidental); artery or vein (atheromatous plaque; varicosity); Bartholin gland cyst; bone (other than pathologic fracture); bursa or synovial cyst; carpal tunnel tissue; cartilage (shavings); cholesteatoma; colostomy stoma; conjunctiva (pterygium); cornea; diverticulum (digestive tract); Dupuytren contracture tissue; femoral head (other than fracture); fissure or fistula; gallbladder; ganglion cyst; haematoma; haemorrhoid; hydatid of Morgagni; intervertebral disc; joint loose body; meniscus; mucocele (salivary); neuroma (traumatic; Morton); nasal or sinusoidal polyp (inflammatory); skin (acrochordon/tag; cyst; foreskin, other than neonate; debridement; pilonidal cyst or sinus); soft tissue (*lipoma*, debridement); spermatocele; tendon or tendon sheath; testicular appendage; thrombus or embolus; uterine contents (induced abortion); varicocele; vas deferens (other than sterilization).

# DIAGNOSTIC AND THERAPEUTIC PROCEDURES

## LABORATORY MEDICINE

### L864 SURGICAL PATHOLOGY, LEVEL 4.

Gross and microscopic examination of the following specimens:

Artery (biopsy); bone marrow (biopsy); bone exostosis; brain or meninges (other than neoplasm resection); branchial cleft cyst; breast (biopsy, not requiring microscopic evaluation of surgical margin; reduction mammoplasty); bronchus (biopsy); cell block; cervix (biopsy); digestive tract (biopsy); endocervix (biopsy or curettings); endometrium (biopsy or curettings); extremity (traumatic amputation); fallopian tube (biopsy; ectopic pregnancy); femoral head (fracture); digit (non-traumatic amputation); heart valve; joint (resection); kidney (biopsy); larynx (biopsy); lip (biopsy; wedge resection); lung (transbronchial biopsy); lymph node (biopsy); muscle (biopsy); nasal mucosa, nasopharynx or oropharynx (biopsy); nerve (biopsy); odontogenic or dental cyst; omentum (biopsy); oral or gingival mucosa (biopsy); ovary *with or without* fallopian tube (non-neoplastic); ovary (biopsy, wedge resection); paranasal sinus (biopsy); parathyroid gland; pericardium (biopsy); peritoneum (biopsy); pituitary gland (neoplasm); placenta (other than third trimester); pleura (biopsy); polyp (cervical; endometrial; digestive tract); prostate (needle biopsy; transurethral resection); salivary gland (biopsy); skin (other than cyst / tag / debridement / plastic repair); synovium; spleen; testis (other than biopsy, castration or neoplasm); thyroglossal duct cyst; tongue (biopsy); tonsil or adenoid (biopsy); trachea (biopsy); ureter (biopsy); urethra (biopsy); urinary bladder (biopsy); uterine contents (spontaneous or missed abortion); uterine leiomyoma (myomectomy); uterus *with or without* tubes and ovaries (for prolapse); vagina (biopsy); vulva (biopsy).

### L865 SURGICAL PATHOLOGY, LEVEL 5.

Gross and microscopic examination of the following specimens:

Adrenal gland (resection); bone (biopsy or curettings, pathologic fracture); brain (biopsy); brain or meninges (neoplasm resection); breast (partial or simple mastectomy; excision requiring microscopic evaluation of surgical margin); cervix (conization); colon (segmental resection, other than neoplasm); extremity (non-traumatic amputation); eye (enucleation); kidney (partial or total nephrectomy); larynx (partial or total resection); liver (biopsy or wedge or partial resection); lung (wedge biopsy); lymph nodes (regional resection; sentinel); mediastinum (biopsy); myocardium (biopsy); odontogenic neoplasm; ovary *with or without* fallopian tube (neoplasm); pancreas (biopsy); placenta (third trimester); prostate (other than transurethral resection or radical resection); salivary gland; small intestine (resection, other than neoplasm); soft tissue mass (other than lipoma; biopsy or simple excision); stomach (partial or total resection, other than neoplasm); testis (biopsy); thymus (neoplasm); thyroid (partial or total thyroidectomy); ureter (resection); urinary bladder (transurethral resection); uterus *with or without* fallopian tubes and ovaries.

#### Note:

1. For uterine leiomyoma or prolapse, see L864.
2. For uterine neoplasm, see L866.

# DIAGNOSTIC AND THERAPEUTIC PROCEDURES

## LABORATORY MEDICINE

### L866 SURGICAL PATHOLOGY, LEVEL 6.

Gross and microscopic examination of the following specimens:

Bone (resection); breast (mastectomy with regional lymph nodes); colon (segmental resection for neoplasm); colon (total resection); extremity (disarticulation); fetus (with dissection); larynx (partial or total resection with regional lymph nodes); lung (partial or total resection); oesophagus (partial or total resection); pancreas (partial or total resection); prostate (radical resection); small intestine (resection for neoplasm); soft tissue neoplasm (extensive resection); stomach (partial or total resection for neoplasm); testis (neoplasm); tongue (resection for neoplasm); tonsil (resection for neoplasm); urinary bladder (partial or total resection); uterus *with or without* fallopian tubes and ovaries (neoplasm other than leiomyoma); vulva (partial or total resection).

### L867 SURGICAL PATHOLOGY

Gross and microscopic examination of specimens not listed in Levels 2 through 6.

#### Payment rules:

1. The unit of a service in Surgical Pathology and Cytopathology is a specimen. A specimen is tissue that is identified and submitted for individual and separate examination and diagnosis.

#### [Commentary:

Surgical Pathology codes L861 through L866 denote increasing levels of physician work associated with examination of the specimens listed in the respective service code definitions.]

2. When the examination of a specimen requires any of the services listed under Special Procedures and Interpretation - Histology or Cytology, such services are eligible for payment in addition to any of the following services (when rendered):
  - a. services listed under Anatomic Pathology - Surgical Pathology,
  - b. services listed under Anatomic Pathology – Cytopathology; or
  - c. a Diagnostic Laboratory Medicine Consultation (A585/C585) as listed in the "Consultation and Visits" section of the *Schedule*.
3. Cytology smears fees are payable in each case for which the physician is responsible whether or not all slides are personally examined by the physician.

#### [Commentary:

1. For the *technical components* of Laboratory Medicine (L001 to L799 and L900 codes), please refer to the separate *Schedule* of Benefits for Laboratory Services.
2. See section 37.1 of regulation 552 under the *Health Insurance Act* for additional information regarding payment and insurability of Laboratory services.]

#### Claims submission instructions:

If multiple specimens are submitted from a single patient on the same occasion, assign each specimen the appropriate fee *schedule* code(s).

### LABORATORY MEDICINE IN PHYSICIAN'S OFFICE

#### Definition:

A laboratory service ("test") set out in this section is an insured service eligible for payment only when rendered by a physician ("the original physician"), or by a physician substituting for the original physician, who performs the test in the original physician's own office for the physician's own patient.

#### Note:

**Tests** listed under "Miscellaneous Tests" may be claimed by any physician. Tests listed under "Reproductive medicine" and "Point of care drug testing" are only payable to those physicians where point of care testing is necessary for their practice.

#### [Commentary:

1. Fee codes listed in the separate *Schedule* of Benefits for Laboratory Services apply only to services provided by private laboratories licensed under the *Laboratory and Specimen Collection Centre Licensing Act*.]
2. Any service listed in this section is not insured when rendered to support in-vitro fertilization services or artificial insemination services. See Regulation 552 section 24(1) paragraph 23 and 29 under the *Act*.]

#### Medical record requirements:

Laboratory services are *only eligible for payment* if the result of the test(s), the physician's interpretation of the results of the test(s) and the treatment decision based on the test results are documented in the patient's permanent medical record.

### SPECIFIC ELEMENTS

#### Nephrological management of donor procurement

In addition to the *common elements*, this service includes the following *specific elements*.

- A. Monitoring the life support systems of a neurologically dead donor to ensure adequate perfusion and oxygenation of the kidneys.
- B. Assessment of renal functions pre-nephrectomy, including the obtaining of specimens and interpretation of results and assessment as to potential recipients to be called in.
- C. Prescribing and providing appropriate pre-nephrectomy immunotherapy.
- D. Making arrangements for any related assessments, procedures or therapy, related to the harvesting of the organ(s).
- E. Discussion with and providing advice and information to the patient's family or representative, whether by telephone or otherwise, on matters related to the service including advice unless separately billable, as to the results of such procedure(s) and/or related assessments as may have been performed.
- F. Providing premises, equipment, supplies and personnel for the *specific elements*.

While no occasion may arise for performing elements C, D and E, when performed in connection with the other *specific elements*, they are included in the service.

## NERVE BLOCKS FOR ACUTE PAIN MANAGEMENT

### PREAMBLE

1. Nerve blocks listed in this section are eligible for payment only when rendered for acute pain management, including peri-operative or post-operative pain management as described below and where the nerve block has a duration of action of more than 4 hours. Acute pain is defined as pain that occurs with sudden onset and that is expected to resolve within 6 weeks.
2. Nerve blocks rendered for acute pain with a duration of action of less than 4 hours, topical anaesthesia or local infiltration used as an anaesthetic for any procedure, are *not eligible for payment*.
3. Except as described in paragraph 4, when a physician administers an anaesthetic, nerve block and/or other medication prior to, during, immediately after or otherwise in conjunction with a diagnostic, therapeutic or surgical procedure which the physician performs on the same patient, the administration of the anaesthetic, nerve block and/or other medication is *not eligible for payment*.
4. A major or minor peripheral nerve block, major plexus block, neuraxial injection (*with or without catheter*) or intrapleural block (*with or without catheter*) for post-operative pain control (with a duration of action more than 4 hours) is eligible for payment as G224 when rendered in conjunction with a procedure which the physician performs on the same patient.
5. When a physician renders an anaesthesia service in support of a procedure performed by another physician, a peripheral nerve block, plexus block, neuraxial injection or intrapleural injection using short-acting medication (with a duration of action less than 4 hours) is *not eligible for payment* in addition to the C-suffix anaesthesia service.
6. When a physician renders an anaesthesia service in support of a procedure performed by another physician, a peripheral nerve block, plexus block, neuraxial injection or intrapleural injection, listed in this section and performed for post-operative analgesia (with a duration of action more than 4 hours) is eligible for payment in addition to the C-suffix anaesthesia service.

#### [Commentary:

1. For the purposes of paragraph 6, only peripheral nerve blocks, plexus blocks, neuraxial injections or intrapleural injections listed in this section are eligible for payment. Nerve blocks listed elsewhere in the *Schedule* are not payable for acute pain management.
2. For obstetrical continuous conduction anaesthesia, see P014C and P016C, listed in the Obstetrics section.]
7. With the exception of a bilateral pudendal block (where only one service is eligible for payment) a nerve block is payable once per region per side where bilateral procedures are performed.
8. Notwithstanding maximums applicable to individual nerve block services, there is an overall maximum of 8 per patient per day for any combination of nerve blocks. The ninth and subsequent nerve blocks per patient per day are *not eligible for payment*. Nerve blocks which are defined as a bilateral procedure are counted as two services for the purpose of the overall daily maximum.
9. Professional and/or technical fees for obtaining and/or interpreting images for the purpose of guidance (e.g. nerve stimulation, ultrasound, fluoroscopy) are *not eligible for payment* in addition to the injection services listed in this section.
10. For anaesthesia services in support of a nerve block or interventional pain injection procedure performed by another physician, see General Preamble.
11. Injection services listed elsewhere in the *Schedule* are *not eligible for payment* in addition to injections listed in this section for the same injection procedure.

2. When a major plexus block is rendered, additional blocks of one or more nerves within the same nerve distribution are *not eligible for payment*.

#### [Commentary:

If a peripheral nerve block is performed that is not within the same nerve distribution of a major plexus block, then both blocks are eligible for payment. For example, a sciatic nerve block performed in addition to a combined 3-in-1 block.]

3. When 2 or more nerve blocks of major and/or minor peripheral nerves that are within the distribution of a major plexus are rendered individually, only G260 is eligible for payment.

#### [Commentary:

For example, if radial, median and ulnar nerve blocks are performed individually, only the brachial plexus block (i.e. major plexus block) is eligible for payment. If femoral, obturator and lateral femoral cutaneous blocks are performed individually, only the combined 3-in-1 (i.e. major plexus) block is eligible for payment.]

### Initiation of outpatient continuous nerve block infusion

The initiation of outpatient continuous nerve block infusion is the service rendered to prepare outpatients for discharge from hospital after the patient has had an insertion of a percutaneous nerve block catheter for continuous infusion analgesia or for outpatient palliative epidural infusion. The service includes an assessment of the patient and all procedures required to prepare the infusion, the infusion of medications and education or counselling of the patient, patient's relative(s), *patient representative* or other caregiver(s).

G063 Initiation of outpatient continuous nerve block infusion ..... 29.20

#### Note:

When rendered to a hospital in-patient, the service described by G063 is included in G247.

### Management and supervision of outpatient continuous nerve block infusion or outpatient palliative epidural infusion

In addition to the *common elements*, the components of this service include the following *specific elements*:

- A. Monitoring the condition of a patient with respect to the continuous nerve block infusion.
- B. Adjusting the dosage of the infusion therapy and, where appropriate, prescribing other therapy.
- C. Discussion with, and providing advice and information to the patient, patient's relative(s), *patient representative* or other caregiver(s), by telephone or otherwise, on matters related to the service, regardless of the identity of the person initiating the discussion.
- D. Making arrangements for any related assessments, procedures or therapy and interpreting results as appropriate.
- E. Providing premises, equipment, supplies and personnel for the *specific elements*.

G064 Management and supervision of outpatient continuous nerve block infusion..... per day 20.00

#### Payment rules:

1. G064 is *only eligible for payment* when:
  - a. rendered by the physician most responsible for the patient's care or by a physician substituting for that physician (the "substitute physician"); and
  - b. the clinical decision(s) pertaining to the medical advice, direction or information provided is formulated personally by the physician or substitute physician.
2. G064 is *only eligible for payment* for a day when one or more components of element C are rendered in that day.
3. G064 rendered on the same day as a consultation or visit by the same physician is *not eligible for payment*.
4. G064 is limited to a maximum of 7 services per patient per G279 service.

#### Medical record requirements:

A dated summary of each contact must be recorded in the patient's permanent medical record or the service is *not eligible for payment*.

# DIAGNOSTIC AND THERAPEUTIC PROCEDURES

## NERVE BLOCKS - INTERVENTIONAL PAIN INJECTIONS

### PREAMBLE

1. Injections listed in this section rendered for the diagnosis of pain-related conditions are *only eligible for payment* when rendered solely for the purpose of diagnosing the source of pain or developing a therapeutic treatment plan.

**[Commentary:**

A repeat diagnostic pain-related injection on the same region is ideally rendered after 1 *week* of a previous diagnostic pain-related injection unless factors such as distance the patient has travelled for an assessment makes the ideal period impractical.]

2. Professional and/or technical fees for obtaining and/or interpreting images for the purpose of guidance are *not eligible for payment* in addition to the injection services listed in this section.
3. For anaesthesia services in support of interventional pain injection procedures, see General Preamble Anaesthesiologist Services.
4. Injections listed in this section include the injection of contrast, medication and/or other solution, unless separately listed.
5. Injection services listed elsewhere in the *Schedule* are *not eligible for payment* in addition to injections listed in this section for the same injection procedure.

**[Commentary:**

For example, joint injection fee codes G370 and G371 are *not eligible for payment* in addition to facet joint or sacroiliac joint injections listed in this section for the same injection procedure.]

6. If more than one procedure listed in this section is performed for the same patient on the same day, each procedure is *only eligible for payment* if rendered to diagnose or treat a separate condition.
7. For the purposes of this section, the term “site” refers to the anatomic area described by the fee code descriptor.

**Medical record requirements:**

Injections listed in this section are *only eligible for payment* if documentation clearly describes:

1. the procedure performed, or where image guidance is used, images of final needle placement that clearly identify the site of injection and/or spread of contrast, when indicated; and
2. the purpose of any diagnostic pain-related injection and the subsequent response to the procedure, indicating a positive or negative result.

  - a. a directional epidural catheter, with its final position confirmed using contrast;
  - b. hypertonic saline and hyaluronidase, which are infused for at least one hour; and
  - c. epidural corticosteroid, which is injected prior to catheter removal.

**[Commentary:**

If any of these conditions are not met, epidural adhesiolysis is *only eligible for payment* using another appropriate epidural injection service listed above. For example, if performing an interlaminar lumbar adhesiolysis at a previous surgical site using a bolus-through-needle technique rather than an infusion, and hypertonic saline, hyaluronidase, local anesthetic and corticosteroid are injected following contrast injection to confirm needle placement, G246, E440 and E441 are eligible for payment.]

G415	Routine EEG - professional component .....		23.15
G418	Routine EEG - professional component (16 - 21 channel EEG)		62.50

#### Sleep-deprived/induced EEG

A sleep-deprived/induced EEG is an EEG recording (*with or without* video monitoring) performed after an overnight period of sleep deprivation of greater than 4 hours; or the administration of a sedative/hypnotic agent prior to the EEG recording for the purposes of sleep induction, and must include all of the following:

- a. at least 60 minutes of EEG recording time;
- b. a minimum of 16 channels of EEG; and
- c. recordings of at least two physiological parameters.

G541	- technical component.....	41.20	
G543	- professional component.....		120.00

#### EEG with time-locked video recording

An EEG with time-locked video recording must include all of the following:

- a. at least 30 minutes of EEG recording time;
- b. a minimum of 16 channels of EEG;
- c. recordings of at least two physiological parameters; and
- d. a time-locked video recording

G541	- technical component	41.20	
G496	- professional component		120.00

#### Note:

1. The amount payable for a sleep-deprived/induced EEG, or an EEG with time-locked video recording that does not meet the above requirements will be reduced to that for a routine EEG fees (i.e. G414 and G415/G418).
2. G414 is *not eligible for payment* with G541.
3. Only one of G415, G418, G543 or G496 are *eligible for payment* per day.
4. EEG services (i.e. G414, G415, G418, G496, G541, G543, G540, G545, G542, G546, G554, G555, or G544) are *not eligible for payment* with any overnight or daytime sleep study (i.e. J898, J899, J990, J896, J897, J895, J890, J889, J893 or J894).

### ACQUIRED ACUTE BRAIN INJURY MANAGEMENT

#### Definition/Required elements of service:

This is the service rendered by the neurosurgery specialist most responsible for management of a critically ill hospital in-patient with an acquired acute brain injury, where the neurosurgeon provides management:

- a. post-operatively for a patient who has received an endovascular intracranial surgical procedure during the same hospital admission but only if that procedure was not performed by any neurosurgeon; or
- b. for a patient who has not received an intracranial surgical procedure during the same hospital admission with the exception of Z820, Z812, N115, N139, N174, Z824, Z802, Z825, Z803.

#### [Commentary:

1. Examples of acquired acute brain injury include acutely raised intracranial pressure, subarachnoid, intracerebral or intraventricular haemorrhage, cerebritis, cerebral abscess, malignant cerebral edema, acute hydrocephalus, ventriculitis and trauma.
2. If a neurosurgeon renders an intracranial surgical procedure not on the exception list above, Acquired Acute Brain Injury Management is not payable for a post-operative patient to any physician.]

This service has the same *specific elements* as consultations and assessments.

In addition the service *may include* the following elements:

- a. An initial consultation or assessment and such subsequent assessments as may be indicated, including ongoing monitoring of the patient's condition and intervening as appropriate;
- b. management of coma and monitoring the life support systems to ensure optimum neurological perfusion and oxygenation;
- c. management of intracranial pressure (excluding insertion of I.C.P. or brain oxygen/pH measuring device) including monitoring, interpretation and drainage of cerebrospinal fluid when indicated;
- d. monitoring and management of cerebral vasospasm;
- e. prophylaxis and management of seizures;
- f. making arrangements for any related assessments, procedures or therapy, related to the patient's acute neurological deterioration, including decompressive craniectomy, cerebral angioplasty or evacuation of intracranial space occupying lesions;
- g. clinical and radiological assessment of the cervical spine and spinal cord for the determination of spinal stability;
- h. performance and/or arranging tests for the establishment of a diagnosis of brain death
- i. making *referrals*, when appropriate, to organ procurement professionals
- j. all related discussion, counselling and interviews with the patient's relative(s), patient's representative or other caregiver(s);
- k. All related case conferences.

ii. diabetic macular edema; or  
iii. retinal vein occlusion  
when the physician interprets the results and either performs the procedure or supervises the performance of the procedure ..... 25.00

#### Payment rules:

1. G822 is limited to a maximum of 8 services per patient per *12 month period* and a maximum of 16 services per patient for 24 consecutive *months*.
2. G822 is *only eligible for payment* when the limit of any combination of G818, G820 or G821 is reached.

G823 OCT unilateral or bilateral - evaluation of an infant/child/adolescent with retinal disease and/or glaucoma (including genetic retinal anomalies and cancer), or low vision associated with or resulting in developmental delay when the physician interprets the results and either performs the procedure or supervises the performance of the procedure on a patient younger than 18 years of age..... 35.00

#### Payment rules:

1. G823 is limited to a maximum of 12 services per *12 month period*.
2. G818, G820, G821 and G822 are *not eligible for payment* when rendered on a patient younger than 18 years of age.

#### Payment rules:

1. Except as described in payment rule #2, OCT is an insured service only:
  - a. for the diagnosis and management of retinal disease and/or glaucoma; and
  - b. when the ophthalmologist performing the service is the physician most responsible for the care of the patient's retinal disease and/or glaucoma.

### OCULAR PHOTODYNAMIC THERAPY (PDT)

Ocular photodynamic therapy (PDT) is, subject to the limitations set out below, an insured service when rendered by an ophthalmologist. PDT must include completion and submission of patient registration and drug requisition forms, establishment of intravenous access, supervision of drug infusion and personal application of non-thermal diode laser for activation of verteporfin.

PDT is insured only if the patient's clinical condition meets all of the following:

- a. the patient has predominantly classic subfoveal choroidal neovascularization (CNV) secondary to either age-related macular degeneration (AMD), Presumed Ocular Histoplasmosis Syndrome or pathologic myopia. Predominantly means that the area of classic subfoveal CNV is equal to or greater than 50% of the total CNV lesion, as determined by fluorescein angiography and documented by retinal photographs retained on the patient's permanent medical record;
- b. treatment is commenced within 30 *months* after initial diagnosis of predominantly classic subfoveal CNV secondary to AMD, Presumed Ocular Histoplasmosis Syndrome or pathologic myopia;
- c. the patient's visual acuity is equal to or worse than 20/40; and
- d. for each repeat therapy, recurrent or persistent CNV leakage is detected by fluorescein angiography and documented by retinal photographs retained on the patient's permanent medical record.

If the patient's clinical condition meets all the above criteria but retinal photographs are not made prior to the procedure and retained on the patient's permanent medical record or the procedure is not performed by an ophthalmologist, then PDT is *not eligible for payment*. Maximum one PDT (unilateral or bilateral) per patient per day.

G460 Unilateral PDT per patient .....	per day	330.00
G461 Bilateral PDT per patient.....	per day	500.00

**Note:**

1. G379 rendered to same patient in conjunction with G460 or G461 is an insured service payable at nil.
2. G460 rendered to same patient same day as G461 is an insured service payable at nil.
3. Assessments and angiography are payable in addition to PDT. Retinal photography is insured as a specific element of the assessment and is not payable separately.

**[Commentary:**

1. PDT will normally not be administered to each affected eye more frequently than once every 3 *months*.
2. PDT performed for treatment of clinical conditions other than described above is uninsured.]

#### DIAGNOSTIC HEARING TEST

- A.** Diagnostic hearing tests (DHTs) are identified for payment purposes as either basic or advanced DHTs.
- B.** Basic DHTs are insured services payable at nil unless:
1. the *professional component* is rendered personally by a physician qualified by appropriate education or training and experience to perform basic DHTs (qualified physician); and
  2. the *technical component* is either rendered by a qualified physician or delegated by a qualified physician to a person who is either an appropriately qualified employee of the physician or is an audiologist who is a member of the College of Audiologists and Speech-Language Pathologists of Ontario and employed by a public hospital.
- C.** Advanced DHTs are insured services payable at nil unless:
1. the *professional component* is personally rendered by an otolaryngologist or, for evoked audiometry, a neurologist or by a non-certified physician with equivalent post-graduate academic training (appropriate specialist or equivalent); and
  2. the *technical component* is personally rendered by an appropriate specialist or equivalent, or delegated by an appropriate specialist or equivalent to an audiologist who is a member of the College of Audiologists and Speech-Language Pathologists of Ontario and is employed by the appropriate specialist or equivalent or a public hospital.
- D.** Physicians submitting claims for DHTs shall maintain written records of appropriate qualifications as indicated above for themselves and those employees to whom they may delegate the *technical component*. Such records must be made available to the ministry on request. In the absence of such records, the DHT is an insured service payable at nil.

#### [Commentary:

1. Delegated DHT services - To qualify for payment, delegated DHT services must comply with the requirements for delegation of insured services described in the General Preamble GP62.
2. Interpretation of DHT services - To qualify for payment, the physician who claims the *professional component* must personally interpret the DHT and cannot delegate the interpretation to another person.
3. Controlled Acts - Communicating to the individual or his or her personal representative a diagnosis identifying a disease or disorder as the cause of symptoms of the individual in circumstances in which it is reasonably foreseeable that the individual or his or her personal representative will rely on the diagnosis, or prescribing a hearing aid for a hearing impaired person are controlled acts. If a physician interprets a diagnostic hearing test without communicating the diagnosis to the patient or his or her personal representative, a controlled *act* has not occurred.
4. Fixed level screening audiometry is not an insured service.
5. DHTs at the request of or arranged by third party, e.g. school boards, employers or WSIB etc. are not insured services. See Appendix A regarding third party service.]

## PALLIATIVE CARE

Fee

### TELEPHONE MANAGEMENT OF PALLIATIVE CARE

The provision by telephone of medical advice, direction or information at the request of the patient, patient's relative(s), *patient's representative* or other caregiver(s), regarding a patient receiving *palliative care at home*. The service must be *rendered personally by the physician* and is eligible for payment only when a dated summary of the telephone call is recorded in the patient's medical record.

G511 Telephone management regarding a patient receiving palliative care at home .....	per call	17.75
---	----------	-------

#### Payment rules:

1. This service is limited to a maximum of two services per *week*.
2. This service is *not eligible for payment* if rendered the same day as a consultation, assessment, time-based service or other visit by the same physician.
3. This service is *not eligible for payment* if a claim is submitted for K071 or K072 for the same telephone call.
4. This service is *only eligible for payment* when rendered by the physician most responsible for the patient's care or by a physician substituting for this physician.

#### [Commentary:

This service is *only eligible for payment* when the patient is receiving *palliative care* in either the patient's *home* or the *home* of a family member or other individual with whom the patient is residing. See definitions of "*home*" and "*palliative care*" in the Definitions section of the General Preamble.]

## PALLIATIVE CARE

Fee

### PALLIATIVE CARE CASE MANAGEMENT FEE

The service rendered for providing supervision of *palliative care* to a patient for a period of one *week*, commencing at midnight Sunday, and includes the following *specific elements*.

- A. Monitoring the condition of a patient including ordering tests and interpreting test results.
- B. Discussion with and providing telephone advice to the patient, patient's family or *patient's representative* even if initiated by the patient, patient's family or *patient's representative*.
- C. Arranging for assessments, procedures or therapy and coordinating community and hospital care including but not limited to urgent rescue palliative radiation therapy or chemotherapy, blood transfusions, paracentesis/thoracentesis, intravenous or subcutaneous therapy.
- D. Providing premises, equipment, supplies and personnel for all elements of the service

G512 Palliative care case management fee..... 67.75

#### Payment rules:

- 1. The service is *only eligible for payment* when rendered by the physician most responsible for the patient's care, or by a physician substituting for this physician.
- 2. G511, K071 or K072 are *not eligible for payment* to any physician when rendered during a *week* that G512 is rendered.
- 3. G512 is limited to a maximum of one per *week* (Monday to Sunday inclusive) per patient and, in the instance a patient is transferred from one *most responsible physician* to another, is *only eligible for payment* to the physician who rendered the service the majority of the *week*.
- 4. In the event of the death of the patient or where care commences on any day of the *week*, G512 is eligible for payment even if the service was not provided for the entire *week*.

#### [Commentary:

- 1. Services not excluded in payment rule #2 such as assessments, subsequent visit fees, W010, K023, special visit premiums etc. remain eligible for payment when rendered with G512.
- 2. See the Definitions section of the General Preamble for the definition of *palliative care*
- 3. This service is eligible for payment for services rendered to patients receiving *palliative care* in any location including their *home*, hospital, nursing *home* etc.]

### NEEDLE ELECTROMYOGRAPHY AND NERVE CONDUCTION STUDIES

#### PREAMBLE

1. When patients are referred directly to an electromyography (EMG) and/or nerve conduction studies (NCS) facility for diagnostic testing, then consultation or assessment by the diagnostic physician is *not eligible for payment* except where a medically necessary consultation or assessment is requested by the referring provider in addition to the EMG.
2. If a physician owns the EMG/NCS equipment and either employs and provides clinical supervision for a technician to perform the procedure or performs the procedure personally, then both the technical and the *professional component* are payable to the physician.
3. *Schedule A, Schedule B, Schedule C* and Single Fibre Electromyography refer to procedures performed using intramuscular placement of a recording needle electrode. Claims for surface EMG or other EMG techniques are *not eligible for payment*.
4. A nerve conduction study is a procedure using direct electrical stimulation of relevant peripheral nerve(s) with corresponding measurement(s) of evoked latency, conduction velocity, and amplitude using surface or percutaneous recording electrodes. Additional recordings, such as late responses or reflexes, are included in the service, if rendered. A permanent record of the procedure must be maintained in the patient chart.

#### Schedule A

Complete procedure i.e. conduction studies on two or more nerves presumed to be involved in the disease process together with EMG studies of appropriate muscles, as necessary and/or detailed studies of neuromuscular transmission. It also includes as necessary study of normal nerve and/or opposite side for comparison.

G455	- technical component .....	28.90	
G456	- professional component .....		99.90

#### Schedule B

Limited procedure i.e. conduction studies on a single nerve (motor and/or sensory conduction) and/or limited EMG studies of the involved muscle(s) and or limited neuromuscular transmission study.

### Schedule C

A complete procedure for complex neuromuscular disorders requiring a minimum of 60 minutes to perform the procedure that includes either:

- a. at least two motor and sensory NCS in each of three limbs; and
- b. needle EMG studies of at least two muscles in two separate segments.

or

- a. at least two motor and sensory NCS in two limbs;
- b. needle EMG studies of at least two muscles in each of two separate segments; and
- c. repetitive nerve stimulation studies of at least one nerve/muscle pair.

#### Note:

For the purposes of G471/G473, the cranial, cervical, thoracic and lumbosacral regions represent separate segments.

G471	- technical component .....	28.90
G473	- professional component, when physician performs EMG and/or performs or supervises nerve conduction studies and interprets the results .....	275.00

#### Payment rules:

1. G473 is *not eligible for payment* with G456 or G457 same patient same day.
2. G471 is *not eligible for payment* with G455 or G466 same patient same day.
3. G458 is eligible for payment in addition to G473 only when the time necessary to perform the G458 service is not included in the minimum time requirement for G473.

#### Medical record requirements:

The start and stop time must be recorded in the patient's medical record or the service is *not eligible for payment*. See General Preamble GP7 and GP55 for definitions and time-keeping requirements.

#### [Commentary:

Complex neuromuscular disorders where *Schedule C* nerve conduction studies/ electromyography may be appropriate include demyelinating neuropathies, mononeuritis multiplex, motor neuron disease, brachial/lumbosacral plexopathies and neuromuscular transmission disorders.]

## SLEEP STUDIES

For the purpose of sleep studies (including overnight sleep studies in non-specialized facilities, overnight sleep studies rendered in specialized facilities and daytime sleep studies),

“CPSO Standards” means the publication of the College of Physicians and Surgeons of Ontario entitled “Independent Health Facilities, Clinical Practice Parameters and Facility Standards, Sleep Medicine” in effect 6 *months* prior to the date upon which the sleep study was rendered.

“off-site premises” means off-site premises operated by a hospital corporation that has received approval under section 4 of the *Public Hospitals Act*.

“prior approval” means approved for payment as an insured service, before the service is rendered, by the Ministry of Health following assessment on a case-by-case basis in accordance with all medically relevant criteria.

### [Commentary:

A “physician practicing sleep medicine” refers to a physician who meets the Medical Staff requirements as defined in Chapter 2 of the “Independent Health Facilities, Clinical Practice Parameters and Facility Standards, Sleep Medicine, September 2010 from the CPSO.]

## SPECIFIC ELEMENTS

Sleep Studies are divided into a *professional component* listed in the columns headed with a "P", and a *technical component* listed in the column headed with an "H" (the *technical component*).

The *specific elements* for the *technical component* H include the *specific elements* for the *technical component* of non-invasive diagnostic procedures listed in the Preamble to Diagnostic and Therapeutic Procedures.

If the physician is physically present during the study, the physician’s physical presence is a specific element of the technical and *professional components*.

## OTHER TERMS AND CONDITIONS

For services rendered outside a hospital or off-site premises, the only fees payable under the *Health Insurance Act* are for the *professional component* listed under the “P” column (use suffix C). Costs for the *technical component* of these services are only payable under the *Integrated Community Health Services Centres Act, 2023* and are listed in the Schedule of Facility Costs.

Sleep studies are subject to limits or maximums set out below. Unless otherwise specifically provided, service(s) in excess of limits are not insured services except when prior approval to exceed the limit is obtained from the *MOH*. Despite the foregoing, where prior approval to exceed a limit is not requested from the *MOH* but the service would otherwise satisfy one or more of the conditions for which prior approval to exceed the limit is routinely granted (had prior approval been requested) any service in excess of the limit is *not eligible for payment*.

### [Commentary:

For definitions of maximum and limits see GP7.]

### Claims submission instructions:

Submit claims for *professional and technical components* separately. Submit claims for the *technical component* H using listed fee code with suffix B. Submit claims for *professional component* using listed fee code with suffix C. (e.g. J890C)

# DIAGNOSTIC AND THERAPEUTIC PROCEDURES

## SLEEP STUDIES

### Technical Component

#### Payment rules:

The *technical component* of the procedure is eligible for payment only if it meets all of the following requirements:

1. It satisfies the conditions set out under "Diagnostic Services Rendered at a Hospital".
2. It is rendered at a hospital or off-site premises.
3. A technician is in constant attendance with the patient(s) during the period of the sleep study.
4. The qualifications of technical staff participating in the sleep study comply with the criteria set out in the *CPSO Standards*.
5. All equipment and test components comply with the criteria set out in the *CPSO Standards*.

### Professional Component

#### Payment rules:

The *professional component* of any sleep study service is eligible for payment only if it meets all of the following requirements:

- a. The qualifications of the physician interpreting the sleep study comply with the criteria for physicians practicing sleep medicine set out in the *CPSO Standards*. The service, if delegated in whole or in part, is delegated to a physician whose qualifications comply with the criteria for physicians practicing sleep medicine set out in the *CPSO Standards*; and
- b. A physician meeting the qualifications above is accessible at all times during the sleep study;
  - i. to make applicable decisions about the patient in connection with the performance of the procedure; and
  - ii. to insure that all elements of the *technical component* of the procedure including set-up and monitoring are carried out in accordance with generally accepted standards of practice as set out in the *CPSO Standards*.

#### [Commentary:

1. Special visit premiums are *not eligible for payment* in conjunction with sleep studies.
2. Physical presence by the physician is not required. However, if the physician is physically present, the physician's physical presence is a specific element of the *technical* and *professional components*.]

#### Medical record requirements:

1. Records of the *technical component* must conform to the standards for facilities and facility operators (including records required prior to data analysis) as set out in the *CPSO Standards*, or the *technical component* is *not eligible for payment*.
2. Records of the *professional component* must conform to the *CPSO* record standards (including records required at data analysis, and reports) as set out in the *CPSO Standards*, or the *professional component* is *not eligible for payment*.

### A. Incomplete overnight sleep studies

If the recording does not contain information sufficient for a diagnostic interpretation as determined in accordance with generally accepted standards as set out in the CPSO Standards, the professional fee is not eligible for payment and the service constitutes one of the following, as determined by time in bed (total study time):

J898	Sleep study less than 1 hour .....	92.65
J899	Sleep study between 1 and 4 hours .....	185.40
J990	Sleep study more than 4 hours.....	370.75

#### Payment rules:

1. A maximum of one of any of J898, J899 and J990 is eligible for payment, per patient ,per facility, per 12 month period.
2. J898, J899 and J990 are not included in the limits for overnight studies set out below.

### B. Overnight sleep studies in non-specialized facilities

#### Level 1

Is an overnight sleep study with continuous monitoring of oxygen saturation, ECG and Ventilation (airflow and respiratory effort) and additional monitoring to stage sleep (including all of the following: EEG, EOG and sub-mental EMG).

#### Initial diagnostic study

“Initial diagnostic study” means the first overnight sleep study rendered to an insured person as an insured service in Ontario for the purpose of establishing the diagnosis of a sleep disorder (and includes a split night study). Every overnight diagnostic sleep study rendered before July 1, 2010 for which a claim was submitted and paid as an insured service under the *Health Insurance Act* constitutes an “initial diagnostic study” and is deemed to have been rendered on July 1, 2010.

#### Initial diagnostic study - Level 1

P

### Repeat diagnostic study

“Repeat diagnostic study” means an overnight diagnostic sleep study rendered:

- a. for the purpose of obtaining a second opinion at a different facility than the facility where the preceding study was rendered, provided that the following conditions are met:
  - i. prior to the repeat diagnostic study, the patient has been assessed by a physician who practices sleep medicine at the different facility,

#### [Commentary:

The different facility requirement above applies to a repeat diagnostic study rendered at a hospital, a hospital off-site premise or an *ICHSC*.]

- ii. where the previous study was rendered at an *ICHSC* and the repeat diagnostic study is rendered at a different *ICHSC* (the “different facility”) than the *ICHSC* where the preceding study was rendered (the “first facility”), neither the owner nor the operator of the different facility is, at the time the repeat study is rendered, an associate of the owner or operator of the first facility, where “associate” has the same meaning as in the *Integrated Community Health Services Centres Act, 2023*; or
  - b. for one or more of the following purposes, after pre-study assessment by a physician practicing sleep medicine:
    - i. re-evaluation of a previous negative or inconclusive diagnostic sleep study as indicated by persistent or progressive symptoms;
    - ii. re-evaluation, other than primarily for Positive Airway Pressure therapy (PAP) adjustment, of patients previously diagnosed with a primary sleep disorder in which there has been symptom development suggesting another co-morbid sleep disorder; or
    - iii. re-evaluation of patients with an established diagnosis of a sleep disorder other than a sleep related breathing disorder who have significant symptom progression or non-response to therapy.

#### [Commentary:

1. In the case of patients with previously diagnosed sleep related breathing disorders, although PAP treatment may be adjusted during a repeat study, a repeat study is *not eligible for payment* if rendered primarily for PAP treatment adjustment.
2. Examples of sleep disorders other than a sleep related breathing disorder are Narcolepsy, Idiopathic hypersomnia and Periodic Limb Movement Disorder.]

### Repeat diagnostic study - Level 1

J897 - diagnostic study..... 370.75 97.50

#### Payment rules:

1. Repeat diagnostic studies are limited to one per patient, per facility, per *12-month period* except where prior approval has been given.
2. Repeat diagnostic studies performed in the same facility that performed the initial diagnostic study are *not eligible for payment* in the *12 month period* following an initial diagnostic study except where prior approval has been given.

### Therapeutic study

Except as described in note #3 on page J112, “Therapeutic Study” means a sleep study rendered after pre-study assessment by a physician practicing sleep medicine, for any of the following purposes:

- a. To establish optimal settings for nasal positive airway pressure therapy (CPAP/BiPAP/ASV etc.) and/or oxygen therapy for sleep related breathing disorders;

#### **[Commentary:**

Examples of sleep related breathing disorders are obstructive sleep apnea syndrome (OSAS), central sleep apnea syndrome (CSAS), Cheyne-Stokes breathing, complex sleep apnea syndrome, or hypoventilation syndromes.]

- b. To evaluate the response to surgical procedures for the treatment of OSAS;
- c. To determine the efficacy of oral appliance therapy for OSAS;
- d. To evaluate the efficacy of positional therapy for the treatment of OSAS;
- e. To evaluate the efficacy of substantial weight loss for the treatment of OSAS; or
- f. To titrate ventilatory settings for patients with respiratory control disorders, neuromuscular or neurodegenerative diseases.

### Therapeutic study for sleep related breathing disorders - Level 1

J895 - therapeutic study ..... 370.75 97.50

#### Payment rules:

1. There is a limit of one therapeutic study per patient during any two consecutive *12 month periods* except where prior approval has been given.
2. J895 rendered to the same patient during the same 12 - hour period as J896 or J897 is *not eligible for payment*.

#### [Commentary:

Subject to the prior approval requirements, an additional therapeutic study in excess of the above limits may be payable when necessary to evaluate a change in the treatment modality for a sleep related breathing disorder.]

#### Note:

1. For payment purposes, repeat diagnostic studies or therapeutic studies for indications or in circumstances other than listed above, or in excess of the limits set out above require prior approval.
2. A repeat diagnostic study rendered without the required pre-study assessment by a physician practicing sleep medicine, is *not eligible for payment*.
3. A therapeutic study rendered without a pre-study assessment by a physician practicing sleep medicine is *not eligible for payment* except:
  - a. For the therapeutic study that immediately follows an initial diagnostic or repeat diagnostic study where:
    - i. the time interval is such that it is unlikely the clinical circumstances of the patient has changed; and
    - ii. the physician practicing sleep medicine has previously assessed the patient and documented the applicable decisions with respect to the performance of the therapeutic study; or
  - b. In exceptional circumstances where the physician can demonstrate to the ministry upon request that the CPSO standards are satisfied with the use of a clinical protocol or approved medical directive.

#### [Commentary:

1. An example of an exceptional circumstance may be where a patient is required to travel a long distance to a sleep facility and requires an initial diagnostic or repeat diagnostic study followed by a therapeutic study on a subsequent night. For payment purposes, a pre-study assessment by a physician practicing sleep medicine is not required provided the therapeutic study is rendered in accordance with a clinical protocol or medical directive that has been approved by an authority other than a physician affiliated with the sleep facility (e.g. a Medical Advisory Committee for a sleep clinic affiliated with a hospital). The physician should be prepared to provide any necessary supporting documentation to the ministry upon request.
2. Prior approval, where required, will typically be dependent on the physician demonstrating that the study is generally accepted as necessary for the patient under the circumstances.
3. Sleep studies that require prior approval also require a pre-study assessment by a physician practicing sleep medicine. It is this assessment upon which the request for prior approval is considered.

### SPECIFIC ELEMENTS

In addition to the *common elements*, most obstetrical services have the same *specific elements* as other services listed elsewhere in the *Schedule*.

Obstetrical Care includes the following kinds of services:

- a. Prenatal visits (major or minor or high risk) and postnatal care in the office are assessments (see General Preamble GP21).
- b. Labour-Delivery services have the *specific elements* of *IOP* Surgical Procedures identified with prefix # (see Surgical Preamble SP1).
- c. Anaesthetic services have the same *specific elements* as other services provided by an anaesthesiologist (see General Preamble GP92).
- d. Postnatal care in hospital/*home* (P007) is the initial assessment of a well patient postpartum with subsequent assessments of the well patient in the hospital or *home* until the patient's first visit to the physician's office. The *specific elements* for each visit are those for assessments (see General Preamble GP21).
- e. Attendance at labour is a service of being in constant or periodic attendance on a patient, during stages one and two of labour but without completion of the delivery, to provide all aspects of care. This includes the initial assessment, and such subsequent assessments as may be indicated, including ongoing monitoring of the patient's conditions, intervening except where intervention is a separately billable service. The *specific elements* are those of assessments (see General Preamble GP21) except element H, but include providing premises, equipment, supplies and personnel for any aspects of the *specific elements* of the service that are performed outside the place in which the encounter(s) with the patient occurs.
- f. Attendance at delivery, *specific elements* as for Surgical Assistants' Services (see General Preamble GP85).

For all other procedures listed in this section the *specific elements* are those of *IOP* surgical procedures identified with prefix # (see Surgical Preamble SP1) except for removal of Shirodkar suture for which the *specific elements* are those for surgical *IOP* procedures not identified with prefix #.

Fee *schedule* codes listed below which do not include providing all premises, equipment and personnel used to perform the *specific elements* of the service are identified with prefix #.

### OTHER TERMS AND DEFINITIONS

1. A prenatal major assessment includes a full history, and an examination of all parts or systems (and *may include* a detailed examination of one or more parts or systems), an appropriate record and advice to the patient. All other prenatal visits include the necessary history, examination, appropriate record and advice to the patient. All prenatal visits (major and minor and high risk) include pregnancy-related counselling as a form of providing advice to the patient or the *patient's representative*.

A prenatal general assessment is payable after another general assessment only if the reason for the first assessment does not pertain to the establishment of the antenatal care.

Normal (uncomplicated) prenatal care includes a prenatal general assessment visit, then *monthly* visits to 28 *weeks*, followed by visits every 2nd *week* to 36 weeks, then weekly visits until delivery. However, complicated pregnancies may require additional visits. Labour, delivery and postpartum care are listed separately.

2. If an uncomplicated obstetrical patient is transferred from one physician to another physician for obstetrical care, the appropriate assessment benefit may be claimed by the second physician, followed by prenatal visits. This statement does not apply to physicians substituting for each other or when the second physician sees the patient for the first time in labour. If the obstetrical patient is referred to a consultant for obstetrical care because of the complexity, obscurity or seriousness of the case, the consultant may claim a consultation in addition to the prenatal visits.
3. Illnesses resulting from or associated with pregnancy or false labour requiring added *home* or hospital visits, shall be claimed on a per visit basis.
4. When a pregnant patient visits her physician for a condition unrelated to her pregnancy and apart from her routine *scheduled* prenatal visits, the physician may claim the appropriate assessment.
5. Fee *schedule* codes in this section are subject to the provisions of the Surgical Preamble where applicable.
6. An assessment is payable for illness resulting from, or associated with, pregnancy or false labour even if the patient progresses to delivery within the next two days. This does not apply to patients who are assessed in the first stage of labour and admitted, or are transferred, to the delivery room from the antenatal floor in labour.
7. The listings under the heading Referred Services may be claimed by the consultant physician in addition to the appropriate consultation or visit fee. They may not be claimed by physicians providing obstetrical care to their own patients.
8. If a consultant is requested by another physician to perform a surgical induction of labour, or emergency removal of a Shirodkar suture (except at delivery) assuming someone else has inserted the suture, the consultant should claim a consultation fee for this(these) service(s).
9. Medical induction or stimulation of labour may be claimed once per pregnancy by any one physician and only when carried out for a recognized obstetrical complication(s). The fee listed is applicable regardless of the time spent by the physician, therefore, detention may not be claimed.

## PREAMBLE

10. The listings for “Attendance at labour and delivery” and for “Attendance of obstetric consultant(s) at delivery” may not be claimed by any physician when a patient is transferred to a second physician for normal obstetrical care.
11. Ordinary immediate care of the *newborn* is included in the labour-delivery fee and when the service is rendered by the anaesthetist, it is included in the anaesthetic benefit. A life threatening emergency situation requiring active resuscitation of the *newborn* provided by any physician may be claimed under codes G521, G522, G523. When indicated, endotracheal intubation and tracheo-bronchial toilet should be billed under G211 and not as G521, G522, G523.
12. When an obstetrician routinely transfers all *newborns* to another physician, the latter may not claim a consultation for these *transfers*. If the baby is well, the physician should claim *newborn* care in hospital plus attendance at maternal delivery (H007/H267) if this service is provided. If the baby is sick, the physician may claim a general assessment and attendance at maternal delivery (H007/H267) if this service is provided plus daily visits for as long as his/her services are required.
13. If an obstetrician who normally cares for *newborns* him/herself or transfers the care of newborns to a family physician, refers a *newborn* to a paediatrician because of the complexity, obscurity or seriousness of the case, the latter may claim for this service according to the following guidelines:
  - a. If attendance at maternal delivery is provided, C263 may be claimed in addition to H267 if a general assessment of the baby is carried out. A postnatal consultation of the baby, (C265) may not be claimed in addition to attendance at maternal delivery (H267).
  - b. If attendance at maternal delivery (H267) is not provided, a postnatal consultation (C265) may be claimed, if rendered, whether or not a prenatal consultation has already been claimed.
14. Physicians may claim for assisted breech delivery (P020) when the service includes spontaneous delivery to the umbilicus, with extraction of the shoulders, arms and head.
15. See General Preamble GP104 for After Hours Premiums.
16. If claims are being submitted in coded form, the obstetrician should add the suffix “A” to the listed procedural code, the assistant should add the suffix “B” to the listed procedural code, and the anaesthetist should add the suffix “C” to the listed procedural code.

P003 General assessment (major prenatal visit) ..... 80.35

### Antenatal preventative health assessment

The service rendered by the *most responsible physician* for conducting the initial review of antenatal risk. The review must examine all current psychosocial, genetic and medical issues affecting antenatal risk and must be documented in writing in the patient's permanent medical record. Maximum once per pregnancy. P005 rendered same patient same day same physician as any other consultation or visit except P003 and P004 is an insured service payable at nil.

P005 Antenatal preventative health assessment..... 47.70

P004 Minor prenatal assessment ..... 38.15

### High risk prenatal assessment

A high risk prenatal assessment is an assessment by a maternal-fetal medicine *specialist* requiring a minimum of 20 minutes in direct contact with the patient for the management of a documented significant maternal and/or fetal risk factor(s) where the mother and/or fetus are at significant risk for serious complications during the pregnancy.

P002 High risk prenatal assessment ..... 74.70

#### Medical record requirements:

The service is eligible for payment only if start and stop times of the service are recorded in the patient's permanent medical record.

### Medical management of early pregnancy - initial service

Medical management of early pregnancy - initial service when a physician renders an initial assessment and administration of cytotoxic medication(s) for the termination of early pregnancy or missed abortion. The cost of the drug(s) is not included in the fee for the service.

A920 Medical management of early pregnancy - initial service ..... 161.15

#### Payment rules:

Services described as consultations, assessments or counselling (and those procedures that are generally accepted components of this service) are *not eligible for payment* when rendered the same day to the same patient by the same physician as A920.

### Medical management of ectopic pregnancy – initial service

Medical Management of ectopic pregnancy – initial service when a physician renders an initial assessment and administration of cytotoxic medication(s) for the termination of an ectopic pregnancy. The cost of the drug(s) is not included in the fee for the service.

A922 Medical management of ectopic pregnancy - initial service .... 207.80

#### Payment rules:

Services described as consultations, assessments or counselling (and those procedures that are generally accepted components of this service) are *not eligible for payment* when rendered the same day to the same patient by the same physician as A922.

#### [Commentary:

As with all insured services, A920 and A922 must be provided in accordance with professional standards - such as those published by the Society of Obstetricians and Gynaecologists of Canada.]

### Medical management of early or ectopic pregnancy - follow-up visit

Medical management of early or ectopic pregnancy - follow-up visit is for a visit that is a follow-up of A920 or A922, whether rendered by the same physician who rendered the A920 or A922 service or by another physician.

A921 Medical management of early or ectopic pregnancy - follow-up visit ..... 36.85

#### Payment rules:

1. Services described as consultations, assessments or counselling (and those procedures that are generally accepted components of this service) are *not eligible for payment* when rendered the same day to the same patient by the same physician as A921.
2. A921 is limited to two per patient per pregnancy. Services in excess of this limit will be adjusted to another assessment fee.

P001 Medical management of non-viable fetus or intra-uterine fetal demise between 14 and 20 weeks gestation ..... 399.00

#### Payment rules:

1. P001 is *only eligible for payment* if the length of gestation is confirmed by ultrasound.
2. Services described as consultations, assessments or counselling (and those procedures that are generally accepted components of this service, including cervical ripening and oxytocin infusion if rendered) are *not eligible for payment* when rendered the same day to the same patient by the same physician as P001.
3. Z774 is eligible for payment in addition to P001 if uterine curettage is required for postpartum hemorrhage due to retained products.

#### [Commentary:

P001 is only payable for the active medical management of the patient. It is not payable when the fetus delivers spontaneously prior to initiating intervention.]

### SPECIFIC ELEMENTS

In addition to the *common elements*, all surgical services include the following *specific elements*.

- A. Supervising the preparation of and/or preparing the patient for the procedure(s).
- B. Performing the procedure(s), by any method, or assisting another physician in the performance of the procedure and carrying out appropriate recovery room procedures, being responsible for the transfer of the patient to the recovery room, ongoing monitoring and detention during the immediate post-operative and recovery period.
- C. Making arrangements for any related assessments or procedures, including obtaining any specimens from the patient and interpreting the results where appropriate.
- D. Where indicated, making or supervising the making of arrangements for follow-up care, and post-procedure monitoring of the patient's condition, including intervening, until the first post-operative visit.
- E. Discussion with, providing any advice and information, including prescribing therapy, to the patient or *patient's representative*, whether by telephone or otherwise, on matters related to the service.
- F. Providing premises, equipment, supplies and personnel for the *specific elements*:
  - a. for services not identified with prefix #, for all elements; or
  - b. for services identified with prefix #, for any aspect(s) of A, C, D and E that is(are) performed in a place other than the place in which the surgical procedure(s) is performed.

### SURGICAL SERVICES WHICH ARE NOT LISTED AS A "Z" CODE

In addition to the above, the fee for this service includes the following:

#### 1. Pre-operative Care and Visits

Pre-operative hospital visits which take place 1 or 2 days prior to surgery.

#### 2. Post-operative Care and Visits

Post-operative care and visits associated with the procedure for up to two *weeks* post-operatively, and making arrangements for discharge, to a hospital in-patient except for:

- a. the first and second post-operative visits in hospital (payable at the specialty specific subsequent visit fee); and
- b. subsequent visit by the *Most Responsible Physician (MRP)* - day of discharge (C124).

The *specific elements* for pre- and post-operative visits are those for assessments.

#### [Commentary:

For surgical services not listed with a "Z" code, C122 or C123 (subsequent visit by the *MRP* - day following, or second day following the hospital admission assessment) and C142 or C143 (first and second subsequent visits by the *MRP* following transfer from an Intensive Care Area/ Neonatal Intensive Care) are *not eligible for payment* to the surgeon for visits rendered either 1 or 2 days prior to surgery or in the first two *weeks* following surgery.]

# SURGICAL PREAMBLE

## PREAMBLE

### OTHER TERMS AND DEFINITIONS

**FOR DEFINITION OF THE ROLE OF THE SURGICAL ASSISTANT - SEE GENERAL PREAMBLE GP85.**

**FOR DEFINITION OF THE ROLES OF THE ANAESTHESIOLOGIST - SEE GENERAL PREAMBLE GP92.**

With the exception of the listings in the “Consultations and Visits” section, all references to surgeon in this *Schedule* are references to any physician performing the surgical procedure.

1. If the surgeon is required to perform a service(s) not usually associated with the original surgical procedure, he/she may claim for these on a fee-for-service basis.

If special visits to hospital are required at any time post-operatively, the surgeon may claim the minimum special visit premiums even if the basic hospital visit fees may not be claimed (under these circumstances the hospital visits should be claimed on an N/C (\$00.00) basis).

The surgical benefit as noted above does not include the major pre-operative visit - i.e. the consultation or assessment fee which may be claimed when the decision to operate is made and the operation is *scheduled*, regardless of the time interval between the major pre-operative visit and surgery.

The hospital or day care admission assessment (consultation, repeat consultation, general or specific assessment or re-assessment, partial assessment) may not be claimed by the surgeon unless it happens to be the major pre-operative visit as defined above.

Routine subsequent hospital visits may be claimed for visits rendered more than two days prior to surgery. Other visits (excluding admission assessments) prior to admission may be claimed for in addition to the surgical fee.

Because the number of hospital visits is limited to three per *week* after the fifth *week* of hospitalization and six per *month* after the thirteenth *week* of hospitalization, the starting point for calculating the number of hospital visits is based on the date of admission if the operating surgeon has admitted the patient or the date of *referral* if the patient has been referred to the operating surgeon while in hospital.

The listed benefit for a procedure normally includes repair of any iatrogenic complications occurring during the course of the surgery performed by the same surgeon. Other major interventions should be handled on an individual basis. The surgical benefit includes the generally accepted surgical components of the procedure.

2. When a physician makes a special visit to perform a non-elective surgical procedure, he/she may claim the following benefits for procedures commencing:
  - a. 07:00h -17:00h - Monday to Friday  
A consultation (if the case is referred) or the appropriate assessment, the appropriate special visit premium plus the procedural benefit.
  - b. 17:00h - 07:00h - Any night or on Saturdays/Sundays or *Holidays*  
A consultation or assessment, the appropriate special visit premium, the procedural benefit plus the surgical premium E409 or E410.

(see General Preamble GP65 to GP78 and GP104).

# SURGICAL PREAMBLE

## PREAMBLE

3. When more than one procedure is carried out by a surgeon under the same anaesthesia or within 14 days during the same hospitalization for the same condition, the full benefit applies to the major procedure and 85% of the listed benefit(s) applies to the other procedure(s) performed unless otherwise stated in the Preamble(s) or *Schedule*. The above statement applies to staged or bilateral procedures but does not apply when a normal appendix or simple ovarian or para-ovarian cyst is removed incidentally during an operation, for which no claim should be made.
4. When a subsequent operation becomes necessary for the same condition because of a complication or for a new condition, the full benefit should apply for each procedure.
5. When a subsequent non-elective procedure is done for a new condition by the same surgeon, the full benefit will apply to each procedure. When a subsequent elective procedure is done for a different condition within 14 days during the same hospitalization by the same surgeon, the benefit for the lesser procedure shall be reduced by 15%.
6. When different operative procedures are done by two different surgeons under the same anaesthesia for different conditions, the benefit will be 100% of the listed benefit for each condition. Under these circumstances, the basic assistant's benefit should not be claimed by either operating surgeon; however time units may be claimed.
7. As a general rule, when elective bilateral procedures are performed by two surgeons at the same time, one surgeon should claim for the surgical procedures and the other surgeon should claim the assistant's benefit.
8. Where two surgeons are working together in surgery in which neither a team fee nor other method of billing is set out in the benefit *schedule*, the surgeon should identify him/herself as the operating surgeon and claim accordingly; the surgeon who is assisting the operating surgeon should identify him/herself as such and claim the assistant's benefit.

Where the second or assistant surgeon is brought into the case on a consultation basis, he/she may, when indicated, claim a consultation as well but should be prepared to justify it on an IC basis.

Except where otherwise provided in this *Schedule*, if the nature or complexity of a procedure requires more than one operating surgeon, each providing a separate service in his/her own specialized field, e.g. one surgeon carries out the ablative part and another surgeon the reconstructive part of the procedure, then each surgeon should claim the listed benefit for his/her services. This statement applies when the additional procedure(s) are not the usual components of the main procedure. If one surgeon, in addition to performing a specialized portion of a procedure, acts as an assistant during the remainder of the procedure, he/she may also claim time units for assisting.

When surgical procedures are rendered to trauma patients who have an Injury Severity Score (ISS) of greater than 15 for individuals age 16 or more, or an Injury Severity Score (ISS) of greater than 12 for individuals less than age 16, and it is required that two surgeons perform components of the same procedure, the full surgical fee for that procedure is payable to each surgeon.

### **[Commentary:**

The full surgical fee is payable to each surgeon for surgical procedures rendered either on the day of the trauma or within 24 hours of the trauma.]

# SURGICAL PREAMBLE

## PREAMBLE

9. Unless otherwise stated, the listed benefits are for unilateral procedures only.
10. When a procedure is performed, a procedural benefit, if listed, should be claimed. Substitution of consultation and/or visit benefits for procedural benefits (except as in paragraph 11), is not in keeping with the intent of the benefit *schedule*.
11. When a surgical benefit (non-*IOP*, Complete Care, Fracture or Dislocation) is less than the surgical consultation benefit, and the case is referred, a physician may claim a surgical consultation benefit instead of the surgical benefit. However, to avoid the consultation being counted as such under the Ministry of Health limitation rules on the number of consultations allowed per year, the physician should claim the consultation fee under the surgical procedure nomenclature or code. Since the consultation is replacing a procedural benefit which includes the pre- and post-operative and surgical care, no additional claims beyond the consultation should be made.
12. If a physician performs a minor surgical procedure and during the same visit assesses and treats the patient for another completely unrelated and significant problem involving another body system, the physician should claim for the procedure as well as the appropriate assessment.
13. Where a procedure is listed with a "Z" code, the procedure is an "*Independent Operative Procedure (IOP)*". If the major pre-operative visit is rendered in the previous *12-month period* prior to the *IOP* service by the same physician, only the following assessment services are eligible for payment on the same day prior to the *IOP* service:
  - a. a minor assessment if rendered by a General and Family Physician; or
  - b. a partial assessment if rendered by a *specialist*.

When the major preoperative assessment is rendered on the same day as the *IOP*, no other consultation or assessment is eligible for payment if rendered prior to the *IOP* service by the same physician on the same day.

When multiple or bilateral *IOP* are performed at the same time by the same physician, the listed procedural benefits should be claimed in full but the pre- and post-operative benefits should be claimed as if only one procedure had been performed.

When an *IOP* service is rendered on the same day as a non-*IOP* service by the same physician, the terms and conditions for payment as described in the 'Surgical Services which are not listed as a "Z" code' section of this *Schedule* are also applicable to the *IOP* service(s).
14. When procedures are specifically listed under Surgical Procedures, surgeons should use these listings rather than applying one of the plastic surgery listed fees under Skin and Subcutaneous Tissue in the Integumentary System Surgical Procedures section of this *Schedule*.
15. For excision of tumours not specifically listed in this *Schedule*, claims should be made on an IC basis (code R993). Independent Consideration also will be given (under code R990) to claims for other unusual but generally accepted surgical procedures which are not listed specifically in the *Schedule* (excluding non-major variations of listed procedures). In submitting claims, physicians should relate the service rendered to comparable listed procedures in terms of scope and difficulty (see General Preamble GP12).

# SURGICAL PREAMBLE

## PREAMBLE

16. **Cosmetic or esthetic surgery:** means a service to enhance appearance without being medically necessary. These services are not insured benefits (see Appendix D.)
17. **Reconstructive surgery:** is surgery to improve appearance and/or function to any area altered by disease, trauma or congenital deformity. Although surgery solely to restore appearance may be included in this definition under certain limited conditions, emotional, psychological or psychiatric grounds normally are not considered sufficient additional reason for coverage of such surgery. Appendix D of this *Schedule* describes the conditions under which surgery for alteration of appearance only may be a benefit. Physicians should submit requests to their regional *OHIP* Office for authorization of any proposed surgery which may fall outside of Ministry of Health coverage. (See Appendix D.)
18. Additional claims for biopsies performed when a surgeon is operating in the abdominal or thoracic cavity will be given Independent Consideration.
19. When a listed procedure is performed and no anaesthetic is required, the procedure should be claimed under the “local anaesthetic” listing.
20. Except as described in the paragraph below, when a physician administers an anaesthetic, nerve block and/or other medication prior to, during, immediately after or otherwise in conjunction with a diagnostic, therapeutic or surgical procedure which the physician performs on the same patient, the administration of the anaesthetic, nerve block and/or other medication is *not eligible for payment*.

A major or minor peripheral nerve block, major plexus block, neuraxial injection (*with or without* catheter) or intrapleural block (*with or without* catheter) for post-operative pain control (with a duration of action more than 4 hours) is eligible for payment as G224 when rendered in conjunction with a procedure which the physician performs on the same patient.

**[Commentary:**

For additional information, refer to the Nerve Blocks - Acute Pain Management, Nerve Blocks - Interventional Pain Injections or Nerve Blocks - Peripheral/Other sections of the *Schedule*.]

21. If claims are being submitted in coded form, the surgeon should add the suffix A to the listed procedural code, the surgical assistant should add the suffix B to the listed procedural code and the anaesthetist should add the suffix C to the listed procedural code.
22. When Z222/Z223 is claimed for a patient for whom the physician submits a claim for rendering another insured service on the same day, the amount payable for Z222/Z223 is reduced to nil.
23. When a surgical procedure is attempted laparoscopically in the digestive system or the female genital system, but requires conversion to a laparotomy, unless otherwise specified, the diagnostic laparoscopic fee E860 is payable in addition to the procedural fee.

### 24. Morbidly obese patients

E676 is eligible for payment once per patient per physician in addition to the amount eligible for payment for the major surgical procedure(s) where a morbidly obese patient undergoes major surgery to the neck, thorax, peritoneal cavity, retroperitoneum, pelvis, or hip and:

- a. the patient has a *Body Mass Index (BMI)* greater than 40 for major surgery on the thorax, peritoneal cavity, retroperitoneum, pelvis, or hip, or a BMI greater than 45 for major surgery on the neck;
- b. the surgery is rendered under *general anaesthesia* using either an open technique for the neck, thorax, or hip, or an open or laparoscopic technique for the peritoneal cavity, pelvis, retroperitoneum; and
- c. the principal surgical technique is neither aspiration, core or fine needle biopsy, dilation, endoscopy, mediastinoscopy, thoracoscopy, cautery, ablation nor catheterization.

E676A	Morbidly obese patient, surgeon, to procedural fee(s)..... add	25%
E676B	Morbidly obese patient, surgical assistant, to major procedure add	6 units

#### Note:

E676A/B is only payable with the following procedures: D043, D046, D047, D052, E090, E499, E500, E589, E593, E626, E627, E655, E664, E673, E686, E697, E704, E706, E707, E708, E709, E711, E712, E713, E714, E718, E721, E722, E725, E728, E729, E731, E733, E734, E735, E736, E737, E738, E739, E743, E745, E748, E752, E754, E756, E757, E762, E764, E765, E766, E767, E768, E769, E771, E794, E796, E852, E853, E854, E855, E857, E860, E880, E882, E883, E884, E885, F098, F099, F100, F101, F135, M081, M082, M084, M090, M099, M100, M142, M143, M144, P018, P041, P042, P050, P055, P056, P057, P058, P059, P060, R216, R241, R269, R330, R423, R439, R440, R443, R470, R481, R488, R491, R553, R569, R590, R627, R628, R639, R686, R783, R784, R785, R786, R800, R802, R803, R805, R806, R807, R811, R814, R815, R817, R823, R825, R826, R834, R839, R852, R855, R856, R858, R860, R861, R910, R877, R885, R905, R915, R932, R933, R934, R935, R936, R937, S089, S090, S114, S115, S116, S117, S118, S120, S121, S122, S123, S124, S125, S128, S129, S131, S132, S133, S134, S137, S138, S139, S140, S149, S150, S154, S157, S158, S159, S160, S162, S164, S165, S166, S167, S168, S169, S170, S171, S172, S173, S175, S176, S177, S180, S182, S183, S184, S185, S187, S188, S189, S191, S192, S193, S194, S195, S196, S197, S199, S204, S207, S213, S214, S215, S217, S218, S222, S227, S265, S266, S267, S269, S270, S271, S274, S275, S276, S278, S280, S281, S282, S285, S287, S291, S292, S294, S295, S297, S298, S299, S300, S301, S302, S303, S304, S305, S306, S307, S308, S309, S310, S311, S312, S313, S314, S315, S318, S319, S321, S323, S325, S329, S332, S340, S342, S343, S344, S345, S402, S403, S405, S408, S410, S411, S412, S413, S415, S416, S420, S422, S423, S424, S427, S428, S430, S431, S432, S433, S434, S435, S436, S437, S438, S440, S441, S445, S446, S447, S448, S449, S450, S451, S452, S453, S454, S455, S457, S460, S461, S462, S465, S466, S467, S468, S471, S482, S483, S488, S490, S491, S512, S513, S546, S549, S561, S590, S647, S650, S651, S652, S653, S710, S714, S727, S728, S729, S731, S733, S735, S736, S738, S739, S740, S741, S743, S745, S747, S748, S750, S751, S757, S758, S759, S760, S761, S763, S764, S766, S775, S776, S778, S780, S781, S782, S784, S788, S789, S790, S792, S793, S795, S798, S799, S800, S813, Z526, Z552, Z553, Z564, Z569, Z577, Z594, Z737, Z738

# SURGICAL PREAMBLE

## PREAMBLE

### Medical record requirements:

E676 is *only eligible for payment* when the BMI is recorded in the patient's permanent medical record.

### [Commentary:

E676 is *not eligible for payment* if the surgery is rendered under local anaesthesia.]

## 25. Lysis of extensive intra-abdominal adhesions and/or scarring e.g. post radiation

E673 is payable to the surgeon in addition to the fee for the major intra-abdominal procedure only when lysis requires at least 60 minutes beyond the average duration of the major procedure. E673 less than 60 minutes in duration or rendered in conjunction with E718 is an insured service payable at nil.

# E673 Lysis of extensive intra-abdominal adhesions ..... add 62.05

26. Payment for all surgical procedures includes payment for any intraoperative monitoring of the patient, if rendered.

## 27. Cancelled surgery – surgical services

- a. If the procedure is cancelled prior to induction of anaesthesia, the service constitutes a subsequent hospital visit.
- b. When an anaesthetic has begun but the operation is cancelled due to a complication prior to commencement of surgery and the surgeon has scrubbed but is not required to do anything further, the service constitutes E006A and the amount payable is calculated by adding the time units to 6 basic units and multiplying by the surgical assistant's unit fee.
- c. If the operation is cancelled after surgery has commenced but prior to its completion, the service is *eligible for payment* under independent consideration (R990).

### [Commentary:

Submit claim for R990 by adding the time units to the listed procedural basic units and multiplying by the surgical assistant's unit fee and attach a copy of the operative report for review by a *medical consultant*.]

### Note:

For the purpose of cancelled surgery, time units for the surgeon are calculated in the same way as time units for the surgical assistant (see General Preamble GP85).

## 28. Bariatric surgery

S120 (gastric bypass or partition), S189 (intestinal bypass) and S114 (sleeve gastrectomy) are insured services only when all of the following four criteria are satisfied:

1. Presence of morbid obesity that has persisted for at least the preceding 2 years, defined as:
  - a. *Body mass index (BMI)* exceeding 40; or
  - b. BMI greater than 35 in conjunction with any of the following severe co-morbidities:
    - i. Coronary heart disease;
    - ii. Diabetes mellitus;
    - iii. Clinically significant obstructive sleep apnea (i.e. patient meets the criteria for treatment of obstructive sleep apnea); or

# SURGICAL PREAMBLE

## PREAMBLE

- iv. Medically refractory hypertension (blood pressure greater than 140 mmHg systolic and/or 90 mmHg diastolic despite optimal medical management);
2. The patient's bone growth is completed (18 years of age or documentation of completion of bone growth);
3. The patient has attempted weight loss in the past without successful long-term weight reduction; and
4. The patient must be recommended for the surgery by a multidisciplinary team at a Regional Assessment and Treatment Centre in Ontario.

### 29. Transplant surgery

#### **Claims submission instructions:**

**Transplant recipient:** Submit claims using the transplant recipient's Ontario health insurance number only.

If the recipient is from out-of-province, submit claims using the recipient's provincial health insurance number.

**Transplant donor:** Submit claims using the transplant donor's Ontario health insurance number.

For a donor with a health insurance number from another province or for a donor from another country, submit claims using the Ontario recipient's health insurance number.

In circumstances where the donor is an Ontario resident but the health insurance number cannot be obtained despite reasonable efforts to do so, use the recipient's Ontario health insurance number.

### MOHS MICROGRAPHIC SURGERY

#### Definition/Required elements of service

Mohs micrographic surgery is eligible for payment when rendered for a lesion that is a histologically confirmed cutaneous malignancy (including basal cell carcinoma, squamous cell carcinoma, malignant melanoma, lentigo maligna, dermatofibrosarcoma protuberans, sebaceous carcinoma, microcystic adnexal carcinoma, atypical fibroxanthoma, Merkel cell carcinoma, eccrine carcinoma, extramammary Paget's disease, leiomyosarcoma and primary cutaneous adenocarcinoma); and that meets one or more of the following conditions:

- a. a lesion with clinical margins greater than 1.5 cm;
- b. a lesion located in an anatomically sensitive area, in particular but not limited to the periocular, perinasal, perilabial, and periauricular surfaces, or the nose;
- c. a recurrent malignancy that has not responded to prior therapy;
- d. a malignant lesion in a patient with immunodeficiency or genodermatoses predisposing to widespread skin cancers, such as basal cell nevus syndrome;
- e. a histologically aggressive lesion (such as a basal cell carcinoma that is sclerosing, infiltrative, baso-squamous, or micronodular, or a squamous cell carcinoma that is poorly differentiated, or demonstrates peri-neural/lymphatic/vascular involvement) at any anatomic site.

# R081	- Initial cut, including debulking.....	6	315.45	7
# E524	- one or more additional cuts, to R081 .....		273.45	

#### Note:

- 1.R081 and E524 are eligible for payment only to physicians with generally accepted specialized training in Mohs surgery.

#### [Commentary:

An example of generally accepted specialized training is the successful completion of a fellowship accredited by the American College of Mohs Surgery.]

- 1.R081 is eligible for payment only when the preparation of slides is rendered or supervised by the physician claiming R081 and all microscopic tissue sections are personally reviewed and interpreted by the physician claiming R081. If a pathologist interprets or submits a claim for analyzing histological slides prepared by the physician claiming R081, R081 and E524 are *not eligible for payment*.

#### [Commentary:

In these circumstances, the physician should instead claim the appropriate fee code for excising a malignant skin lesion.]

- 2.Closure of the resulting defect by undermining and advancement flaps is included in the above fees. If more complicated closure is necessary, the service may be eligible for payment using fee codes under skin flaps and grafts.

#### Payment rules:

- 1.R081 is eligible for payment once per lesion including when excision of the lesion is completed over two or more days up to two weeks.

3. R081 *with or without* E524 is eligible for payment at 85% for a second lesion excised by Mohs surgery on the same patient on the same day. Submit a claim for three or more lesions for Independent Consideration with an operative report describing the indications for the surgery and the necessity for multiple procedures.
4. R081 *with or without* E524 may be eligible for payment on an Independent Consideration (IC) basis for a lesion that is histologically aggressive but not specified in the definition.

- a. the physician performs a minimum of 10 minutes of debridement; and
- b. the service is *rendered personally by the physician*.

2. Suture of laceration (Z154, Z175, Z176, Z177, Z179, Z190, Z191, Z192), and complex laceration repair (Z187, Z188, Z189) services are *not eligible for payment* with wound and ulcer debridement services.

3. All wound and ulcer debridement services include the application of any necessary dressing if rendered.

### [Commentary:

Debridement of wound(s) or ulcer(s) must be performed personally by the physician. Wound dressings may be performed by the physician or by others delegated to perform wound dressings where such delegation is authorized in accordance with the *Schedule* requirements for delegated services. See page GP62 of the General Preamble of this *Schedule*.]

### Note:

Wound dressing and wound and debridement services are not payable in addition to any surgical procedure unless complications require such care in excess of the usual post-operative care.

### Medical record requirements:

Wound or ulcer debridement services are *only eligible for payment* where:

1. the minimum time requirements involved in the debridement of the wound(s) or ulcer(s) are documented in the patient's permanent medical record; and
2. Documentation supporting the debridement of each separate lesion for which a claim is made is found in the medical record.

### Burns

#### Note:

For burn care the following definitions apply:

Total Body Surface Area (TBSA) as calculated using the "rule of nines" or the Lund-Browder chart.

Young - a person 9 years of age and younger.

*Adult* - a person from 10 years up to, and including, 50 years of age.

Old - a person 51 years of age and older.

### Minor Burn

- a. less than 10% TBSA burn in *adult*
- b. less than 5% TBSA burn in young or old
- c. less than 2% TBSA full thickness burn - any age

### Moderate Burn

- a. 10 to 20 % TBSA burn in *adult*
- b. 5 to 10 % TBSA burn in young or old
- c. 2 to 5 % TBSA full thickness burn - any age
- d. the following regardless of TBSA or age of patient:
  - i. high-voltage injury
  - ii. suspected inhalation injury
  - iii. circumferential burn
  - iv. concomitant medical problem predisposing to infection (e.g. diabetes, sickle cell disease)

### Major Burn

- a. more than 20% TBSA burn in *adult*
- b. more than 10% TBSA burn in young or old
- c. more than 5% TBSA full-thickness burn - any age
- d. the following regardless of TBSA or age of patient:
  - i. high voltage burn
  - ii. known inhalation injury
  - iii. any deep partial and/or full thickness burn to face, eyes, ears, genitalia, hands, feet or joints
  - iv. significant associated injuries (e.g. fracture or major trauma)

#### Note:

### **Resuscitation - Major Burn, Initial Care**

These fees apply to the service of being in constant or periodic attendance following a major burn, to provide all aspects of resuscitation to the patient. This follows the initial assessment, and includes such subsequent assessments as may be indicated. The *specific elements* are those of an assessment, including ongoing monitoring of the patient's condition, and intervening as appropriate (see General Preamble GP15). Instead of element H, the assessment includes, providing premises, equipment, supplies and personnel for any aspects of the *specific elements* that is(are) performed in a place other than the place in which the assessment is performed. Separately billable interventions may be claimed in addition to these fees.

### Complex laceration repair

#### Face

A complex laceration repair of the face is a repair that requires a minimum of 20 minutes of time to perform the repair procedure and at least one of the following:

- a.anatomical alignment of the vermilion border, eyebrow, eyelid or pinna;
- b.closure of three or more layers (muscle sheath, subcutaneous tissue, skin etc.); or
- c.ligation of multiple bleeding vessels.

------	--	-------

**Note:**

1. Other repair fee codes are *not eligible for payment* in addition to Z189 for the same zone 1 injury.
2. For digit tip amputations or a zone 1 injury with soft tissue loss that would require advancement, graft or other surgical method of closure, see specific listings for surgical repair in the Integumentary System or Musculoskeletal System Surgical Procedures sections of this *Schedule*.

**Payment rules:**

1. Wound and ulcer debridement services, Z128, Z129, and Z114 are *not eligible for payment* in addition to Z187, Z188 or Z189 for the same repair.
2. Z187, Z188, and Z189 include removal of any foreign bodies in the wound, irrigation and debridement when rendered.
3. Plastic Surgery Procedure services (i.e. R150, R151, R152, R153 and R154) are *not eligible for payment* for any laceration repair.

**Medical record requirements:**

Z187, Z188, and Z189 are *only eligible for payment* where the minimum time requirements involved in the repair service are documented in the patient's permanent medical record. The time requirement includes time to perform the repair exclusive of time spent rendering any other separately billable service.

### PLASTIC SURGERY PROCEDURES

#### [Commentary:

The setting of benefits covering the various procedures of plastic surgery is a very difficult problem. Since many procedures are divided into stages which have to be considered in assessing a fee, it is felt that all such plastic surgical procedures should be classed by the responsible *specialist* as very minor, intermediate, major or extensive major. Benefits should be claimed according to procedures set forth in the tariff, except in cases which are difficult to define, in which case "I.C" should be the basis of the claim.]

The minimum benefit for each would be as follows:

# R150	Very minor.....		92.30	6
# R151	Minor.....	6	140.25	6
# R152	Intermediate.....	6	259.20	7

# R154	Extensive major .....	6	568.95	6

#### Note:

- 1.Descriptive details of procedure (e.g. operative report) should be submitted with claims for codes R150 - R154 for professional assessment.
- 2.Taking of skin by a surgeon for grafting by an Oral Surgeon - claim as R150.
- 3.R150, R151, R152, R153, and R154 are *not eligible for payment* for the repair of any laceration(s). See repair of laceration services in the Integumentary System Surgical Procedures section of this *Schedule*.

## PREAMBLE

- A. Corrective splints must be corrective to qualify for a benefit as such. The corrective splint listings are not applicable to simple immobilization such as with a Jones bandage or metal finger splint following soft tissue injury.
- B. The removal of a wire or pin or other device when used for traction or external fixation (except for rigid external fixators) in the treatment of a fracture or other orthopaedic procedure is to be included in the procedural fee (unless otherwise stated in the *Schedule*) unless a general anaesthetic is required, in which case a fee may be claimed. Removal of devices used for internal fixation more than 30 days after insertion may be claimed for in addition to the procedural benefit.
- C. The benefit for total joint replacement also includes denervation of the joint, all tenotomies and division and repair of muscle.
- D. The benefit for obtaining a bone graft is not to be claimed in cases of pseudoarthrosis repair, fusions or for listings in which bone grafting is included.
- E. For the supervision of limb fitting and 6 *months* post-operative care following amputation, claim visit fees. Amputation with immediate fitting to include supervision of final limb fitting, add 40% (E586).

### Note:

Reconstruction or Arthroplasty Procedures: If other procedures are claimed, same joint, same time, e.g. debridement, synovectomy, tendon release etc., the *Medical Consultant* will assess the surgeon's claim.

# E554 - synovectomy requiring a minimum of 30 minutes to resect,

..... add 175.00

### Payment rules:

Synovectomy codes other than E554 are *not eligible for payment* when rendered in addition to the codes listed above.

## FRACTURES AND DISLOCATIONS

1. For fractures or dislocations requiring open or closed reduction or no reduction, the major pre-operative visit, i.e. consultation or appropriate assessment, may be claimed in addition to the listed benefits.
2. **OPEN REDUCTION** shall mean the treatment of a fracture and/or dislocation by either closed intramedullary fixation or by an operative procedure to expose the fracture. The benefits include fixation by internal or external devices.
3. **CLOSED REDUCTION** shall mean the reduction of a fracture or dislocation by non-operative methods (including traction).
4. **NO REDUCTION** shall mean the treatment of a fracture or dislocation by any other method and includes the use of the initial external support other than a simple splint. No reduction, rigid immobilization, means that the device used to achieve a rigid immobilization is custom-molded and is applied by the physician. In cases involving no reduction, application of a simple splint, such as a metal splint, is not billable as rigid immobilization (visit fees only apply).

# MUSCULOSKELETAL SYSTEM SURGICAL PROCEDURES

## PREAMBLE

5. The service includes all related follow-up treatment by the physician for 2 *weeks* from the date of treatment of the fracture or dislocation except:
  - a. for the first and second post-treatment visits to a hospital in-patient;
  - b. for the subsequent visit by the *MRP* - day of discharge (C124);
  - c. for the first post-treatment visit when the patient is no longer a hospital in-patient;
  - d. if additional reductions are necessary;
  - e. if the patient is transferred to another surgeon; or
  - f. if the patient is a paraplegic.

### [Commentary:

The first and second post-treatment visits in hospital for 2 *weeks* from the date of treatment of the fracture or dislocation are payable at the specialty specific subsequent visit fee.]

6. In multiple fractures or dislocations, the benefit for the major fracture or dislocation shall be 100% and the benefit for the other fractures or dislocations is 85%. When no procedural benefit is applicable, but that fracture or dislocation necessitates hospitalization or concurrent care over that demanded by the major injury, a visit benefit may be claimed in addition to other procedural benefits.
7. For repeat reductions (closed or open) for the same fracture or dislocation, the full benefit should be claimed for the final reduction and after care; previous reductions by the same surgeon should be claimed at 85%.
8. Emergency splinting of fractures in the emergency department should be on the basis of appropriate visit benefit, plus application of cast if appropriate.
9. Transferred cases:
  - a. When patients are transferred to a chronic or convalescent facility, additional visit benefits on a chronic care basis shall be allowed to other than the operating surgeon (and also to the surgeon after 2 *weeks*).
  - b. When patients are transferred to another physician for after care of fractures and dislocations treated by closed or no reduction, the physician rendering the initial care should claim 75% of the listed fee and the surgeon rendering subsequent care should claim visit fees except where otherwise specified. In cases involving open reduction, the percentage should be 80% for the surgeon providing the initial care.
  - c. In cases where the original physician's attempts to reduce a fracture or dislocation under *general anaesthesia* is unsuccessful, and the patient is referred to another physician for definitive care, the original physician should claim 75% of the listed fee.
10. Pseudoarthrosis repair/reconstruction is only payable when a fracture requires additional reconstruction because of inadequate healing at least 4 *months* following the original injury. Pseudoarthrosis repair/reconstruction includes bone graft, debridement, osteotomy and internal or external fixation other than the use of an intramedullary nail with distal and proximal locking screws, or circular external fixation if performed.
11. For fractures and dislocations not requiring reduction, visit fees apply unless a specific fee is listed. If the listed fee is less than the consultation, the consultation should be claimed under the fracture/dislocation fee code number.

### ORTHOPAEDIC TUMOUR SURGERY

R226 Biopsy of suspected sarcoma, or resection of a complex bone or complex soft tissue tumour(s), per 15 minutes .....	10	100.00	15
---	----	--------	----

#### Payment rules:

1. R226 is eligible for payment only to an oncological orthopaedic surgeon with fellowship training in orthopaedic oncology. Documentation of fellowship training must be provided to the ministry prior to submitting a claim for R226.

#### [Commentary:

Surgeons eligible to claim R226 will typically be working within a multidisciplinary sarcoma subspecialty group.]

2. R226 is a time based service. Except when rendering the services of a surgical assistant, time calculation for the purpose of R226A includes all resection and reconstruction components of the procedure rendered by the physician claiming R226A.

#### [Commentary:

For any period of time that a surgeon claiming R226A renders the services of an assistant, the time spent assisting constitutes surgical assist time and is *not eligible for payment* as time for the purpose of R226A.]

3. Biopsy of suspected sarcoma, or resection of a complex bone or complex soft tissue tumour(s) is *not eligible for payment* as R226 when rendered in conjunction with another procedure(s) by the same surgeon when the biopsy or tumour resection is not the major procedure.

#### [Commentary:

In these circumstances (payment rule 3), use the appropriate fee code listing in the *Schedule* under biopsy or excision of bone or soft tissue.]

4. R226 is eligible for payment for complex tumour resection by amputation only when the tumour resected is malignant.

#### [Commentary:

For other tumour resection by amputation, use the appropriate fee code listing in the *Schedule* under amputation.]

5. If the nature, complexity and/or length of the procedure require(s) two oncological orthopaedic surgeons to render components of the same procedure simultaneously or sequentially, R226A is eligible for payment to each surgeon.

#### Claims submission instructions:

Submit R226A claims for a second surgeon using the manual review indicator and accompanied by operative report.

#### [Commentary:

In accordance with the Surgical Preamble, if a surgeon who is not an oncological orthopaedic surgeon renders a specialized component of the procedure (eg reconstructive flaps or grafts), the surgeon should claim the appropriate fee code(s) from the *Schedule* for the service(s) rendered.]

#### Payment rules:

- Excision of fascia for Dupuytren's (R551, E832) is only insured for patients who demonstrate at least one of the following physical signs:
  - Metacarpophalangeal (MCP) joint flexion contractures of 30 degrees or more.
  - Interphalangeal (IP) joint flexion contracture of any degree.
  - Adduction contractures of the interdigital web spaces with significant functional impairment.
  - Recurrence of Dupuytren's disease, defined as any recurrent flexion contracture of the MCP or IP joints following prior interventional treatment (e.g., fasciotomy/fasciectomy).
  - Significant functional impairment with any degree of contracture at the MCP or IP joints.
- R551 is not payable for treatment of Dupuytren's by aponeurotomy.
- A maximum of one R551 is eligible for payment per limb, per day.

#### Note:

- Services listed under "Skin Flaps and Grafts" are *not eligible for payment* with R549 or R551.

### ARTHROSCOPY

#### Degenerative Diseases of the Knee

# R687 Knee arthroscopy set-up, degenerative disease of the knee. Includes when rendered for synovial biopsy and/or resection or trimming of plica .....	6	97.35	7
--	---	-------	---

#### Non-Degenerative Disorders of the Knee or Acutely Locked Knee

# R699 Knee arthroscopy set-up, non-degenerative disorders of the knee or acutely locked knee. Includes when rendered for synovial biopsy and/or resection or trimming of plica .....	6	97.35	7
---	---	-------	---

#### Payment rules:

1. A knee procedure listed in the Knee section of the *Schedule* performed arthroscopically is eligible for payment in addition to R687 or R699 if that procedure is not described as a component of R699 or described by an E-add-on code to R699.
2. Arthroscopic E-add-on codes listed below are *not eligible for payment* in addition to R687 or R699 when the service described by the E-code is a generally accepted component of a procedure described in Payment Rule #1.
3. E476 is *not eligible for payment* with R687 or R699 unless there is:
  - a. evidence of an intra-articular loose body causing mechanical symptoms; or
  - b. a symptomatic loose screw.
4. E-codes from the arthroscopy section other than E494, E495 and E476 are *not eligible for payment* with R687.
5. Except where prior approval has been given by a *MOH medical consultant*, E494 and E495 are *not eligible for payment* with R687 unless all of the following criteria are met:
  - a. Kellgren-Lawrence knee osteoarthritis grade less than 3 as documented on standing knee x-rays performed within the last 12 *months*; and
  - b. Unstable chondral pathology or meniscal tear causing mechanical symptoms which have not responded to a minimum of six *months* active non-surgical treatment.
6. R687 is eligible for payment in all patients with degenerative disease when a diagnostic arthroscopy is required prior to or in conjunction with reconstructive proximal tibial or distal femoral osteotomy.

#### [Commentary:

1. R687 is an *uninsured service* for any of the following:
  - a. arthroscopic lavage of the knee alone (without debridement) for osteoarthritis;
  - b. when the criteria in payment rule 5 are not met and no other arthroscopic E-add-on codes are medically necessary; or
  - c. when prior approval of R687 and E494 or E495 is denied by the ministry.
2. Arthroscopic lavage of the knee alone (without debridement) is not recommended for any stage of osteoarthritis.
3. The routine use of debridement for treatment of osteoarthritis of the knee is not recommended by the Ontario Health Technology Advisory Committee (OHTAC). See <http://www.hqontario.ca/evidence/publications-and-ohdac-recommendations/ohdas-reports-and-ohdac-recommendations/arthroscopic-lavage-and-debridement>.

4. Prior approval may be granted for E494 or E495 in patients with Kellgren-Lawrence grade 3 or 4 osteoarthritis (see Kohn MD, Sassoon AA, Fernando ND. Classifications in brief: Kellgren-Lawrence classification of osteoarthritis. Clin Orthop Relat Res. 2016 Aug; 474(8):1886-93) if the clinical record supports:

- a. Significant functional impairment caused by an unstable articular chondral flap or degenerative meniscal tear which has not responded to a minimum of six *months* active non-surgical treatment; and
- b. the patient is not a current candidate for knee realignment or arthroplasty.]

# E476 Removal of symptomatic loose body(ies) and/or screw ... add 192.00

**Note:**

Removal of iatrogenic loose body(ies) is *not eligible for payment*.

# E494 Debridement (degenerative cartilage) – substantial debridement of 1 or more focal flaps of unstable degenerative articular cartilage causing mechanical symptoms, includes when rendered for synovectomy, meniscal trimming and/or chondroplasty ..... add 299.00

# E498 Debridement (trauma) - substantial debridement of 1 or more focal flaps of unstable post-traumatic articular cartilage causing mechanical symptoms, includes when rendered for synovectomy, meniscal trimming and/or chondroplasty add 299.00

**Payment rules:**

1. E492 is *not eligible for payment* in addition to E494 or E498.
2. E498 is *not eligible for payment* with R687 or E494.
3. E494 or E498 are *not eligible for payment* for the debridement of cartilage flaps for the purpose of surgical visualization alone.

**[Commentary:**

When E494 or E495 are claimed with R687, or E498 is claimed with R699 it is recommended that the intra-articular pathology be documented with pre- and post-procedural photographic images taken during arthroscopy which are archived in the permanent medical record where possible.]

### Varicose veins involving the long and/or short saphenous vein(s)

Surgical services (ligation/stripping) for the treatment of varicose veins involving the long saphenous and/or short saphenous vein(s) are only insured when all of the following conditions are met:

1. There is incompetence (i.e. reflux) at the saphenofemoral junction or saphenopopliteal junction that is documented by Doppler or duplex ultrasound scanning;
2. The patient has failed a trial of conservative management of at least three *months* duration; and
3. The patient has at least one of the conditions described in either a. or b. below:
  - a. One or more of the following signs of chronic venous insufficiency:
    - i. Eczema;
    - ii. Pigmentation;
    - iii. Lipodermatosclerosis;
    - iv. Ulceration
  - b. Varicosities that result in one or more of the following:
    - i. Ulceration secondary to venous stasis;
    - ii. One or more significant hemorrhages from a ruptured superficial varicosity;
    - iii. Two or more episodes of minor hemorrhage from a ruptured superficial varicosity;
    - iv. Recurrent superficial thrombophlebitis;
    - v. Stasis dermatitis;
    - vi. Varicose eczema;
    - vii. Lipodermosclerosis;
    - viii. Unremitting edema or intractable pain interfering with activities of daily living and requiring chronic analgesic medication.
1. Conservative management includes analgesics and prescription gradient support compression stockings.
2. Significant hemorrhage refers to a hemorrhage related to varicose veins that requires iron therapy or transfusion.]

### Payment rules:

Cystoscopy (Z606) is *not eligible for payment* with S815 unless the cystoscopy is rendered for suspicion of disease.

## Combined Abdominal-Vaginal Procedure for Stress Incontinence (Sling Procedure)

### [Commentary:

Combined abdominal vaginal sling procedures are indicated for the management of stress incontinence or genital prolapse, particularly following previous failed anti-incontinence procedures of any kind, or a very large cystocele. The procedure usually entails entry into the space of Retzius through an abdominal approach (open or laparoscopic) in conjunction with an anterior vaginal dissection (*with or without* cystoscopy) following which the sling material (autologous, synthetic or xenograft) is passed through the perineal membrane, placed under appropriate tension at the bladder neck, and sutured to Cooper's ligament bilaterally.]

### Payment rules:

1. Anti-prolapse procedures or other anti-incontinence procedures are *not eligible for payment* when rendered with combined abdominal-vaginal procedures for stress incontinence (sling procedures).
2. Cystoscopy (Z606) is *not eligible for payment* with combined abdominal-vaginal procedures for stress incontinence (sling procedures) unless the cystoscopy is rendered for suspicion of disease.

### [Commentary:

Those procedures listed under the titles "Following one previous failed procedure" or "Following two or more previously failed procedures" are eligible for payment following failure of the appropriate number of any listed procedure.]

## PREAMBLE

### [Commentary:

The structure of this section uses “N” prefix codes to describe the basic elements of spine surgery: decompression and arthrodesis (fusion), both anterior and posterior. Specific “E” prefix codes can be added where indicated to determine the amount payable for a particular operation. In accordance with the surgical preamble, the full fee applies to the major procedure and additional “N” prefix procedures are payable in addition to the major procedure at 85% of the fee unless otherwise stated.]

## OTHER TERMS AND DEFINITIONS

1. The preamble to the Musculoskeletal System Surgical Procedures section also applies to this section as applicable (e.g. fractures).
2. Fusion of one disc level (one motion segment) includes two levels of instrumentation.
3. Obtaining bone for grafting is included as a component of all fusion procedures and is *not eligible for payment* when performed with any fusion procedure.
4. Thoracotomy performed in conjunction with spinal procedures by a surgeon not performing the spinal surgery constitutes M137 (P13).
5. Laparotomy performed in conjunction with spinal procedures by a surgeon not performing the spinal surgery constitutes S312 (S34).
6. Three-dimensional (3D) computer-assisted stereotactic navigation (E378) must include the pre-operative or intra-operative generation of axial, sagittal and coronal reformatted images that are processed and virtually represented in 3D by a surgical navigational system. In addition, the surgical navigational system must be used to reflect the position of an image-guided (tracked) surgical tool(s) relative to the patient's anatomy. This may be performed by either frame or frameless technique and applies to any spinal level.
7. Two-dimensional (2D) computer-assisted stereotactic navigation (E379) must include the intra-operative generation of antero-posterior, lateral or multiple oblique 2D views that are processed and virtually represented in 2D by a surgical navigational system. In addition, the surgical navigational system must be used to reflect the position of an image-guided (tracked) surgical tool(s) relative to the patient's anatomy. This may be performed by either frame or frameless technique and applies to any spinal level.

### Note:

The use of an intra-operative imaging tool such as a portable x-ray, fluoroscope (2D or 3D), CT, MRI or ultrasound for "live" localization without a surgical navigational system as defined above does not constitute E378 or E379 and is *not eligible for payment*.

8. Acute spinal cord injury premium (E383) is *only eligible for payment* when rendered to patients who are described under ASIA impairment scale ratings A to C and have acute conditions which have been present for 6 weeks or less.

## ASIA IMPAIRMENT SCALE

- A. Complete - No motor or sensory function is preserved in the sacral segments S4-S5.
- B. Incomplete - Sensory but not motor function is preserved below the neurological level and extends though the sacral segments S4-S5.

# SPINAL SURGICAL PROCEDURES

## PREAMBLE

- C. Incomplete - Motor function is preserved below the neurological level, and the majority of key muscles below the neurological level have a muscle grade less than 3.
- 9. Use of the operating microscope, both intra and extradural, when required, is included as a component of all spinal fee *schedule* codes and is *not eligible for payment* when rendered with any procedure in this section.

## **BENEFITS OUTSIDE ONTARIO**

See Sections 28 and 29 of Regulation 552 of Revised Regulations of Ontario, 1990 made under the *Health Insurance Act* for payment of physicians services outside the country.

## **INTERPROVINCIAL RECIPROCAL BILLING OF MEDICAL CLAIMS**

On April 1, 1988, a reciprocal billing arrangement for insured medical claims came into effect between Ontario and all provinces and territories except Quebec.

The arrangement allows Ontario physicians who voluntarily participate to bill the Ministry of Health directly for services rendered to eligible Canadian residents other than residents covered by the Quebec Plan.

Participating physicians will receive payment at the Ministry of Health *Schedule of Benefits* rates and must accept the payment as payment in full. The agreement includes services rendered by private medical laboratories and private diagnostic facilities but does not include diagnostic services rendered in a hospital setting. (See Bulletin #4210).

Physicians who do not wish to participate, or who are unable to obtain proof of provincial health coverage, must deal with the patient directly issuing an itemized letterhead account or using the standard Out-of-Province/Country Claims Submission Form.

A distinct claim form is available from Ministry of Health Offices for participants in the inter-provincial reciprocal medical billing system. The Ministry of Health also accepts billings for these services on various magnetic media types. Further details can be obtained from any Ministry of Health office.

## **BENEFITS OUTSIDE CANADA**

Prior approval from the Ministry of Health is required for payment for services rendered outside of Canada in connection with an illness, disease, condition or injury that:

- a. is not acute and unexpected, requiring immediate treatment; or
- b. does not arise outside of Canada.

## PREAMBLE

1. Surgery to alleviate significant physical symptoms, which have not responded to a minimum of six *months* active treatment, or to restore or improve function to any area altered by disease, trauma or congenital deformity normally is an insured service.
2. Services rendered by physicians that are solely for the purpose of alteration or restoration of appearance are not an insured service except under circumstances as listed in the following policy:
  - a. Emotional, psychological or psychiatric grounds are not considered sufficient reason for the coverage of surgery for alteration of appearance except under exceptional circumstances.
  - b. Surgery to alter a non-symptomatic significant defect in appearance caused by disease, trauma, or congenital deformity may be allowed on an Independent Consideration basis, on request of the operating physician provided that it is
    - i. Recommended by a Mental Health Facility (as designated by The *Mental Hospitals Act*) or equivalent, or
    - ii. Performed on a patient who is less than 18 years of age and the defect is in the area of the body which normally and usually would not be clothed.
3. In establishing this policy, it has been recognized that
  - a. Peer acceptance in our society often is influenced disproportionately by facial appearance.
  - b. *Children* are especially susceptible to emotional trauma caused by physical appearances.
4. Surgery to revise or remove features of physical appearance which are familial in nature and do not interfere with function is not an insured service.
5. Within the context of this policy, the word “disease” does not include the normal sequelae of aging. Surgery to alter changes in appearances caused by aging is not an insured service.
6. Within the context of this policy, the word “trauma” includes trauma due to treatment such as surgery, radiation, etc.
7. The phrase “reasonable period of convalescence” should be considered as two years. Independent consideration will be given to the questionable cases.
8. Prior authorization from the Ministry of Health is not required for all surgery to alter appearance. It is required only for those categories of procedures in which some cases may not be an insured service.
9. Suitable documentation, with the exception of photographs, may be requested in some cases before prior authorization can be considered.
10. The treatment of acute medical or surgical complications resulting from surgery for alteration of appearance and/or function is an insured service whether or not the original surgery was covered by the Ministry of Health. No prior authorization is required.
11. Revision, because of undesirable results, of a surgery, which was originally performed for alteration of appearance, is an insured service only if the original surgery was an insured service and if the revision either is part of a pre-planned staged process or occurs within a reasonable period of convalescence. Prior authorization is required only when the original surgical procedure, if it had been carried out at the time of the proposed revision, would have required such authorization.

# APPENDIX D

## SURFACE PATHOLOGY

### 1. Trauma Scars

#### a. Neck or Face:

- i. Includes ears and non-hair bearing areas of the scalp.
- ii. Repair of all such scars is an insured service, except for scars resulting from previous surgery to alter appearance that was not originally an insured service.
- iii. Repair procedures will depend upon the lesion but *may include* excision, revision, dermabrasion, etc.
- iv. Rhytidectomy procedures for cosmetic reasons, however, are not insured services.
- v. Prior authorization from the Ministry of Health for repair of trauma scars to the face or neck is not required.

#### b. Scars in other Anatomical Areas

- i. Repair of scars which interfere with function or which are significantly symptomatic (pain, ulceration, etc.) is an insured service.
- ii. Scars with no significant symptoms or functional interference
  - Repair is an insured service if such a repair is part of a pre-planned post-traumatic (including post-surgical) staged process. Notification to the Ministry of Health must be included as part of the planning process.
  - Other post-traumatic scar revision is not an insured service.
  - Scar revision should not be claimed when excision of a scar is the method of gaining access to the surgical site of the major procedure.
    - Prior authorization from the Ministry of Health is required for all scar repair procedures in areas other than the face or neck. Scar revision codes should be used (e.g. R026-R029).

### 2. Keloids

#### a. Head or Neck

- i. The repair of all such keloids is an insured service.
- ii. Repair procedures *may include* excision, injection, dermabrasion or planning.
- iii. Prior authorization is not required.

#### b. Excision of keloids in other areas

- i. Not an insured service unless significantly symptomatic (pain, ulceration, etc.) or there is functional impairment.
- ii. Prior authorization from the Ministry of Health is required.

### 3. Tattoos

Excision or destruction of tattoos resulting from sexual or ritual abuse, concentration camp or prisoner of war experience is an insured service. Excision or destruction of any other tattoos, irrespective of the anatomical area, is not an insured service.

# APPENDIX D

## SURFACE PATHOLOGY

### 4. Benign Lesions such as nevi, haemangioma, keratoses, neurofibromata

#### Note:

1. Any lesions (e.g. keratosis, nevi) removed for cosmetic purposes and not for any clinical suspicion of disease or malignancy must be billed to the patient.
2. Incision of comedones, acne pustules and milia are not insured services.

#### a. Face or Neck

- i. Excision or destruction of these lesions is an insured service, where there is any suspicion of disease or malignancy.
- ii. Destruction of any Port Wine Stain on the face or neck is an insured service.
- iii. Prior authorization is not required.

#### b. Other Anatomical Areas

- i. Normally not an insured service if removed for alteration of appearance only, rather than for medical necessity or because of clinical suspicion or evidence of malignancy.
- ii. Removal of very large lesions that would be considered disfiguring in patients of any age may be an insured service. Prior authorization from the Ministry of Health is required.
- iii. Prior authorization from the Ministry of Health is required.

### 5. Hair Loss

#### a. Head or Neck

- i. Patients aged 17 and below
  - Repair is an insured service for non-hereditary etiologies. Prior authorization is not required.
  - If it is possible that a planned staged procedure will extend beyond the age of 17, prior authorization from the Ministry of Health is required for those services rendered beyond the age of 17.
- ii. Post-traumatic
  - Repair to the area of traumatic hair loss is an insured service only if carried out within a reasonable period of convalescence. (see Paragraph 7 of this Appendix).
  - Prior authorization from the Ministry of Health is required.
  - Usual repair procedures *may include* skin shifts or flaps, skin grafts, or hair plugs.
- iii. Other Etiology - not an insured service.

#### b. Other Anatomical Areas - not an insured service.

### 6. Epilation of Hair - not an insured service.

### 7. Redundant Skin

- a. Excision of redundant skin for elimination of wrinkles, etc. is not an insured service.
- b. Blepharoplasty is an insured service only if a vertical visual field defect crosses the fixation point and is caused by redundant eyelid. Prior authorization from the Ministry of Health is required. A computer-generated visual field report and interpretative report must accompany the request for prior authorization.

# APPENDIX D

## SURFACE PATHOLOGY

### 8. Warts

- a. Removal or treatment of warts is not an insured service subject to (b) and (c) below.
- b. Removal or treatment of warts by any listed procedure is an insured service in the case of plantar warts, perianal and genital warts and all warts in immunocompromised patients. Prior authorization is not required.
- c. Removal or treatment of warts by any listed procedure is an insured service in the case of warts on the head or neck of an *infant* or *child*. Prior authorization is not required.

### 9. Chalazions

Excision of chalazions is insured only for acute eyelid inflammation, induction of astigmatism, visual field defects or suspicion of malignancy.

### 10. Acne Lesions and Scars

Assessment of patients with acne, including the provision of prescriptions for oral and topical medications, is an insured service. Destruction or repair of acute acne lesions or chronic acne scars by any surgical or physical procedure (e.g. incision, excision, injections, dermabrasion, grafting, chemical peel, cryotherapy, laser, etc.) is not an insured service.

### 11. Congenital Deformities

- a. Head or Neck
  - i. Repair of a congenital deformity, which interferes with function, is an insured service. Prior authorization from the Ministry of Health is required.
  - ii. Surgery to correct "Outstanding Ears" is only an insured service in patients who are under eighteen years of age. Prior authorization is not required.
- b. Other Anatomical Areas
  - i. Repair of a congenital deformity, which interferes with function, is an insured service.
  - ii. Insertion of testicular prosthesis for congenital absence of one or both testes is an insured service. Prior authorization is not required.

### 12. Post-Traumatic Deformities

- a. Reconstructive procedures are insured services at the acute stage; within two years, or if part of a pre-planned staged process of repair.
- b. Reconstructive procedures *may include* bone revision, tissue shifts and grafts, prosthesis implantation etc.
- c. Prior authorization from the Ministry of Health is required for repairs beyond the acute stage.
- d. Insertion of testicular prosthesis is an insured service when performed at any time subsequent to an orchidectomy procedure. Prior authorization is not required.

# APPENDIX D

## SURFACE PATHOLOGY

### 13. Deformities resulting from local disease (such as loss or distortion of bone, muscle, connective tissue, adipose tissue, etc.)

#### a. Head or Neck

- i. Reconstructive procedures for significant abnormalities are an insured service at the acute stage, during a chronic disease process: within a reasonable period of convalescence (see Paragraph 7 of this Appendix) or if part of a planned staged process of repair initiated during one of these periods.
- ii. Repair procedures normally *may include* tissue grafts, flaps or shifts, bone revision, prosthesis insertion, etc.
- iii. Face lifts, modified face lifts, brow lifts, etc., are not insured services if skin only is involved in the procedure. However, a repair such as ptosis repair or face-lift with underlying slings is an insured service if the procedure is to correct significant deformity following stroke, cancer, seventh nerve palsy etc.
- iv. Prior authorization from the Ministry of Health is required.

#### b. Other Anatomical Areas

- i. Not an insured service if the correction is for appearance only.
- ii. Correction of severe deformity resulting from polio or neurological disease will be considered for payment.
- iii. Insertion of testicular prosthesis is an insured service. Prior authorization is not required.

# APPENDIX D

## SUB-SURFACE PATHOLOGY

### 14. Breast Surgery

#### a. Post-mastectomy breast reconstruction

See listed services for payment requirements related to post-mastectomy breast reconstruction.

#### **[Commentary:**

1. Unilateral augmentation mammoplasty in association with post-mastectomy reconstruction of the contralateral breast is an insured service.
2. Unilateral reduction mammoplasty in association with post-mastectomy reconstruction of the contralateral breast is an insured service.
3. Prior authorization of payment is not required for balancing unilateral augmentation mammoplasty or balancing reduction mammoplasty in association with post-mastectomy breast reconstruction.]

#### b. Augmentation mammoplasty (other than post-mastectomy breast reconstruction)

- i. Augmentation mammoplasty when performed for reasons other than post-mastectomy breast reconstruction of the contralateral breast is only insured for the following conditions and when prior authorization of payment is obtained from the Ministry of Health:
  - a. breast aplasia;
  - b. severe unilateral hypoplasia of the breast; or
  - c. gross disproportion.
- ii. Only a unilateral procedure (i.e. augmentation or reduction mammoplasty) is insured when performed solely for gross disproportion.

#### **[Commentary:**

Augmentation mammoplasty services are subject to Paragraph (b) of Section 17 of Appendix D of this *Schedule*.]

#### c. Reduction Mammoplasty (other than post-mastectomy breast reconstruction)

- i. Reduction mammoplasty when performed for reasons other than post-mastectomy breast reconstruction of the contralateral breast is only insured for the following conditions and when prior authorization of payment is obtained from the Ministry of Health:
  - a. significant associated symptomatology; or
  - b. gross disproportion.
- ii. Only a unilateral procedure (i.e. augmentation or reduction mammoplasty) is insured when performed solely for gross disproportion.

#### **[Commentary:**

Ptosis and/or size alone are not sufficient grounds for coverage of reduction mammoplasty.]

#### d. Accessory breasts or accessory nipples

- i. Excision of accessory breast and nipple tissue is an insured service.

# APPENDIX D

## SUB-SURFACE PATHOLOGY

### [Commentary:

The listed service under Skin and Subcutaneous Tissue of the Integumentary System Surgical Procedures section of this *Schedule* that best describes the procedure performed should be used for excision of accessory breast tissue and/or accessory nipples.

- ii. Prior authorization of payment is not required.

### 15. Septorhinoplasty

This is an insured service when the rhinoplasty component is necessary to obtain an adequate airway or; for persons aged 16 years and under, at the time of trauma and for whom the rhinoplasty is completed, or is part of a preplanned staged repair which is commenced, at any time following trauma and prior to the age of 19 years; or, for persons aged 17 years and older at the time of trauma and for whom the rhinoplasty is completed, or is part of a preplanned staged repair which is commenced, within 2 years following trauma. (see Paragraph 6 of this Appendix).

In cases where a septoplasty is necessary to improve function and a rhinoplasty is done for cosmetic purposes, the Ministry of Health will pay the part of the operation that was medically necessary (e.g. if a septorhinoplasty is performed and a septoplasty was necessary to improve the airway, the Ministry of Health will pay M012 and the surgeon is entitled to claim the difference from the patient). However, if a septorhinoplasty is approved by the Ministry, no extra charge may be made to the patient.

Prior authorization from the Ministry of Health is required. A description of the external deformity should be provided.

### 16. Excision of excess fatty tissue and/or skin

- a. Panniculectomy is only insured in the following circumstances and when prior authorization of payment is obtained from the *MOH*:
  - i. where there is significant associated symptomatology related to the pannus;
  - ii. where the pannus extends to a level below the pubis symphysis; and
  - iii. where the patient's weight has been stable for a minimum of 6 *months* when panniculectomy is requested in relation to weight loss.
- b. Excision of excess fatty tissue and/or skin other than for panniculectomy is not an insured service.

### [Commentary:

Examples of significant clinical symptomatology include significant pain, chronic skin breakdown, and recurrent cellulitis and/or ulcers.]

### 17. Sex-Reassignment Surgery

Sex-reassignment surgical procedures listed in this section are insured services when prior authorization has been obtained from the *MOH*.

A request for prior authorization must be completed by a physician or nurse practitioner.

# APPENDIX D

## SUB-SURFACE PATHOLOGY

### PART A – SUPPORTING DOCUMENTATION NECESSARY FOR A REQUEST FOR PRIOR AUTHORIZATION FOR SURGERY:

A prior authorization request must include supporting assessment(s) that recommend surgery; the assessment must be completed by a provider trained in the assessment, diagnosis, and treatment of gender dysphoria in accordance with the World Professional Association for Transgendered Health (WPATH) Standards of Care that are in place at the time of the recommendation (“appropriately trained provider”).

Supporting assessments recommending surgery may be provided by an appropriately trained:

1. Physician;
2. Nurse Practitioner;
3. Registered Nurse;
4. Psychologist; or
5. Registered social worker

in accordance with the requirements of Part B below.

#### [Commentary:

1. A provider must be able to provide documentation of their training in the assessment, diagnosis and treatment of gender dysphoria on request by the *MOH*.
2. The physician or nurse practitioner submitting a request for prior authorization may also be one of the providers who provides a supporting assessment.]

#### Note:

“Registered social worker” refers to a social worker who has a master’s degree in social work and who holds a current certificate of registration from the Ontario College of Social Workers and Social Service Workers.

### PART B – SPECIFIC REQUIREMENTS FOR APPROVAL:

Prior authorization for sex-reassignment surgery will only be provided when the following requirements have been met and only for the specific services listed:

1. External Genital Surgery (clitoral release, glansplasty, metoidioplasty, penile implant, phalloplasty, scrotoplasty, testicular implants, urethroplasty, vaginectomy, penectomy, vaginoplasty)
  - a. Two supporting assessments from appropriately trained providers confirming that the patient is an appropriate candidate for surgery as follows:
    - i. One assessment from a physician or nurse practitioner; and
    - ii. One assessment from a different physician, different nurse practitioner, registered nurse, psychologist, or regulated social worker; and
  - b. The supporting assessments confirm that the insured person meets all of the following criteria:
    - i. Has a diagnosis of persistent gender dysphoria;
    - ii. Has completed twelve (12) continuous *months* of hormone therapy (unless hormones are contraindicated);
    - iii. Has completed twelve (12) continuous *months* of living in a gender role that is congruent with their gender identity; and
    - iv. Is recommended for surgery.

# APPENDIX D

## SUB-SURFACE PATHOLOGY

### 2. Hysterectomy, Salpingo-oophorectomy, Orchiectomy

- a. Two supporting assessments from appropriately trained providers confirming the patient is an appropriate candidate for surgery as follows:
  - i. One assessment from a physician or nurse practitioner; and
  - ii. One assessment from a different physician, a different nurse practitioner, registered nurse, psychologist or regulated social worker; and
- b. The supporting assessments confirm that the insured person has:
  - i. a diagnosis of persistent gender dysphoria; and
  - ii. has completed twelve (12) continuous *months* of hormone therapy (unless hormones are contraindicated).

### 3. Mastectomy

- a. One supporting assessment from an appropriately trained provider who is a physician or nurse practitioner confirming the patient is an appropriate candidate for surgery; and
- b. The assessment confirms that the insured person has diagnosis of persistent gender dysphoria.

### 4. Augmentation Mammoplasty

- a. One supporting assessment from an appropriately trained provider who is a physician or nurse practitioner confirming the patient is an appropriate candidate for surgery; and
- b. The assessment confirms that the insured person has:
  - i. a diagnosis of persistent gender dysphoria; and
  - ii. has completed twelve (12) continuous *months* of hormone therapy with no breast enlargement (unless hormones are contraindicated).

## PART C – POST-SURGICAL COMPLICATIONS:

Additional surgery that is required because of complications causing significant physical symptoms or functional impairment is insured when prior authorization has been obtained from the *MOH*.

The prior authorization request must be made by the surgeon proposing the surgery.

### [Commentary:

There are additional requirements for surgical services to be received at a hospital or health facility outside Canada and a separate prior approval of the General Manager of *OHIP* is required. See

[http://www.health.gov.on.ca/en/public/programs/ohip/outofcountry/prior\\_approval.aspx](http://www.health.gov.on.ca/en/public/programs/ohip/outofcountry/prior_approval.aspx) for application process and requirements.]

## 18. Sex-Assignment Surgery

Sex-assignment surgery for persons with congenitally ambiguous genitalia is an insured service. Prior authorization from the Ministry of Health is not required.
